# Preface

This is the 2020 edition of the Chapter Procedures Manual.

The NEB is grateful to Janet Nieburg for her willingness to query national officers and directors about new procedures, modern language, and contemporary technology. Many people have worked to shape this manual, and we are still aware that in such a rapidly changing world, it will always need updating.

That is why an online version has been produced, to be carried in the SAI Officer Portal Document Library. You will sometimes see a note in the manual to “check the most current form or procedure by going to the website.” This printed version is for convenience, but always should be supplemented with the latest releases from National Headquarters and the postings in the Officer Portal.

We hope you will find this manual to be a useful and inspiring tool as you carry out the work of Sigma Alpha Iota.

Edited in 2004 by Janet T. Nieburg  
Chairman, National Publications, 1994-2003,  
With the cooperation of the National Executive Board  
and the Board of Sigma Alpha Iota Philanthropies, Inc.  
Subsequent editions updated by the National Executive Board.

## HISTORY AND PURPOSE

**F**ounded in 1903 at the University School of Music in Ann Arbor, Michigan, Sigma Alpha Iota has grown to include over 340 active chapters and more than 117,000 initiated members.

Members include undergraduate and graduate music students, alumnae, professional musicians, and outstanding music patrons. An invitation to membership is an opportunity to join the leaders in the world of music.

Sigma Alpha Iota is an organization that promotes interaction between those who share a commitment to music. Members of SAI are active in all areas of campus and community music and life, working closely with faculty, administration, campus and community groups, music professionals, and patrons. In addition to personal encouragement and support, members may receive scholarships, grants, and awards in many areas and at all levels of music related study. Sigma Alpha Iota has long been recognized as a leader in the field of music and provides a lifetime of fraternity contact.

## THE ARTICLES OF ASSOCIATION AND BYLAWS OF SIGMA ALPHA IOTA

These are the foundation documents of our fraternity.

The Articles of Association formally established Alpha Chapter of Sigma Alpha Iota and incorporated the fraternity under the laws of the State of Michigan. These Articles state the name of the fraternity and its purpose.

The Purpose of this Fraternity (as amended August 5, 1998) shall be:

- ❑ To form chapters of women college students and alumnae who have a sincere interest in music.
- ❑ To uphold the highest standards of music.
- ❑ To further the development of music in America and throughout the world.
- ❑ To give inspiration and encouragement to members.
- ❑ To organize the cultural life of Sigma Alpha Iota members as a contributing factor to their educational growth.
- ❑ To support the ideals and goals of the member's Alma Mater.
- ❑ To adhere to the highest standards of citizenship in school, community, and fraternity life.

The complete Articles of Association can be found on page 1-4, towards the end of the chapter.

The Bylaws are the rules that govern the operation and internal affairs of the fraternity. They are also printed at the end of the chapter, beginning on page 1-7.

---

## THE MISSION STATEMENT AND VISION OF SIGMA ALPHA IOTA

In 2000, the National Executive Board appointed a Strategic Planning Committee, which met for the first time at the National Convention of that year. The Strategic Planning Committee developed a Mission Statement and Vision for the fraternity (available on the SAI website). They are printed on page 1-20.

## An Organization for Women

In 1981 Sigma Alpha Iota received a letter from the United States Department of Education, Assistant Secretary for Civil Rights, confirming that Sigma Alpha Iota is exempt from Title IX, and is permitted to remain an organization for women only. The fraternity status under Title IX has not changed since receipt of that letter.

Should a college or university question this membership status, contact National Headquarters so the Sigma Alpha Iota attorney can send clarification to the school.

---

### PUBLICATIONS

The official magazine of Sigma Alpha Iota is *PAN PIPES*. It is published by Sigma Alpha Iota Philanthropies, Inc., the charitable arm of Sigma Alpha Iota International Music Fraternity. SAI also publishes *Tempo!* Newsletter, the Manual for Members, the SAI Songbook, the Chapter Procedures Manual, the Centennial Songbook Supplement, *Sigma Alpha Iota, A History*, and various brochures.

---

### THE NATIONAL CONVENTION

The governing body of Sigma Alpha Iota is the **National Convention**. It is composed of one delegate from each collegiate and each alumnae chapter, and the members of the National Officers Conference (NOC) who are in attendance.

Conventions are important because they provide opportunities for discussion of fraternity matters and exchange of ideas among delegates from all chapters. They bring a clearer understanding of the fraternity's projects, organizational structure, and duties and responsibilities of officers and members. Inspiration is gained from the direct and immediate contact with the fraternity in the broadest national scope.

**It is the responsibility of each chapter to send a delegate to each national convention.**

Each collegiate chapter is assessed an annual convention fund fee which goes into a national savings account. When certain criteria are met, these funds assist collegiate chapters in sending a delegate to the triennial national convention.

Each alumnae chapter is responsible for the convention expenses of its official delegate.

**A chapter must be in good standing in order for the delegate to be eligible to vote in elections and on any business that comes before the convention.**

---

### THE FRATERNITY OFFICERS

The members of the National Executive Board, Regional Officers, Province Officers, and Fraternity Directors comprise the **National Officers Conference**. The **National Executive Board** (NEB) consists of the elected, appointed and staff National Officers of the fraternity. The NEB directs the policy of the fraternity and transacts fraternity business in the interim of convention. It meets at least annually at the call of the National President to hear reports, act on recommendations, lay plans and guide the fraternity's future, and

authorize the budget. All of the officers of the fraternity except the Executive Director are volunteers. Most have had the opportunity to experience SAI as members of collegiate and alumnae chapters. They have proven dedication to the fraternity through hard work and diligent efforts over many years. These women serve because they understand the intrinsic values found in membership. All officers are readily available to address member concerns and suggestions.

---

## THE NATIONAL EXECUTIVE BOARD OFFICERS

The **National Executive Board** (NEB) consists of elected and appointed officers, who are volunteers, as well as a staff officer. The detailed list is below.

The **elected** National Officers of the fraternity:

- ❑ National President
- ❑ National Vice President, Alumnae Chapters
- ❑ National Vice President, Collegiate Chapters
- ❑ National Vice President, Extension
- ❑ National Vice President, Finance
- ❑ National Vice President, Fraternity Development
- ❑ National Vice President, Ritual and Fraternity Education

The **appointed** National Officer is the Chairman of the Board of Directors, Sigma Alpha Iota Philanthropies, Inc.

The **staff** National Officer is the Executive Director, an SAI member who serves as the administrator of the **National Headquarters**. This is the business office of the fraternity and SAI Philanthropies where records of membership, chapter accounts, archival materials, and publications are administered.

---

## FRATERNITY POLICIES

Through the years the fraternity has adopted a number of official policies. These policies attempt to define participation in the greater musical world or to clarify positions on issues that affect fraternity life. *(See Appendix A for current policies and position statements.)*

# Membership in Sigma Alpha Iota

SAI Chapter Procedures Manual

## INTRODUCTION

**M**embership in Sigma Alpha Iota is a privilege and an honor. Acceptance of this carries the obligation to support the fraternity in all its endeavors, to deal fairly and lovingly with one's sisters, and to be a sincere, loyal friend to all members.

## TYPES OF MEMBERSHIP

The National Bylaws (Article III, Section 2) state that **Collegiate Membership** can be offered to:

**No person who has held membership in Mu Phi Epsilon, Delta Omicron or Phi Beta shall be eligible for any category of membership.** (Bylaw, Article III, Section 1, B.)

**No person shall be eligible for membership who has been accepted to but not initiated by another national music fraternity or sorority within a 12-month period.** (Bylaw Article III, Section 2, A, 2.)

A student who is a “regularly matriculated woman student in an institution where a chapter of this Fraternity is chartered who has demonstrated an interest in music and in the purposes of SAI. Such student shall be enrolled in or have completed one or more courses in music; and shall have met all requirements as outlined in appropriate Fraternity publications.” (*See page 2-2.*)

or

A professional, non-student who is “a woman actively involved in music at the local or national level who has sufficient training to earn their living in the field of music. This member shall be approved by the Province Officer.”

**Alumnae Members** (Article III, Section 3) are persons who have previously been collegiate members. They become alumnae members upon graduation or termination of studies. Non-Student

professional members become alumnae members upon initiation into the Fraternity. (*See “Membership in an Alumnae Chapter” page 2-4.*)

**Patroness Membership** (Article III, Section 4) can be offered by a collegiate or alumnae chapter. It is for women who are patrons and supporters of the arts in their communities. Election to membership is by a two-thirds vote of the collegiate chapter or alumnae chapter.

**Distinguished Membership** (Article IV, Section 5) has four categories:

Member Type	Description
Member Laureate	A collegiate initiated member of the Fraternity who has achieved international distinction in the music profession.
Honorary Member	A woman who has achieved international distinction in the music profession who is not an initiated member of Sigma Alpha Iota. This is inclusive of cisgender women and transgender women, non-binary, and gender nonconforming individuals who are committed to the advancement of women in music. Cisgender describes a person whose gender identity matches their sex assigned at birth. Identities that will not be considered for Honorary Member, regardless of belief in womanhood are cisgender men, described as a person designated male at birth and identifying as a man, and transgender men.
National Arts Associate	A person who is nationally recognized for distinguished contribution to the arts
Friend of the Arts	A person, beyond the undergraduate student level, who is supportive of and actively involved in the arts at a local or regional level.

Although a candidate for SAI membership must not be an initiated member of Delta Omicron, Mu Phi Epsilon, or Phi Beta, members of Phi Mu Alpha Sinfonia may be initiated as Distinguished Members.

## ATTAINING COLLEGIATE MEMBERSHIP

Along with most of the collegiate fraternities and sororities, Sigma Alpha Iota collegiate chapters participate in membership recruitment, membership education, and initiation. A prospective member, undergraduate, graduate, or transfer student, **must have completed one semester as a full-time student at the school where they are being considered for membership**, must have a minimum GPA of 2.5 (individual chapters may set the minimum up to 2.9), depending on local chapter bylaws, and must be enrolled in or have completed one or more collegiate courses in music.

**No 1<sup>st</sup> semester freshmen or transfer students!**

Membership recruitment is the means by which members present the fraternity to prospective members and explain all of the obligations and privileges of membership. Please refer to the Chapter 12, Building Chapter Membership, for suggestions on successful recruitment.

If a Sigma Alpha Iota chapter is located at an institution that has other music organizations (e.g., Delta Omicron, Kappa Kappa Psi/Tau Beta Sigma, Phi Mu Alpha Sinfonia, Mu Phi Epsilon), the two or more fraternities should establish a campus interfraternity music council (CIMC) that will coordinate how and when recruitment can take place. The bylaws for this council should be based on the Model Bylaws provided by the National Interfraternity Music Council (NIMC) of which SAI is a member. These Model Bylaws are available from the National President (*See pages 15-5, 17-10*).

Acquiring members-in-training (MITs) is done according to the Ritual of Sigma Alpha Iota, the Local Chapter Procedures Manual (LCPM), and the following process.

