DIRECTOR,  
ALUMNAE ASSOCIATION  
DR. ANGELICA BROOKS

December 4, 2025

Dear Members of Sigma Alpha Iota,

It is with great pride that I come to you as the new Alumnae Association Director for our organization. It is my earnest desire to serve the organization to the best of my ability in this new triennium. I am looking forward to working with our NVP Alumnae Chapters, Siteria Gregory, to serve the interest of the alumnae and create new and exciting opportunities for you to engage with our organization.

My prior work in the organization includes serving on the DEI Committee since its inception, serving on the National Objectives Committee, and most recently I served as the director of the Singing SAIs at National Convention. I've also done a few professional development sessions for the organization on Women in Hip-Hop and Go-Go Music: Sounds of the City.

As your new Alumnae Association Director, I seek your support for the following initiatives:

- Increasing membership in the SAI Alumnae Association by bridging the gap between collegiate and alumnae memberships
- Sharing the work of alumnae chapters and the activities of unaffiliated alumnae members via social media, newsletters, *Tempo!* and all other forms of communication that resonate with our membership
- Intentional inclusion and engagement with unaffiliated alumnae members in the organization
- Representing unaffiliated alumnae, who are members of the Alumnae Association, at the National Convention and shed light on their contributions to the organization

To accomplish these goals, I invite you to engage with me in this important work. As you know, alumnae membership in our organization is vital and gives our members the opportunity to stay more closely connected to SAI throughout their lifetime. However, not all our members currently see that value. This presents an exciting opportunity to get involved by sharing your talents, creativity, and ideas with the organization.

During my term, I want to create ways that we can communicate the value of alumnae membership in a more meaningful way that resonates. We should engage not only current members, but those who are not currently affiliated and potential members looking to affiliate and bring their talents to our organization. I'm hoping to navigate this work with your voice, your ideas, and your support. Together, we can grow our organization by leaps and bounds in membership and in service. Let's get activated!