1. **Invitation:** From the eligible prospectives, invitation to membership is determined by a two-thirds affirmative vote of the chapter. The corresponding secretary sends approved invitations and reply cards to prospective members-in-training. (Invitations to Membership are purchased from NH.)
2. **Acceptance:** The prospective MIT should return their acceptance card and the MIT fee to the chapter. The VPM will have them fill out an information form (OP Document Library) that they will use to complete and submit a Report of Pledging through the Officer Portal (OP) after formal pledging.
3. **Pledging:** Formal pledging for the class should be held as soon as possible after the acceptance. It must be in strict accordance with the ritual ceremony, which is supervised by the vice president, ritual. Although Sigma Alpha Iota no longer refers to a prospective member as “pledge,” the ritual ceremony is still called the Pledging Ceremony, for the prospective member is taking a pledge, or promise, to learn about and become a member of Sigma Alpha Iota. Also, the initiated members of the chapter are pledging, or promising, to educate the prospective member in the ways of SAI and to make them feel comfortable and welcome into the fraternity. As a result of the Pledging Ceremony, the prospective member has become a member-in-training and wears the MIT pin. The vice president, membership reports the new MITs through the OP immediately after the formal pledging ceremony.
4. **Validation:** Each MIT will receive an email with a self-validation link. This will allow them to confirm the correct spelling of their name, complete their demographic information, and select the badge style for which they will be financially responsible. **After this form is submitted, changes cannot be made to the badge selection.**
5. **Sponsorship:** Each MIT receives a sponsor or mentor from among the chapter members. The sponsor is selected by a method set forth in the LCPM. **The sponsor (sometimes called a “Big Sister”) assists the member-in-training for the duration of the pre-initiation period, only.**

**Broken Pledge:** A pledge may be broken by either the member-in-training (for personal reasons) or by the chapter because the member-in-training has failed to meet chapter requirements, and breaking the pledge is in the best interests of the chapter. If the chapter breaks a pledge, the chapter must advise the member-in-training of the pending action and allow the member-in-training time to correct existing conditions. The chapter must consult with the advisory committee and report the situation to the province officer and NH.

6. **Time Period:** The membership education period should be no less than 4 weeks, nor more than 8 weeks. If a member-in-training drops out, the treasurer should Report a Membership Change in the Members section of the OP. A member-in-training can be re-pledged if the education period lapses, provided they are academically eligible. The member-in-training fee does not have to be paid again if they are re-pledged in the same school year. If this situation arises, notify NH for special instructions.
7. **Initiation:** A member-in-training must have fulfilled all national membership requirements: paying the National Member-in-Training Fee, paying the National Initiation Fee, and passing the membership examination. (The membership examination may be retaken, if needed.) Members-in-training must also have fulfilled all chapter requirements. MITs may finance up to 100% of their initiation fees through approved fundraisers. (No crowdfunding sites are allowed)
 

**Chapters may not loan money to MITs. MITs may finance up to 100% of their initiation fees through fundraisers.**

  - a. At least two weeks prior to initiation the vice president, membership, ensures that the Membership Examinations are completed on the OP. No emailed or paper copies of exams are allowed. The province officer will grade each exam, indicating if any exam needs to be retaken, and will submit their approval of initiation after every exam is passed. This will be done utilizing the online process.
  - b. At the time of the exam, the treasurer must collect the initiation fee as billed on the chapter statement in the OP and send it immediately to NH. (Chapters may also make payments online through the Officer Portal using a debit or credit card or electronic check.)
  - c. Preparation and presentation of the initiation ceremony is supervised by the vice president, ritual, in strict accordance with the ritual books. All parts must be memorized. A chapter may not hold initiation without receipt of the required badges.

**No initiation may be held without receipt of the new badges.**

- d. Upon receipt of all fees and the approval, NH will send badges and member copies of the ritual book to the chapter. Once initiation has been held and reported by the VPM, NH will place the order for membership certificates and cards. The VPM should immediately report initiation for those who actually participate in the ritual ceremony or initiation.
- e. **If a chapter's initiation is postponed or an individual's initiation is delayed, the chapter MUST notify the province officer and NH immediately or as soon as possible.**

## AFFILIATES

An initiated member from another chapter may affiliate with a new chapter when they relocate. The application for affiliation is submitted by the collegiate treasurer or the alumnae chapter VP membership through the OP. NH will approve the request if the candidate is eligible, i.e. they have no debts to their former chapter or to the fraternity, they are in good standing, and if an alumna, has joined the SAI Alumnae Association. When the candidate is affiliated, they have all the privileges of chapter membership, and they assume all the financial and other obligations of chapter membership. Their name is included on the chapter's roster of active members.

An initiated collegiate member who transfers to an institution that does not have a Sigma Alpha Iota chapter may affiliate with a chapter that exists at another institution in the same or nearby community, **if allowed by campus policy**, or with a local alumnae chapter.

## MEMBERSHIP IN AN ALUMNAE CHAPTER

Collegiate members become alumnae members upon graduation, termination of studies or the decision to no longer be a part of the Collegiate Chapter.

Immediate affiliation with an alumnae chapter is highly recommended. The continuing connection with Sigma Alpha Iota gives personal satisfaction, opportunities for musical performance, and opportunities for community service through music. The greatest pleasure is friendship and sisterhood.

An alumnae chapter may affiliate any Sigma Alpha Iota alumna member or patroness with training after proper approval by NH. All alumnae chapter members must pay the SAI Alumnae Association fee annually, but may be exempted when they reach 70 years of age or have been a member for 50 years.

The Application for Affiliation should be submitted through the Officer Portal (OP) to allow ample time for processing, at least two weeks prior to the scheduled affiliation ceremony.

NH will investigate whether the proposed affiliate is in good standing, i.e., they have paid all fees, has never withdrawn from membership in SAI, or been expelled, and has no outstanding debts to their former chapter(s). The status of the affiliation request can be viewed in the OP.

Only former members of a collegiate chapter, or those initiated as non-student members, or patronesses who have received special fraternity education (explained later in the section on Patronesses) may be affiliated with an alumnae chapter, having the privileges of voting and holding office. Distinguished Members of the Fraternity may not affiliate with chapters (except for a Member Laureate).

Alumnae are encouraged to remain actively affiliated with an alumnae chapter at all times. However, if in a given year an alumna desires to be inactive they should notify the chapter by a definite date set down in the chapter bylaws. The inactive alumna's name will not be included on the list of active members sent to NH. The alumna's name may be listed in the chapter yearbook under a heading such as "Inactive Alumnae" or "Other Resident Alumnae."

Sigma Alpha Iota espouses a statement of fraternal values and ethics developed by the commission on Values and Ethics of the National Interfraternity Conference (NIC). This statement is printed in Appendix A.

---

## GOOD STANDING IN THE CHAPTER

Being in “good standing” means being loyal to Sigma Alpha Iota and its ideals; adhering to the Ritual, Pledge, and all provisions of chapter membership as set forth in the Articles of Association and Bylaws; and paying all financial obligations.

In order to attain the full benefit of fraternity membership, an initiated member will:

- ❑ Attend all collegiate chapter meetings unless excused
- ❑ Attend all other chapter functions, musicales, ritual ceremonies, social affairs unless excused
- ❑ Remain an active member of the chapter throughout undergraduate days
- ❑ Join the National Alumnae Association and affiliate with a local alumnae chapter upon graduation or leaving school
- ❑ Pay all dues and assessments, both national and chapter

The collegiate chapter executive board may grant excuses from the above obligations for the following additional reasons: class schedule conflict and great financial need. A collegiate chapter may work with chapter members in good standing to adopt a modified attendance plan per their local chapter procedures manual. The member should still pay full-year **national** dues. The chapter may waive, reduce, or prorate chapter dues or attendance requirements for a set time period. (The chapter LCPM should make provision for this condition.) Alumnae chapters have a different meeting schedule, depending on chapter bylaws.

## Graduate Students, Modified Attendance Plans, Unaffiliated Alumnae

A member can request a modified attendance plan from their chapter that could reduce the amount of local dues and attendance requirements for a period of time. They still pay the full cost of national dues.

The member must notify the chapter that they desire a modified attendance plan to avoid being reported delinquent. Provisions for a modified attendance plan should be addressed in the chapter’s LCPM. A modified attendance plan does not require approval from NH.

If a chapter has a member who has lost interest in the chapter, and if attempts to bring them back have not proved fruitful, then the chapter should remove the member from their active membership roll. For the collegiate chapter, this action is done by the chapter treasurer reporting the member as “graduated” on the OP. For the alumnae chapter, a roster is sent to the chapter each fall to be updated and returned to NH. Taking this step will help determine quorum and will relieve the chapter of any financial responsibility for a member who does not wish to be active. Also, this may help relieve chapter stress if a member’s lack of involvement is a source of division among members of the chapter. Once the member’s name is removed from the chapter roster, they are then moved to unaffiliated alumnae status. (*See below regarding national dues.*)

If a member is not enrolled in school, they automatically move into alumnae status, have no obligations to the collegiate chapter, and **are no longer a member of the chapter**. They may not participate in collegiate chapter activities, except when all area alumnae are invited to attend.

**The collegiate chapter treasurer must submit the changes in membership status and an updated membership roster to NH through the OP on or before October 1 in order to be exempt from paying full year national dues for a member who has been moved to unaffiliated alumnae status.**

Alumnae chapter members should be courteous and notify the alumnae chapter if they are not going to participate in a given year.

**A graduate student may choose to be active in either a collegiate chapter or an alumnae chapter. At times they may also choose not to be active in either.**

---

## **BECOMING A MEMBER OF THE SAI ALUMNAE ASSOCIATION**

At the time of graduation or leaving their undergraduate chapter, an SAI is encouraged to become a member of the SAI Alumnae Association and will be billed the membership fee annually. This continues until a member reaches age 70, or 50 years of SAI membership, at which time they become an Emeritus Member and paying national dues becomes optional.

A Patroness with special fraternity education who is affiliated with a local alumnae chapter will also pay the annual membership fee to the Alumnae Association.

### **Why Should I Become A Member of the SAI Alumnae Association?**

Paying the National Alumnae Association dues assures the member that they will have permanent contact with the fraternity through their subscription to *PAN PIPES*, *Tempo!* national newsletter, and other fraternity publications.

All alumnae members who wish to affiliate with an alumnae chapter, including patronesses with training given by an alumnae chapter, must be current members of the SAI Alumnae Association. **All alumnae chapter members must maintain membership in the SAI Alumnae Association by paying national dues or electing Emeritus Member Status.**

Paying the alumnae association annual dues provides a strong financial base for the Fraternity and helps to insure a strong future for Sigma Alpha Iota. Emeritus members are also encouraged to continue paying the annual dues even though it is optional.

---

## **SELECTING AND INITIATING PATRONESSES**

Both **collegiate** and **alumnae** chapters may initiate patronesses. Patronesses pay their own initiation fees.

Collegiate chapters seeking to initiate patronesses often receive names of prospective patronesses from the membership advisor, local alumnae chapter, or current patronesses. The chapter must confirm that the prospective patroness meets the requirements of the National Bylaws and that they have been informed about the fraternity and requirements.

Women who should be considered for patroness membership are women in the community who are active supporters of the fine arts. Perhaps they serve on the Board of Directors of the local symphony or opera. Women who are active amateur performers in community choruses, orchestras, or bands should be considered. The female faculty member from the English (or Math, Science, etc.) department who attends concerts fairly often is a good candidate. The wives of male faculty, especially music, and administrators are good candidates. Patroness membership may also be considered for the non-fraternity affiliated female music faculty member, or school music teacher. (*See above.*) Final selection for patroness membership is made by two-thirds affirmative vote of the chapter.

1. After an affirmative vote, the chapter sends the prospective patroness a regulation invitation and reply card, a copy of *PAN PIPES*, the Patroness Brochure, and other current brochures (ordered from

- National Headquarters).
2. After the invitation has been sent, the vice president, membership, and a member of the Advisory Committee (in the case of a collegiate chapter) visit the prospective patroness. They are prepared to acquaint them with all the activities of the fraternity, explain their obligations to the chapter, explain the privileges of patroness membership, and explain the financial obligations.
  3. If the prospective patroness then accepts the invitation, the vice president, membership submits the Approval for Initiation of Patroness Members and collects the initiation fee. The procedures for submitting an approval can be found in the Officer Portal, and Appendix D: Officer Portal Procedures.
  4. The Patroness Initiation Ceremony is conducted according to the ritual, and the vice president, ritual, supervises. If a patroness initiation is being held at the same time as a collegiate initiation, holding the patroness initiation first is suggested so that the new patroness may then observe the collegiate initiation.
  5. The treasurer submits the initiation fee to NH at least two weeks prior to the day of the initiation.
  6. The patroness will be entered on the fraternity rolls when the Report of Initiation has been submitted by the VPM following the initiation ceremony.

### Patroness Membership – Privileges and Involvement

The patroness receives the special patroness badge with a life leasehold. They receive a subscription to *PAN PIPES*. They may attend initiations, musicales, all special programs, and chapter meetings at the invitation of the chapter. They may be elected as an advisor to the collegiate chapter.

Patroness services to the chapter should not be considered obligatory, but here are some suggested ways that patronesses could be asked to help a chapter: entertaining, hosting a musicale or other social event, assisting with a special project. Be sure all courtesies and services are acknowledged promptly.

**No initiation is to be held until the province officer submits approval, fees are received at NH and the chapter receives the Patroness Badge.**

A chapter should keep in contact with its patronesses. Chapters should invite patronesses to monthly musicales, initiations, social affairs, and all special projects. Invitations should be extended well in advance. Avoid making changes at the last minute. Here are some ways of keeping in contact with patronesses:

1. One chapter member could be appointed as a contact member for patronesses.
2. Each chapter member could be assigned to contact a specific patroness during the year.

Remember to contact resident patronesses who were initiated by another chapter.

### Alumnae Chapters Only — Patroness with Training

Only alumnae chapters can provide the special fraternity education program for patronesses, as outlined by the fraternity. They may then be an affiliated member of an alumnae chapter, vote on national issues and hold elective office in the chapter. The patroness with training will need to pay their national dues to the SAI Alumnae Association when invoiced.

If a prospective patroness receives their training from the alumnae chapter *prior* to alumnae chapter initiation, they will automatically be a member of the alumnae chapter upon initiation, and no affiliation ceremony is necessary. The patroness with training will need to pay their national dues to the SAI Alumnae Association.

If a patroness chooses to receive training from the alumnae chapter after initiation they may affiliate with an alumnae chapter. The alumnae chapter will submit the Approval for Affiliation through the Officer Portal at that time. The ritual Alumnae Affiliation Ceremony would then be conducted after approval is received.

Patronesses who have not received this special fraternity education may participate with the alumnae chapter, but will not be on the roster as an affiliated member. They may not vote on national issues, or hold elective office, except when serving on the collegiate chapter Advisory Committee.

## INITIATING DISTINGUISHED MEMBERS

Chapters are privileged to initiate women and men who have achieved a high level of recognition in music or made significant contributions to music as Distinguished Members. Chapters should **always** pay the initiation fee for a Distinguished Member. Distinguished Members may not hold office (except for a Member Laureate), but they can provide many forms of support for the ideals of SAI. There are four types of Distinguished Members. (See page 2-1.)

**No person should be approached concerning any type of Distinguished Membership until approval has been received from the chairman of the Distinguished Membership committee.**

### Initiation Process for a Distinguished Member

Please follow these requirements to expedite the approval process (See pages 4-8 or 5-6).

1. **ALWAYS USE THE CURRENT APPROVAL FOR INITIATION FORM** to insure accurate processing. Forms are available on the OP, to be submitted by the vice president, membership.
2. **WRITE A COVER LETTER** introducing the candidate and explaining why your chapter is nominating this person as a Distinguished Member and submit the application. Without all the information requested, no candidate can be approved. Include where materials are to be sent, and the current email address of the chapter officer.
3. **PROVIDE ADEQUATE DOCUMENTATION.** It is important to provide enough information, including a resumé, for the committee members to make a fair decision for approval of your candidate. Include a photo for the permanent records.

---

## KEEPING MEMBERS INVOLVED - REMEMBER THE PLEDGE

Constant turnover of members will foster weakness, and without active members, the chapter cannot survive. Member involvement is crucial to the success of the chapter and should be given high priority on an everyday basis. The following suggestions have proven helpful:

- ❑ **Resolve conflict quietly and quickly.** If a confrontation occurs, resolve the problem quickly. A publicized falling out can create a chapter-wide rift. It can also adversely affect membership recruitment.
- ❑ **Be responsive to member needs and requests.** Do not consider the request a burden; consider it an opportunity. This is your chance to show your member that the chapter is responsive to member needs and that it cares. Granting special requests such as modified attendance plans will help to keep the member active and content.
- ❑ **Recognize members.** Be sure to recognize members for participation and important activities (in or out of the chapter). Many members seek peer approval and feel more positive about the chapter if the chapter recognizes their personal accomplishments.

- ❑ **Avoid cliques.** Do not allow members to feel they do not belong. Encourage and welcome involvement of all members in all activities.
- ❑ **Add personal touches.** When seeking volunteers, ask each member individually by mentioning a skill of that member and how the skill will contribute to the success of the project. Be aware of the interest of each member and if an article or tidbit about that topic is discovered, clip it and send it with a personal note. The personal touch will extend a message “We’re glad you’re here,” to each member.
- ❑ **Give members a part of the action.** Beyond delegating responsibility, allow members to contribute to making decisions and setting goals. Let them become an active part of the success story of the chapter and not simply bystanders. Give inexperienced members responsible roles and guide them through the process.
- ❑ **Make success known.** Everyone likes to be part of a successful organization, especially one that is recognized throughout the university and community.

# National, Regional, and Province Officers

## INTRODUCTION

**T**his chapter is to provide general information regarding the province, regional, and national officers. It is important for members to have a sense of their own responsibilities to these officers and to have an understanding of the SAI structure.

## SAI ORGANIZATIONAL STRUCTURE AT-A-GLANCE

The governing body of the fraternity is the National Convention. It is composed of one delegate from each collegiate and each alumnae chapter, and the members of the National Officers Conference (NOC) who are in attendance, each having one vote.

See **Chapter Relationships to the Executive Board, page 3-3.**

## THE NATIONAL EXECUTIVE BOARD OFFICERS

The National Executive Board (NEB) is composed of the:

- ❑ National President
- ❑ National Vice President, Alumnae Chapters
- ❑ National Vice President, Collegiate Chapters
- ❑ National Vice President, Extension
- ❑ National Vice President, Finance
- ❑ National Vice President, Fraternity Development
- ❑ National Vice President, Ritual and Fraternity Education
- ❑ Chairman, Board of Directors, SAI Philanthropies, Inc.
- ❑ Executive Director

The National Executive Board customarily meets twice each fraternity year, winter and summer. Many items of fraternity business are discussed at these board meetings. The NEB is intimately concerned with the health and welfare of each chapter. Information received from province officers, regional officers, and directly from chapters is of vital importance to the NEB.

**The NEB is intimately concerned with the health and welfare of each chapter.**

Members of the NEB are available to assist chapters, regional, and province officers at any time throughout the year. National officers frequently visit chapters to give encouragement and support from the national level.

National officers may be invited to speak at a province day, but the province must cover the expenses of the national officer (travel, meals, lodging).

The general duties of each national officer are described in the current National Bylaws, Article V, Section 4.

Each volunteer officer receives an annual honorarium from the fraternity. They have some of their convention expenses covered as well.

---

## FRATERNITY DIRECTORS

Fraternity Directors are the heads of different aspects or divisions of fraternity work and management. They have certain responsibilities that relate to their projects, which include Distinguished Membership, Chapter Bylaws, Multimedia Resources, Chapter Websites, and other areas. Fraternity Directors may also have committees that are appointed to assist them. The National Executive Board appoints directors, who are volunteers.

---

## THE REGIONAL OFFICER

The Regional Officer (RO) is the link between the province officers and the NEB. They are knowledgeable about all aspects of the fraternity, with an understanding of the fraternity's place in the musical world. There is one elected volunteer for each of the SAI regions.

The RO's duties are described in general in the National Bylaws (Article V, Section 5) and in detail in the NOC manual. The general duties are listed below.

- ❑ Supervise their region in consultation with the appropriate National Vice President.
- ❑ Review Official Visits and report to the NEB.
- ❑ Report as required to the NEB.

The Regional Officer provides monthly updates to the NEB, with an official winter and summer report due prior to each NEB meeting. The RO also supervises the award nominations in their Region and submits their nominations to the NEB as required.

The position of Regional Officer is a voluntary position. Each RO is reimbursed for the expenses connected with their office, and they receive a small honorarium from the fraternity every spring provided all their reports have been completed in a timely manner. They have some of their convention expenses covered as well.

---

## THE PROVINCE OFFICER

The Province Officer (PO) is the link between the chapter and the National Executive Board through the Regional Officers who report to the National Vice Presidents, Collegiate Chapters and Alumnae Chapters. They are knowledgeable about all facets of the fraternity, with an understanding of the fraternity's place in the musical world. There is one elected volunteer for each of the SAI provinces.

The PO's responsibilities are described in general in the National Bylaws (Article V, Section 6) and in detail in the PO Manual. The general duties are listed below

- ❑ Supervise all chapters in the province through regular communication with officers and advisers.
- ❑ Conduct an annual official visit with each collegiate chapter submitting reports and recommendations.
- ❑ Conduct an annual phone interview or official visit with each alumnae chapter **as directed by the NVPAC.**
- ❑ Report as required to the Regional Officer and the NEB.

Reporting to the appropriate national vice president through the Regional Officer is a major responsibility of the province officer. The substance of their report is composed of information received directly from their chapters through the Official Visit, required reports sent to them by chapter officers, and regular chapter correspondence.

Since the National Executive Board customarily meets twice each year, in the winter and in the summer, the province officer has reporting deadlines prior to each meeting.

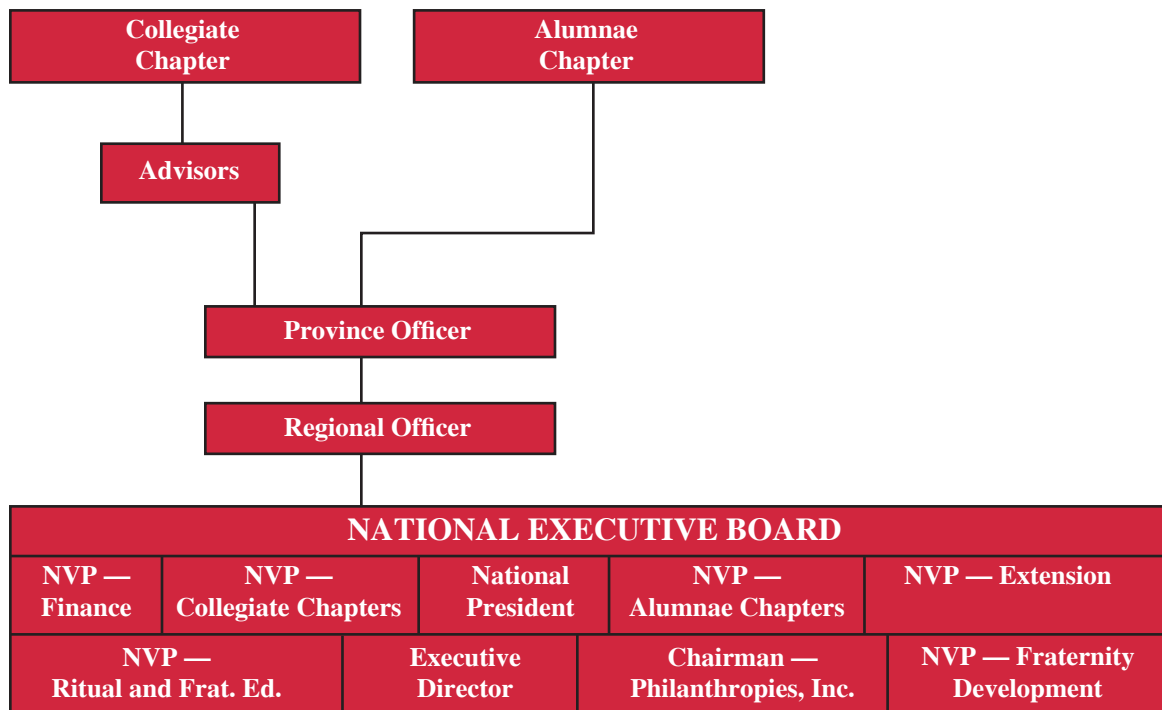

- The province officer's first deadline is in early January. The NEB prefers that Official Visits occur between September and December so that the Official Visit Report provides the bulk of the information submitted for the winter report of the province officer.

- The province officer's must submit their nominations for national awards and their summary of the year's activities of the chapters in their province by the requested deadlines.

**In order for the province officer to meet their deadlines, collegiate and alumnae chapter officers must submit their reports through the Officer Portal prior to the published deadlines. The PO is at liberty to request reports earlier if necessary. Reporting to the province officer is a requirement of certain chapter officers.**

The position of Province Officer is a voluntary position. Each province officer is reimbursed for the expenses connected with their office, and they receive a small honorarium from the fraternity every spring provided all required reports have been completed in a timely manner. They have some of their convention expenses covered as well.

## CHAPTER RELATIONSHIPS TO THE NATIONAL EXECUTIVE BOARD

# Notes

# Collegiate Chapter Officers

## INTRODUCTION

**W**hen a woman takes the responsibility of a fraternity office they have an obligation to perform the duties of that office to the very best of their ability, and to fulfill all the requirements that come with their office. They must fulfill their duties with efficiency, promptness, understanding, and kindness. They must be knowledgeable of all facets of the fraternity.

SAI officers have the distinct privilege of radiating the spirit of Sigma Alpha Iota to others. Officers, in turn, have a right to expect the support of the membership.

**All fraternity members should support their officers.**

The duties of collegiate chapter officers are explained in this chapter. A large amount of instruction is presented here, but it is not the only chapter in this manual where an officer will find the information she needs. It will be necessary for officers to refer to other sections of this manual and to the Officer Portal Document Library, as well.

The officers of the executive board of the collegiate chapter are as follows:

**President**  
**Vice President, Membership**  
**Vice President, Ritual**  
**Recording Secretary/Corresponding Secretary**  
**Treasurer**  
**Editor**  
**Sergeant-at-Arms**

Note: The chapter president **may not** serve as treasurer.

Each officer must have a copy of:

- ❑ *Chapter Procedures Manual*  
(available online at [www.sai-national.org](http://www.sai-national.org) or through the Officer Portal Document Library)
- ❑ National Articles of Association and Bylaws
- ❑ Chapter bylaws/Local Chapter Procedures Manual (LCPM)
- ❑ A working notebook specialized for the office they hold.

Every officer and advisor must create their own login for the Officer Portal. (*See Appendix D for further instructions.*)

Some officers have specific reports that must be sent to fraternity officers or submitted on the Officer Portal. The due dates for these reports are indicated on the report form and posted on the Fraternity Calendar on the Officer Portal Document Library. The posted deadlines work for most people and have been chosen to accommodate the average chapter calendar and also meet the needs of province, regional, and national officers. Contact the province officer with special requests due to unusual school calendars or situations.

## Chapter Executive Board

The chapter executive board is composed of all elected officers as listed above. Chairmen of standing committees may be invited to an Executive Board meeting, as circumstances require.

The executive board should meet before each Formal Business Meeting. (In very small chapters, a separate meeting may be unnecessary.) The president may call special meetings. Bylaws should state the number of board members required to have the vice president call a meeting if the president fails to call a needed meeting.

If the executive board does its work properly, much time can be saved in chapter meetings. Since everyone's time is precious, and no one wants to be held at a long meeting, proper preliminary work by the executive board is invaluable.

### Term of Office

Officers serve for a specified amount of time called a **term of office**. The chapter bylaws should specify when the term begins and when it ends.

For most Sigma Alpha Iota collegiate chapters, the term of office closely follows the academic year. Officers serve for a full year, but the installation of new officers takes place near the end of the academic year, in time for the new officers to be trained by the retiring officers and preside over one or two chapter meetings. Officers should rotate so that all members are allowed to develop leadership skills. **The president and treasurer may only serve one year, unless the RO gives special permission in consultation with the Province Officer and NVP-CC or NVP-F. (See pages 6-9 and Appendix A for the procedure.)**

Chapters may work with their Province Officer to devise a system that meets their own needs in the most effective way. However, the content of annual reports to province and national officers should cover an academic year.

### Duties of the Executive Board

- ❑ To prepare appropriate recommendations to be presented at regular meetings.
- ❑ To decide all matters not requiring a chapter meeting or a chapter vote (such as deciding where an event will be held).
- ❑ To report all decisions made to the chapter at the next meeting.
- ❑ To enforce chapter policies by conducting business according to the bylaws/LCPM and by upholding standards as prescribed in the bylaws/LCPM.
- ❑ To enforce individual members' national and chapter obligations.
- ❑ To see that any situation not covered by chapter bylaws/LCPM is referred to the advisor, province officer, regional officer, and/or appropriate National Officer.
- ❑ To meet five times each year with the advisory committee.
- ❑ To see that proper procedures are observed in any disciplinary action:
  1. The member must have the opportunity to present their case to the executive board;
  2. The board must advise the member of contemplated action;
  3. The board must inform the advisor and province officer of the proposed action;
  4. The board must send all information to the National Vice President, Collegiate Chapters for vote of the National Executive Board;
  5. The board must withhold final action until it receives the report of the NEB decision.
- ❑ To ensure that each officer performs their duties in a satisfactory manner and submits all required reports.
- ❑ To arrange for the chapter advisor/financial advisor to review the treasurer's annual report and closing bank statement before final submission (*See page 8-10*).

### Officer Training Suggestions

Newly elected and retiring officers should meet for a face to face training session **within two weeks of officer elections**.

The workshop format is a good method for providing officer training, for it allows all officers to know and understand the duties of all other officers. Fraternity developed officer training materials should also be incorporated. Members who are continuing on the executive board in another office can also instruct their successors and be instructed by their predecessors in one session. Workshop discussions should include the following topics:

- ❑ Discussion of the duties of all officers as stated in the *Chapter Procedures Manual*;
- ❑ Explanation by the retiring officer of the duties of the office to the newly-elected officer;
- ❑ Discussion of suggestions for future projects;
- ❑ Transfer of files and other materials from outgoing officer to newly elected officer.

The workshop could conclude with the first executive board meeting of the new officers, at which time they would make committee appointments, establish chapter goals for the new fraternity year, using the National Objectives as a guide, and determine areas of chapter life that need special attention.

#### INDIVIDUAL OFFICER'S OBLIGATIONS

- ❑ To keep a current notebook for the specific office
- ❑ To be thoroughly familiar with the contents of the *Chapter Procedures Manual* and Officer Portal Document Library
- ❑ To memorize assigned Ritual parts
- ❑ To pay financial obligations promptly
- ❑ To present the following reports:
  1. A report to the chapter at each Formal Business Meeting
  2. A mid-year, or annual report submitted to the Officer Portal where applicable
- ❑ To instruct their successor in the office
- ❑ To maintain the scholastic average required to hold office in accordance with chapter bylaws and university/college policies.

### PRESIDENT

The office of president requires a person with leadership qualities, energy, organizational skills, and patience. Facilitating the business of the chapter, the president:

- ❑ Presides at all chapter and executive board meetings unless unable to be present;
- ❑ Serves as the presiding officer for initiations or affiliations;
- ❑ Installs chapter officers;
- ❑ Appoints committee chairmen, acting as ex officio member of every committee (except the Nominating Committee);
- ❑ Represents the chapter as official contact member with all school officials and campus groups and/or with the music community at large;
- ❑ Delegates members to carry out the responsibilities of the chapter;
- ❑ The newly elected president serves as the official delegate to a national convention (if they are unable to fulfill this function, another chapter member should be designated by the chapter as the official delegate).

**In the event that a President is needed to serve a second term, the chapter must complete the second-term President request form in the Officer Portal. This form should be submitted by a member of the chapter's nominating committee in consultation with the corresponding secretary. Two letters of recommendation must be attached to the form, one from the chapter advisor and one from the nominating committee of the chapter. Once the form and attachments are submitted, the form will go through a review and approval process with the Province Officer, Regional Officer, and NVPCC. If approved, the President and chapter must agree to a set of stipulations emailed by the NVPCC with the approval notice.**

The president may call special meetings when necessary and organize workshop and training sessions for new and retiring officers. The collegiate chapter president should maintain contact with the dean/director of the music school/department and with local alumnae and patronesses; and should represent the chapter on the campus inter-fraternity music council (CIMC) of a shared campus (a campus on which two or more music fraternities that initiate women are present). (*See p. 12-2*)

A well-organized president has a notebook that contains at least the following information:

- ❑ All the items listed earlier that must be in the possession of each chapter officer;
- ❑ Notes from the previous year's chapter and executive board meetings;
- ❑ Notes concerning all chapter events and how they are organized;
- ❑ A list of suggested future projects;
- ❑ A copy of the campus inter-fraternity music council bylaws (CIMC), if applicable;
- ❑ A copy of the current campus and SAI policies and state laws regarding hazing;
- ❑ A copy of the previous year's annual report;
- ❑ All the agendas and notes for meetings that have already been held during the current year.

## **President's Calendar**

Leading the chapter involves much planning with the Executive Board. The following calendar is suggested:

### **After Election, Late Spring, Summer**

- ❑ Plan the optional yearbook directory with the yearbook directory chairman
- ❑ Outline meetings for the coming year, including official visit and Province Day
- ❑ Plan fundraising projects with the treasurer
- ❑ Study the National Objectives and develop ideas for fulfilling those objectives
- ❑ Alumnae and collegiate presidents meet to plan joint functions
- ❑ Meet with vice president, membership to plan for membership recruitment

- ❑ Observe Founders Day as close as possible to June 12 (or observe Incorporation Day as close as possible to December 15)

The chapter president will receive most communiques from NH, national officers, Sigma Alpha Iota Philanthropies, Inc., and the province officer. **The president must always share this material with the other members of the chapter.**

**Whenever any officer receives a communication that is directed to the chapter, a time for reading it must be placed on the meeting agenda.**

## Required Presidential Communication with Province and National Officers

Communication with province and national officers is a requirement for the chapter president. Although contact with these officers may be made any time the president wishes, the collegiate president has some required contacts. All have been listed above in the proposed calendar. Here are more details about each required contact.

- ❑ **The School Information Form** – submit the completed form by the specified deadline on the Officer Portal. The form asks for information about the chapter's host institution (names of administrators and other officials, dates for beginning and ending of semesters), chapter contacts, chapter advisors, and a list of other music fraternities on campus.
- ❑ **Each chapter is required** to host the province officer for an official visit once during each academic year, in the fall semester. To implement that, either the province officer or the chapter president may initiate the contact to arrange for the visit. In communities where both collegiate and alumnae chapters are active, the official visit to the alumnae chapter may occur in conjunction with the visit to the collegiate chapter. A plan for an effective Official Visit is given in Chapter 10.
- ❑ **The President's Interim Report** - using the form as a guide, summarize chapter life from the beginning of the academic year through November 15; submit the form on the Officer Portal by the stated deadline and place one copy in the president's notebook.
- ❑ **The Annual Report** - the president who has presided over the chapter during the current academic year completes this report. The report asks for some information in the form of objective statistics and some in prose writing. Good record keeping throughout the whole year is essential for preparing a thorough, accurate annual report. The Annual Report is studied by the province, regional, and national officers and is an important source of information in determining the recipient of the Katherine Becker National Collegiate Chapter Achievement Award. Complete, accurate information is most valuable. The report is submitted to the Officer Portal by the stated deadline. One copy is placed in the chapter files.

- ❑ **New Officers** - names should be updated in the Officer Portal as soon as all annual reports are submitted and approved (no later than June 30).

## VICE PRESIDENT, MEMBERSHIP

The vice president, membership presides at chapter meetings in the absence of the president. However, the VPM's principal responsibility is to coordinate all the activities associated with membership recruitment and education. (*See Chapter 12, Building Chapter Membership, for suggestions on effective recruitment.*) They are responsible for educating the members-in-training (MITs) in the ways of Sigma Alpha Iota and for meeting with prospective patronesses and Distinguished Members before initiation.

A well-organized vice president, membership needs the following information in their specialized notebook:

- ❑ All the items listed earlier that must be in the possession of each chapter officer;
- ❑ A copy of the current campus and fraternity hazing policies along with any state laws regarding hazing;
- ❑ National Member-in-Training curriculum for VPMs, downloaded from the Officer Portal for the current year and membership education meeting plans for the current year;
- ❑ List of names of current members-in-training and their school addresses and home addresses;
- ❑ Names of chapter sponsors (mentors) for the MITs, to support the MITs as they complete member-in-training responsibilities);
- ❑ Names of SAI members transferring to school for affiliation request by Treasurer.

**The vice president, membership makes an annual report to the chapter in April, which should include the number of MITs, activities carried out by MITs, and number of initiates (collegiate, patronesses, and Distinguished Members).**

### Vice President, Membership – Initiation Process

1. During the summer, the vice president, membership makes plans for the membership education meetings using the National Member-in-Training curriculum. In planning the pre-initiation period, the vice president, membership observes all fraternity, local, and state laws and policies regarding hazing. (*See Appendix A.*) Campus rules for organizations must be followed. The VPM will need to set up their account in the Officer Portal (OP).
2. **Immediately after the Pledging Ceremony**, they complete the Report of Pledging in the OP for each MIT and submit an outline of membership education plans and activities to the province officer. (The form is on the OP.) At the same time, the treasurer collects and sends the member-in-training fees to NH. MITs will agree to the SAI Risk Management policy when self-validating on the OP.
3. When NH receives the Report of Pledging, supplies for each member-in-training will be sent to the chapter. The *Manual for Members* and *Songs of Sigma Alpha Iota* are given to each MIT. The examination and approval process will be described later.
4. Immediately after the Pledging Ceremony occurs, the vice president, membership secures the schedules of all members-in-training and arranges weekly meeting times. The date of the initiation will need to be determined and announced, too. As soon as supplies have arrived, they see that each member-in-training receives the items to which they are entitled. MIT meetings and events should not be held off-campus nor late at night. Events may be held between 8 am & 10 pm or per university guidelines if they are more restrictive.
5. The member-in-training class holds election of officers and plans projects.

**A membership education period should be a minimum of four weeks and a maximum of eight weeks.**

### Membership Education Meeting Material (Required Materials)

Sigma Alpha Iota has standardized membership education expectations. The information in the current National Member-in-Training Curriculum (found in the OP's Document Library under VPM Resources), the

Manual for Members, the fraternity statistics, and the current officers list are to be used for preparing the MITs for the national exam. The VPM is responsible for getting these materials to the MITs in a timely manner. They must not create their own version of these materials. Chapters **must not** expect MITs to learn/memorize “local” information, such as charter members, chapter history, etc. **Chapter officers risk expulsion if any activity determined to be hazing or against Fraternity policies occurs**, and chapters risk losing their charters for inappropriate, unprofessional behaviors.

### From Pledging to Initiation – The Process

1. The VPM should set up their account in the Officer Portal (OP).
2. Submit the MIT training schedule to the province officer.
3. Complete directions are located in the OP document library “Help” section and Appendix D.
4. Collect the “MIT Information Form for Sigma Alpha Iota” and MIT fee from each MIT.
5. Report of Pledging – fill out the demographic information for each MIT, and submit to NH on the Officer Portal immediately following the ceremony.
6. MITs self-validate, agreeing to Risk Management Policy, pay initiation fee, take and submit exams.
7. VPM should notify province officer that exams have been submitted.

### POLICY ON MITs WEARING OFFICIAL FRATERNITY INSIGNIA

MITs are allowed to wear official SAI insignia as long as it appropriately reflects their membership status. More specifically, MITs may wear clothing containing the fraternity name, acronyms and crest as long as it is combined with the term “Member in Training.”

### The Membership Examination Process

The Membership Examination must be administered before the Approval for Initiation is submitted to the Officer Portal. It is essential to follow the time schedule given below:

1. The vice president, membership arranges for all MITs to take the Membership Examination online. **This must be done at least two weeks prior to the scheduled initiation date.**
2. The province officer grades the exams and submits approval to NH and to the chapter.
3. The treasurer collects all fees and badge monies and sends them to NH at the time of the exam. Members-in-training must pay all fees by the time the test is given. Chapters may not extend “credit” to MITs for initiation fees. **However, MITs may finance up to 100% of their initiation fees through approved fundraisers.**
4. If a Fall semester MIT drops out of the process, the Treasurer reports them as “Withdrawn.” If they start again in the Spring, they should be added to the Report of Pledging, but they will not have to pay the \$50 MIT fee again.
5. When National Headquarters receives fees and approval, badges are sent for the initiation. Do not initiate any member-in-training until the province officer has submitted their approval for initiation and the **new badges have been received.**
6. Initiation may be held once approval has been given by the PO AND all badges have been received. The VPM should check with NH if they do not have the badges **four business days** before the scheduled initiation. Initiation should not be a surprise to the MITs.
7. There are serious penalties for holding an improper initiation. Don’t jeopardize your chapter’s good standing.

The end of the semester  
is the deadline  
for initiation  
of collegiate members.

**Grading the Membership Examination is the responsibility of the province officer. The examination is graded as Passed or Retake. The province officer must decide whether the member-in-training prepared well for the test or whether they did not. A member-in-training may be asked to take the whole test or a portion of the test again.**

### **Additional Information Regarding Initiations**

Policy: **No Initiation is allowed without the new badges having been received.** To do otherwise is to hold initiation without the fees having been paid, which is a flagrant disregard for Fraternity policy. The consequences to a chapter if they ignore this policy will be applied as follows:

**If a chapter initiates without badges within a 4-year period, possible consequences may result in a fine and limited MIT recruitment periods, to be determined by the NEB.**

#### **Collegiate Initiations:**

- ❑ Eligible Undergraduate and graduate students may be considered for an invitation to membership.
- ❑ No first semester freshmen or first-semester transfer students may be invited to join a chapter. New students on campus need time to adjust to different surroundings, studies, and friends. Chapter members need time to get to know the new women in the music program to ascertain whether they demonstrate the standards that SAI requires.
- ❑ MITs may finance up to 100% of their initiation fees through fundraisers (p. 8-8)
- ❑ **No Money — No Exam**
- ❑ The MIT fee is good for the school year only. If an MIT drops out, and re-pledges the following school year, the MIT fee must be paid again.
- ❑ Collegiate chapters are not allowed to loan or advance money to MITs
- ❑ Initiations **must be completed by** the end of the spring semester.

#### **Alumnae and Collegiate Initiations:**

**NO INITIATION CEREMONIES ARE TO BE HELD AS A SURPRISE**

- ❑ MITs should be told the date early on in their training, so they can be prepared for it, and look forward to it. Surprise initiations are cause for having the chapter's charter revoked.
- ❑ Distinguished Members are supposed to be invited to membership, after approval is received, using the formal invitation that is sent to a chapter along with the pin. Occasionally, candidates turn down the invitation because they do not want to show favoritism on campus. NEVER should the initiation be a surprise.
- ❑ For any initiation to proceed, the chapter must have:
  - A. Submitted all basic reports in a timely fashion (etc.)
  - B. Received approval from the PO or Distinguished Membership chairman
  - C. Received the regulation badge(s) or pin(s).
  - D. Prepared the ritual ceremony correctly.

---

### **Preparation and Initiation of Patronesses and Distinguished Members**

The vice-president membership is also responsible for the preparation and initiation of patronesses and Distinguished Members. The VPM and a chapter advisor or alumna call on the prospective patroness and thoroughly explain local and national projects of the fraternity and the privileges and obligations of membership, using the Prospective Patroness packet available from NH. Prior to a patroness initiation, they submit the Approval for Patroness Initiation to the Officer Portal, collect the initiation fee and arrange for the treasurer to send it in two weeks prior to the requested initiation date.

The submission of a name for Distinguished Member initiation should follow the procedures as outlined:

### **SAI PROCEDURES FOR INITIATING A DISTINGUISHED MEMBER**

Please follow these requirements to expedite the approval process.

1. **ALWAYS USE THE CURRENT APPROVAL FOR INITIATION FORM** to ensure accurate processing. Forms are available on the Officer Portal. The VPM submits the nomination form on the Officer Portal.
2. **WRITE A COVER LETTER** introducing the candidate and explaining why your chapter is nominating this person as a Distinguished Member and submit the application. Without all the information requested, no candidate can be approved. Include where materials are to be sent, and the current email address of the chapter officer.
3. **PROVIDE ADEQUATE DOCUMENTATION.** It is important to provide enough information, including a resumé, for the committee members to make a fair decision for approval of your candidate. Include a photo for the permanent records.

### **ALLOW 6-8 WEEKS TO RECEIVE APPROVAL FOR ALL DISTINGUISHED MEMBERS.**

These applications are reviewed by the Distinguished Membership Committee. This is a realistic time frame for processing requests. Please be courteous of the time our volunteers give to the approval process and allow ample time for processing.  
*(Membership materials and invoices are sent to the chapter from NH after approval by the committee.)*

**SAI DISTINGUISHED MEMBER INITIATION FOLLOW-UP REPORT.** Be sure to fill out this form on the Officer Portal, as the information is used as confirmation of initiation and for publicity in fraternity publications. Photographs submitted electronically must be at least 150 dpi resolution in EPS, JPEG or TIFF formats.

## **VICE PRESIDENT, RITUAL**

The vice president, ritual is in charge of all Ritual ceremonies and is the custodian of the Chapter ritual books and the ritual equipment. Their love for the Ritual of SAI and their attitude toward the presentation of the Ritual sets the tone for the whole chapter. They utilize the Ritual Sign-Out Sheet at all times, and distributes member ritual books to new initiates as required.

In addition to caring for and supervising the use of ritual equipment, and supervising the preparation of and presentation of Ritual ceremonies, the vice president, ritual makes an annual report to the chapter and to the province officer. They also provide a copy of the Ritual Sign-out Sheet to their Province Officer by May 15.

Please read Chapter 9, Our Ritual, for more details.

---

## **RECORDING SECRETARY**

The Recording Secretary has three principal functions:

1. To take and keep accurate Minutes of each chapter and executive board meeting and to make them available to the chapter and PO at the appropriate time;
2. To keep the attendance record;
3. To keep NH notified of member address updates. Chapters may choose to keep a permanent membership file; it can be a computerized list or kept on a flash drive ordered from NH.

They must also make an annual report to the chapter.

In addition to the standard items that each officer must have in their possession, the well-organized recording secretary must have the official Minutes and an attendance book, and they must know the location of the chapter's permanent roster list (flash drive, CD, or spreadsheet).

## Secretarial Record Keeping

### Minutes

Minutes are the principal historical record of the chapter. Chapter business, a summary of every discussion, every motion made, every vote taken, and all the results are recorded in the Minutes. Who said or did what, or will do what, is vital information (use last names). Minutes should be written so that someone who was not present at the meeting will be able to understand what took place at the meeting and what decisions were made.

Minutes are kept in a form that will insure their survival for several generations. The standard way of keeping minutes, handwritten in a bound volume, is not the only way anymore. It is still an acceptable way, but modern technology has provided us with other alternatives.

Many secretaries take their notes at the meeting then type them into the computer and generate a copy (or copies) from there. Minutes can be taken on a computer.

Minutes should be distributed in advance. At the next meeting, they should be corrected if necessary, and approved. After approval the president must countersign the Minutes. **A permanent file of the printed, signed minutes should be maintained** along with a CD or flashdrive copy for the chapter archives.

*(See Chapter 17 for Sample Minutes.)*

---

### Attendance Records/Absences

The recording secretary keeps the record of attendance at chapter meetings. An up-to-date alphabetical listing of the membership is one of the essential materials of the recording secretary. The attendance records should be part of the Minutes, telling how many members attended and whether a quorum was present.

### Absences

Excused absences are often an item for long, involved, and sometimes heated discussion at collegiate chapter meetings. They should not be.

SAI recognizes four reasons for an excused absence:

1. A professional engagement or class;
2. Illness;
3. Necessary absence from the city;
4. Work conflict.

**If a member has written an excuse for one of the above reasons, it should be accepted, and there need be no discussion.** Other types of excuses should be presented to and discussed by the executive board and a recommendation made to the chapter. The executive board may also recommend that a member be excused from a meeting for other than the above reasons, and minimal discussion may follow that recommendation, but attendance **should not** occupy a large amount of meeting time or result in hard feelings and division between sisters.

**The most important element regarding attendance is communication. Absences should be presented in writing ahead of time, whether it be in hard copy or email.**

Chapters must be clear about their attendance policies, based on national policy, and must specify procedures and repercussions in the local chapter procedures manual (LCPM).

## The Chapter Membership Records

While permanent membership records are kept at National Headquarters, chapters also keep a list of initiated members on a CD or flash drive. A flash drive containing a current list of members can be ordered from NH and used as a starting point. The Recording Secretary would then update these records each year and pass it down to their successor.

### CORRESPONDING SECRETARY

The corresponding secretary has three principal responsibilities:

1. To attend to chapter correspondence;
2. To confirm that all officers have submitted the necessary reports on the Officer Portal (*See Calendar on page 6-2 and refer to the Officer Portal for any calendar updates*);
3. To maintain the chapter's permanent files.

They must also make an **annual report** to the chapter.

In addition to the standard items that each officer must have in their possession, the well-organized corresponding secretary has a record of the chapter's files: the complete contents and where they are kept. The Corresponding Secretary also has a list of the names and addresses of all alumnae and patronesses in the area.

### Correspondence

- ❑ The corresponding secretary sends invitations to chapter functions to local alumnae, Distinguished Members, and patronesses, invitations to membership or affiliation, and "thank-you" notes and other courtesy notes.
- ❑ They answer all letters addressed to the entire chapter, in consultation with the president.
- ❑ They handle all correspondence with other campus organizations or civic organizations.
- ❑ They order supplies for the chapter in conjunction with the treasurer.
- ❑ They assist with the publication and mailing of the chapter newsletter.

### Corresponding Secretary – Additional Responsibilities

- ❑ Confirms that all officers' files are correct and up to date.
- ❑ Confirms that officers submit all reports by the due date. They set up a monthly calendar listing the due dates of all reports. Then they record the date that the report was sent.
- ❑ Makes a monthly report to the chapter summarizing the officers' duties that were completed during the past month, and they list the reports that are due during the forthcoming month (*See Calendar on 6-2*).

### Corresponding Secretary's Calendar

The corresponding secretary is responsible for preparation of the following:

Month	Duty
April	Sends letter nominating Collegiate Leadership Award candidate to the province officer; Annual report to the chapter.

## File Maintenance

A record of the present location of all files is essential.

**Permanent** Records – Permanent file contents should be kept with the most recent reports/forms in front:

- ❑ Annual President's Reports - filed by year
- ❑ Annual Treasurer's Reports - filed by year
- ❑ Approvals for Initiation of Collegiate, Patroness, and Distinguished Members
- ❑ Chapter Minutes
- ❑ Treasurer's records: cash books (ledgers), individual member pages (maybe be saved on CD or flash drive)
- ❑ Chapter Initiation Signature Book
- ❑ Ritual equipment and Ritual books
- ❑ Chapter historical file: scrapbooks, letters of permanent value, disciplinary cases
- ❑ Copies of History Issues of *PAN PIPES*: May 1964, Fall 2003 Centennial issue
- ❑ Copies of *Robert's Rules of Order, Newly Revised*
- ❑ *Sigma Alpha Iota: A History* by K Marie Stolba
- ❑ Chapter Charter location

**Current** Reference Records - Some should be kept for a specified period of time, after which they may be discarded:

- ❑ Copies of Schedule for Official Visit - 3 years
- ❑ Yearbook Directory (optional) - 3 years
- ❑ Treasurer's Budgets - 7 years
- ❑ Bank Statements - 7 years
- ❑ Receipt Books - 7 years
- ❑ List of delinquents - 7 years
- ❑ Ritual Inventories - 3 years
- ❑ Vice president, ritual Annual Reports, and the Ritual Sign Out Sheet for Ritual Music and Master Ritual Copies - 3 years
- ❑ Copies of fraternity publications: *Manual for Members*, *Songs of Sigma Alpha Iota*, *Fr.Ed.*, patroness information, and current brochures

### Suggested Filing System

It is very important that all permanent records are properly organized and safely stored.

Two- or four-drawer metal files, portable metal file boxes, or accordion-type file folders can be used. What is used depends partly on available funds and storage space.

Files can be divided into major categories: current, reference and permanent. Always file by date with the most recent in the front.

In the **current** files, have individual sections for each officer, containing copies of correspondence sent. Sections would be labeled:

- ❑ President
- ❑ Vice Presidents
- ❑ Secretaries
- ❑ Treasurer
- ❑ Other officers

Additionally, have sections for the National President, Executive Director, other national officers, national directors/committee chairmen, regional officer, and province officer for correspondence received from these officers.

The **permanent** section should contain letters pertaining to national fraternity policy, letters pertaining to local professional fraternity matters, important papers and contracts, and disciplinary cases.

The **reference** section should be organized in the same way as the current section. The general rule is to keep copies of correspondence for three years.

**Every September** is a good time to clear correspondence files: discard most correspondence over three years old; move "current" correspondence to "reference."

## TREASURER

The office of treasurer carries great responsibilities. A capable treasurer is a tremendous asset to a chapter. They are the custodian of the chapter's finances and financial record. They are entrusted with managing other people's money. The treasurer's job is complex and detailed. Please refer to **Chapter 8, The Chapter Treasurer** for more detailed job responsibilities.

A collegiate chapter treasurer should serve only one term of office as treasurer. In the event that a Treasurer is needed to serve a second term the chapter must complete the second-term Treasurer request form in the Officer Portal. This form should be submitted by a member of the chapter's nominating committee. Two letters of recommendation must be attached to the form, one from the chapter advisor and one from the nominating committee of the chapter. Once the form and attachments are submitted, the form will go through a review and approval process with the Province Officer, Regional Officer, and NVPF. If approved, the Treasurer and chapter must agree to a set of stipulations emailed by the NVPF with the approval notice.

## EDITOR

The editor is in charge of all chapter **public information**. What the outside world learns about Sigma Alpha Iota is often the result of what the editor has presented to the outside world about chapter activities and events. A communications or information chairman may assist the editor. (*See Chapter 16, Communication: Sending the News.*)

The editor may use any and all available outlets in their community: local city and/or campus newspaper, arts council newsletter, the chapter newsletter, website, etc. Please refer to the fraternity's social media guidelines found in Appendix A and make sure all publicity using these networks is in compliance.

The editor is often responsible for publishing the optional chapter yearbook directory. Instructions for the yearbook directory are in **Chapter 6, the section on Committees (pages 6-10 & 6-13)**.

The editor should send news to the current Collegiate Chapter Comment editor for publication in *Tempo!*, the national newsletter. The procedure for doing this is given in Chapter 16 under **Sending Chapter News to Province and National Publications (pages 16-5 & 16-6)**. If a joint yearbook directory is prepared with the local alumnae chapter, information must be shared in a timely manner.

The editor makes an **annual report** to the chapter in April.

### Publicize Musical Events

- ❑ Make arrangements in advance for newspaper photographers.
- ❑ Always use the correct classification for the fraternity – “Sigma Alpha Iota International Music Fraternity.”
- ❑ Always use the correct form of the word “alumnae.” “Alumna” is the correct form for the female singular. “Alumnae” is the female plural. “Alumnus” is singular male. “Alumni” is plural male and the correct form to use when referring to men and women together.
- ❑ Keep copies of all press releases.

## ARCHIVIST/HISTORIAN (OPTIONAL)

The editor may serve as the chairman of the archives/scrapbook committee. (*See p. 6-10*).

---

## SERGEANT-AT-ARMS

The sergeant-at-arms is the chapter's parliamentarian. They know the chapter's bylaws/LCPM thoroughly. They know, or are willing to learn, about parliamentary procedure. A copy of *Robert's Rules of Order, Newly Revised* is an essential part of their material, and may be purchased from National Headquarters.

## Sergeant-At-Arms Responsibilities

### Meeting Room Preparation

- ❑ A table at the front for the president, vice president, membership, and recording secretary.
- ❑ A chair for the sergeant-at-arms, just inside the door.
- ❑ Chairs for the members arranged to face the table.
- ❑ A gavel, gong, or chime on the table.

### Meeting Responsibilities

- ❑ Answer the door.
- ❑ May assist the vice president, ritual in giving the password and handclasp as members arrive.
- ❑ Give the password and handclasp to latecomers.
- ❑ Take all messages for the members who are present.
- ❑ Count ballots, when used.
- ❑ Help the presiding officer follow parliamentary procedure.

### Ritual Ceremony Responsibilities

- ❑ Assists the vice president, ritual, at all ritual ceremonies.
- ❑ Assists in preparation of the room.
- ❑ Takes an assigned part.

---

## OFFICER RESIGNATIONS AND VACANCIES

The officer must present a written resignation to the chapter for action. In the case of an elected officer, the chapter votes to accept the resignation at the next regular meeting and elects a successor at the same meeting, using *Robert's Rules of Order, Newly Revised (RONR)*. Nominations may be made by committee or from the floor. Regular voting procedures should be followed. If the election causes another vacancy on the executive board, that vacancy should be filled by election at the same meeting. The new officer(s) should be installed at that same meeting.

Vacancies caused by a member leaving school should result in the election of a successor at the next chapter meeting per the guidelines described above.

Vacancies caused by resignation of appointed officers should be filled in accordance with the chapter bylaws/LCPM.

---

### QUESTIONS???

**After receiving training and referring to the appropriate fraternity manual, officers should direct questions about their responsibilities to the chapter president, advisor, PO, RO, or national officer, following the proper communication chain.**

### CONCLUSION

The keys to a healthy chapter are open communication and respect among all officers and between officers and members, a desire to achieve individual excellence and chapter excellence, the ability to follow fraternity procedures, and above all, a true commitment to the Sigma Alpha Iota pledge.

Being a chapter officer is an honor, a privilege, and a charge to be taken seriously. Chapter pride is demonstrated in the way officers work together with members to accomplish great things. Members are happy and look forward to meetings when they are led by committed, efficient, cheerful officers.

# Alumnae Chapter Officers

## INTRODUCTION

**T**he SAI officer has the distinct privilege of radiating the spirit of Sigma Alpha Iota to others. The officer also has an obligation to perform the duties of that office to the very best of their ability, and fulfill all the requirements that come with their office. The officer must fulfill their duties with efficiency, promptness, understanding, and kindness. They must be knowledgeable of all facets of the fraternity.

**All fraternity members should support their officers.**

Officers, in turn, have a right to expect the support of the membership.

The duties of alumnae chapter officers are explained in this chapter. A large amount of instruction is presented here, but this is not the only chapter in this manual where an officer will find needed information. It will be necessary for the officer to refer to other sections of this manual as well.

## Chapter Executive Board

The chapter executive board is composed of all elected officers. Chairmen of standing committees may be invited to an Executive Board meeting, as circumstances require.

The executive board should meet before each Formal Business Meeting. (In very small chapters, a separate meeting may be unnecessary.) The president may call special meetings. Bylaws should state the number of board members required to have the vice president call a meeting if the president fails to call a needed meeting.

If the executive board does its work properly, much time can be saved in chapter meetings. Since everyone's time is precious, and no one wants to be held at a long meeting, especially if discussion on an issue becomes argumentative, proper preliminary work by the executive board is invaluable.

## Term of Office

Officers serve for a specified amount of time called a term of office. The bylaws should specify when the term begins and when it ends.

Most Sigma Alpha Iota alumnae chapters conduct their business and activities on a schedule roughly from August through June. Many specify that a term of office lasts for one to two years. **It is recommended that officers change at least every two years on a rotating basis with the President being elected during the opposite year as the Treasurer.** New officers are installed in late spring.

Chapters may work with their province officer to devise a system that meets their own needs in the most effective way. However, the content of annual reports to province, regional, and national officers should cover an academic year.

## Duties of the Executive Board

This is an overall list of duties of the executive board as a governing entity.

- ❑ To prepare recommendations, relative to chapter activities and actions, for approval by the chapter at regular meetings.
- ❑ To handle all matters not requiring a chapter meeting or a chapter vote and to report those matters to the chapter at the next meeting.

- ❑ To enforce chapter bylaws.
- ❑ To encourage chapter members to support national and chapter obligations and to inform all members about the benefits of the SAI National Alumnae Association. (*See page 5-12*)
- ❑ To see that any situation not covered by chapter bylaws is referred to the province officer, regional officer, and/or appropriate National Officer.
- ❑ To see that proper procedures are observed in any disciplinary action:
  1. Assure that the member has the opportunity to present their case to the executive board;
  2. The board advises the member of contemplated action and informs the province officer and regional officer of the proposed action;
  3. The board sends all information to the National Vice President, Alumnae Chapters for vote of the National Executive Board;
  4. The board must withhold final action until it receives the report of the NEB decision.
- ❑ To ensure that each officer performs their duties in a satisfactory manner and submits all required reports.
- ❑ To arrange for another chapter member to review the treasurer's annual report before final submission. (*See page 8-10*)

## THE OFFICERS

The officers of the executive board of the alumnae chapter are as follows:

**President**  
**Vice President, Membership and Programs**  
**(or a separate vice president for each function)**  
**Vice President, Ritual**  
**Recording Secretary/Corresponding Secretary**  
**Treasurer**  
**Editor**  
**Archivist/Historian (optional)**  
**Sergeant-at-Arms (optional)**

Each officer must have a copy of

- ❑ *Chapter Procedures Manual* (available online at [www.sai-national.org](http://www.sai-national.org) or through the Officer's Portal Document Library).
- ❑ National Articles of Association and Bylaws
- ❑ Chapter bylaws
- ❑ A working notebook specialized for the office they hold.

**Each Officer Must:**  
**Keep a current notebook for the**  
**specific office;**  
**Be thoroughly familiar with the**  
**contents of the Chapter**  
**Procedures Manual;**  
**Memorize assigned Ritual parts;**  
**Pay financial obligations**  
**promptly;**  
**Make an annual report;**  
**Meet their reporting deadlines;**  
**Train the person who**  
**succeeds them;**  
**Maintain annual/current**  
**SAI Alumnae Association**  
**membership.**

Each officer must create their own login for the Officer Portal (*See Appendix D for further instructions.*).

Some officers have specific reports that must be submitted on the Officer Portal. The due dates for these reports are posted on the fraternity website, [www.sai-national.org](http://www.sai-national.org). The posted deadlines have been chosen to accommodate the average chapter calendar as well as meet the needs of province, regional, and national officers.

## Officer Training Suggestions

Newly elected and retiring officers should meet for an individual conference. (Guidelines for training alumnae chapter officers may be found on the OP in the Document Library under Policies & Procedures.)

The workshop format is a good method for providing officer training, for it allows all officers to know and understand the duties of all other officers. Also, members who are continuing on the executive board in another office can instruct their successors and be instructed by their predecessors in one session. Workshop discussions should include the following topics:

- ❑ Discussion of the duties of all officers as stated in the *Chapter Procedures Manual*;
- ❑ Explanation by the retiring officer of the duties of the office to the newly elected officer;
- ❑ Discussion of suggestions for future projects;
- ❑ Transfer of files and other materials from outgoing officer to newly elected officer.

The workshop could conclude with the first executive board meeting of the new officers. At this meeting they would make committee appointments, establish chapter goals for the new fraternity year (using the National Objectives as a guide), plan the chapter's calendar (including fundraising events and service projects), and determine areas of chapter life that need special attention.

### QUESTIONS???

**After receiving training and referring to the appropriate Fraternity manual, an officer should direct questions about their responsibilities to the chapter president, PO, RO, or national officer.**

## PRESIDENT

The office of president requires a person with leadership qualities, energy, organizational skills, and patience. Facilitating the business of the chapter, the president:

- ❑ Presides at all chapter and executive board meetings unless they are unable to be present;
- ❑ Serves as presiding officer for initiations or affiliations;
- ❑ Installs chapter officers;
- ❑ Appoints committee chairmen, acting as ex-officio member on every committee (except the Nominating Committee);
- ❑ Serves as the official delegate to a national convention (if they are unable to fulfill this function, another chapter member should be designated by the chapter as the official delegate);
- ❑ Represents the alumnae chapter as official contact member;
- ❑ Delegates members to carry out the responsibilities of the chapter.

The president may call special meetings when necessary and organize workshop and training sessions for new and retiring officers. The president acts as a co-coordinator for joint collegiate and alumnae activities.

A well-organized president has a notebook that contains at least the following information:

- ❑ The items mentioned previously that must be in the possession of all chapter officers;
- ❑ Notes from the previous year's chapter and executive board meetings;
- ❑ Notes concerning all chapter events and how they are organized;
- ❑ A list of suggested future projects;
- ❑ A copy of the previous year's annual report;
- ❑ A copy of the current year's budget;
- ❑ All the agendas and notes for meetings that have already been held during the current year.

## The President's Tentative Calendar

Leading the chapter involves much planning with the Executive Board. The following calendar is suggested.

### **Summer**

- ❑ Plan the optional yearbook directory with the yearbook directory chairman
- ❑ Outline meetings for the coming year, referring to fall and annual reports
- ❑ Plan fundraising projects with the treasurer
- ❑ Study the National Objectives and develop ideas for fulfilling those objectives
- ❑ With the vice presidents, plan outreach to all SAIs in the area.
- ❑ Develop a community service project

### **September**

- ❑ Begin holding regular meetings
- ❑ Preside over regularly scheduled meetings and continue throughout the year
- ❑ Check chapter files with the corresponding secretary
- ❑ Distribute NH mailings to the appropriate officers (via email or hard copy)
- ❑ Prepare for the Official Visit of the province officer, should an on-site visit be scheduled
- ❑ Send the Official Visit Evaluation form within 2 weeks to the Regional Officer after the on-site or phone visit is completed
- ❑ Check local concert listings for appearances by SAI Distinguished Members

### **October-November**

- ❑ Coordinate the chapter's activities
- ❑ Update chapter roster sent by NH and return promptly
- ❑ Arrange for the study of and possible amendment or revision of the chapter's bylaws
- ❑ Submit the Alumnae Chapter President's Fall Report via the Officer Portal by the stated deadline

### **December**

- ❑ Observe Incorporation Day as close as possible to December 15 (or observe Founders Day as close as possible to June 12)

### **January-February**

- ❑ Continue regularly scheduled meetings
- ❑ Organize the election of the Nominating Committee
- ❑ Appoint the Honors Committee for the selection of Sword of Honor, Patroness Sword of Honor, Rose of Honor, Rose of Dedication, Rose of Constancy, Wreath of Achievement, Ring of Excellence, and Alumnae Leadership Award nominees

### **March**

- ❑ Submit annual chapter bylaws report on the OP
- ❑ Preside over the election of new officers
- ❑ Arrange for voting on recipients of chapter honors and see that award applications are submitted via the OP by the president, treasurer, or VP Ritual

### **April - May**

- ❑ Install new officers in either April or May
- ❑ Honor graduating seniors of any local collegiate chapter
- ❑ Retiring president:
  1. Prepare and submit the Annual Report of Alumnae Chapter President
  2. Read the Annual Report of Alumnae Chapter President to the chapter and place a copy in the chapter files.
  3. Confirm with the treasurer that all bills have been paid and proposed contributions to SAI Philanthropies, Inc. have been sent to NH
- ❑ New president:
  1. Supervise the presentation of special awards
  2. Confirm that each new officer has the materials of their office
- ❑ Submit new officers on the Officer Portal by the stated deadline, *after* all current officers have submitted their reports

### **June**

- ❑ Observe Founders Day as close as possible to June 12 (or observe Incorporation Day as close as possible to December 15)

The chapter president will receive most mailings from NH, other national officers, Sigma Alpha Iota Philanthropies, Inc., and the province officer. **The president must always share this material with the other members of the chapter.**

**Whenever any officer receives a communication that is directed to the chapter, a time for reading it must be placed on the meeting agenda.**

## Communication with Province, Regional, and National Officers

Regular communication with the province, regional, and national officers is a requirement for the chapter president. Although contact with these officers may be made any time the president wishes, the alumnae president has three required contacts. All have been listed above in the proposed calendar. Here are more details about each required contact.

**Prepare for the Official Visit of the Province Officer - Each chapter is required to host the province officer for an official visit at least once during each triennium.** The NVP, Alumnae Chapters will determine whether the PO is to make a physical visit or is to conduct a telephone conference. To implement this, either the province officer or the chapter president may initiate the contact to arrange for the visit. In communities where both collegiate and alumnae chapters are active, the official visit to the alumnae chapter may occur in conjunction with the visit to the collegiate chapter. **A plan for an effective official visit is given in Chapter 10, Working With Province, Regional, and National Officers, page 10-3.**

**The Fall Report** is submitted on the Officer Portal by the posted deadline.

**The Annual Report** is submitted on the Officer Portal by the posted deadline. The president who has presided over the chapter during the fraternity year just completed makes this report. The report asks for some information in objective statistics and some in prose writing. Good record keeping throughout the whole year is essential for preparing a thorough, accurate annual report. The annual report is studied by the province officer, regional officer, and by national officers. It is an important source of information used in determining the recipient of the Helen May National Alumnae Chapter Achievement Award. Complete, accurate information is most valuable. One copy is placed in the chapter files.

## VICE PRESIDENT MEMBERSHIP AND PROGRAMS

The vice president of an alumnae chapter presides at meetings and functions in the absence of the president. Some alumnae chapters choose to have two separate officers for the membership and program functions: vice president, membership; vice president, program.

The vice president is the membership chairman. For this reason it is advisable for them to have among the standard materials of office fraternity brochures, copies of *PAN PIPES* and *Tempo!*, and a file of old yearbook directories. Part of their responsibility is to keep in contact with resident alumnae who are not participating actively in the alumnae chapter. This can be done in a variety of ways such as newsletters, special invitations, an email list, chapter website, etc. It is important during the summer that they also work closely with the chapter yearbook directory chairman so that programs are printed accurately in the yearbook directory.

After chapter approval, the vice president, membership is responsible for inviting women to patroness membership. The VPM submits the Approval for Patroness Initiation, collects the initiation fee from the prospective patroness member and arranges for the treasurer to send it in one month prior to the requested initiation date. If a prospective patroness wishes to take the patroness education program, the VPM will make arrangements. The curriculum for patroness training is available on the Officer Portal. During

training, they should thoroughly explain local and national projects of the fraternity and the privileges and obligations of patroness membership. Prior to a patroness initiation, the VPM must receive the approval form from the PO and the patroness badge from National Headquarters.

The VPM is also responsible for submitting candidates for Distinguished Membership, after chapter approval. They should follow the procedures as outlined.

The VPM is responsible for all the paperwork connected with affiliations and initiations. Copies of these forms are available on the website. Affiliation request must be submitted through the Officer Portal. Approved forms for Patroness or Distinguished Members candidates are submitted through the Officer Portal.

### **SAI PROCEDURES FOR INITIATING A DISTINGUISHED MEMBER**

Please follow these requirements to expedite the approval process.

1. **ALWAYS USE THE CURRENT APPROVAL FOR INITIATION FORM** to ensure accurate processing. Forms are available on the Officer Portal. The VPM submits the nomination form on the Officer Portal.
2. **WRITE A COVER LETTER** introducing the candidate and explaining why your chapter is nominating this person as a Distinguished Member and submit the application. Without all the information requested, no candidate can be approved. Include where materials are to be sent, and the current email address of the chapter officer.
3. **PROVIDE ADEQUATE DOCUMENTATION.** It is important to provide enough information, including a resumé, for the committee members to make a fair decision for approval of your candidate. Include a photo for the permanent records.

### **ALLOW 6-8 WEEKS TO RECEIVE APPROVAL FOR ALL DISTINGUISHED MEMBERS.**

These applications are reviewed by the Distinguished Membership Committee. This is a realistic time frame for processing requests. Please be courteous of the time our volunteers give to the approval process and allow ample time for processing. *(Membership materials and invoices are sent to the chapter from NH after approval by the committee.)*

**SAI DISTINGUISHED MEMBER INITIATION FOLLOW-UP REPORT.** Be sure to fill out this form on the Officer Portal, as the information is used as confirmation of initiation and for publicity in fraternity publications. Photographs submitted electronically must be at least 150 dpi resolution in EPS, JPEG or TIFF formats.

The vice president is often the chapter's program chairman. Their duties begin in the summer when they meet or contact the alumnae chapter president, the collegiate chapter president as appropriate, and the president/chairman of the patroness group (if one exists), to plan joint programs.

## **The Vice President's Calendar**

A proposed calendar for the vice president(s) follows:

### **Summer**

- ❑ Plan chapter programs for the year; send to the chapter yearbook directory chairman
- ❑ Plan methods to expand membership through recruitment and retention

### **September/October**

- ❑ Contact possible affiliates, potential patronesses, and all resident inactive alumnae
- ❑ Submit Application for Affiliation on the Officer Portal for any fall affiliates, making sure they have paid the National Alumnae Association annual dues. Approval for affiliation must be received from NH before any affiliation ceremony is held.

### February/March

- ❑ Submit Application for Affiliation for any spring affiliates. Approval for affiliation must be received from NH before any affiliation ceremony is held.

### April/May

- ❑ Coordinate with the chapter president to include in their annual report a list of musicale programs, descriptions of projects, and a list of compositions performed at chapter meetings
- ❑ Make an annual report to the chapter and/or executive board; file a copy in the vice president's notebook.

---

## VICE PRESIDENT, RITUAL

The vice president, ritual is in charge of all Ritual ceremonies and is the custodian of the chapter ritual books and the ritual equipment. Their love for the Ritual of SAI and their attitude toward the presentation of the Ritual sets the tone for the whole chapter. They utilize the Ritual Sign-Out Sheet at all times.

In addition to caring for and supervising the use of ritual equipment, and supervising the preparation of and presentation of ritual ceremonies, the vice president, ritual makes an annual report to the chapter and submits it through the Officer Portal by the posted deadline.

Please read **Chapter 9, The Sigma Alpha Iota Ritual**, for more details.

## RECORDING SECRETARY

The Recording Secretary has three principal functions:

1. To take and keep accurate Minutes of all chapter and executive board meetings and to make them available to the chapter at the appropriate time
2. To keep the attendance record
3. To keep the chapter membership record up to date. The alumnae chapter membership record may be in the form of the traditional SAI card file, or it may be a computer database, if applicable.

They must also make an **annual report** to the chapter.

In addition to the standard items that each officer must have in their possession, the well-organized recording secretary must have the official Minutes and an attendance book, and they must know the location of the chapter's membership records.

## Secretarial Record Keeping

### Minutes

Minutes are the principal historical record of the chapter. Chapter business, a summary of every discussion, every motion made, every vote taken, and all the results are recorded in the Minutes. Who said or did what, or will do what, is vital information (use first and last names). Minutes should be written so that someone who was not present at the meeting will be able to understand what took place at the meeting and what decisions were made.

Minutes are kept in a form that will insure their survival for several generations. The standard way of keeping minutes, handwritten in a bound volume, is not the only way anymore. It is still an acceptable way, but modern technology has provided us with other alternatives.

Many secretaries take their notes at the meeting, then type them into the computer and generate a copy (or copies) from there.

Minutes should be distributed in advance. At the next meeting, they should be corrected if necessary, and approved. After approval the president must countersign the Minutes. **A permanent file of the printed, signed minutes should be maintained** along with a digital copy for the chapter archives.

*(See Chapter 17, A Good Meeting, page 17-9 for Sample Minutes.)*

### Attendance Records

The recording secretary keeps the record of attendance at chapter meetings. An up-to-date alphabetical listing of the membership is one of the essential materials of the recording secretary. The attendance records should be part of the Minutes, telling how many members attended the meeting and whether a quorum was present.

### Membership Records

An alumnae chapter may choose to put its membership list on a digital database. A chapter may also choose to use a card file as its membership record. The recording secretary is responsible for maintaining the card file or database. A membership card or digital record should be on file for every person who was affiliated by the chapter, or, in the case of patronesses and Distinguished Members, initiated by the chapter.

Every time new information is received about a member's name or whereabouts, it should be entered on their membership card or digital record. Correspondence received is one way of keeping the records up-to-date with name and address changes. It takes time and effort, but is well worth the trouble. The record of fraternity honors should also be updated each year.

When information about a member's death is received, record "Deceased" and the date of death on the affiliate card or record. At the same time, notify NH of the death of the member.

Finally, the recording secretary has a few other important duties:

- ❑ Keep NH informed of address changes;
- ❑ Attach all amendments to chapter bylaws to Minutes and recording secretary's notebook;
- ❑ Make an Annual Report to the chapter.

## CORRESPONDING SECRETARY

The corresponding secretary has three principal responsibilities:

1. To attend to chapter correspondence;
2. To confirm that all officers have submitted the necessary reports through the Officer Portal (*See Calendar on page 7-3*) and refer to the Officer Portal for any calendar updates);
3. To maintain the chapter's permanent files.

They must also make an annual report to the chapter.

In addition to the standard items that each officer should have in their possession, the well-organized corresponding secretary has a record of the chapter's files: the complete contents and where they are kept. The corresponding secretary also needs two address lists: collegiate chapter members (if nearby) and active and inactive alumnae and patroness members. The corresponding secretary may write to National Headquarters for a list of members living in the area of the chapter by providing zip codes. This list is also available in the Officer Portal, Document Library.

### Correspondence

- ❑ The corresponding secretary sends invitations to chapter functions to local alumnae, Distinguished Members, and patronesses, invitations to membership or affiliation, and "thank-you" notes and other courtesy notes.
- ❑ They answer all letters addressed to the entire chapter, in consultation with the president.
- ❑ They handle all correspondence with civic organizations.
- ❑ They order supplies for the chapter in consultation with the treasurer.
- ❑ They assist with the publication and mailing of the chapter newsletter

### Corresponding Secretary – Additional Responsibilities

- ❑ Confirms all officers' files are correct and up to date;
- ❑ Confirms that officers submit reports on the Officer Portal by the due date. Sets up a monthly calendar listing the due dates. Records the date that a report is submitted;
- ❑ Makes a monthly report to the chapter with officers' duties that were completed during the past month, and lists the reports that are coming due during the forthcoming month.

## Corresponding Secretary's Calendar

The corresponding secretary is responsible for the following:

Month	Duty
March	Sends letter nominating Alumnae Leadership Award candidate to the province officer.
April	Acquires a list of spring graduates from local collegiate chapter for possible affiliation with the alumnae chapter.

## File Maintenance

A record of the present location of all files is essential.

Permanent file contents should be kept with the most recent reports/forms in front:

- ❑ Annual President's Reports - filed by year
- ❑ Annual Treasurer's Reports - filed by year
- ❑ Chapter Minutes
- ❑ Treasurer's records: cash books, individual member pages, (may be printed or saved in a digital format)
- ❑ Card file or computerized lists
- ❑ Chapter Initiation Signature Book
- ❑ Ritual equipment and Ritual books
- ❑ Chapter historical file: Letters pertaining to national fraternity policy and local fraternity matters, important papers and contracts, chapter history and scrapbooks, disciplinary cases
- ❑ Copies of History Issues of *PAN PIPES*: May 1964, and Fall 2003
- ❑ Copies of *Robert's Rules of Order, Newly Revised*
- ❑ Copies of fraternity publications: Songs of Sigma Alpha Iota, Fr.Ed., patroness information, current brochures
- ❑ *Sigma Alpha Iota: A History* by K Marie Stolba
- ❑ Chapter Charter location

Current Reference Records. Some should be kept for a specified period of time, after which they may be discarded:

- ❑ Copies of Schedule for Official Visit - 3 Years
- ❑ Treasurer's Budgets - 7 Years
- ❑ Yearbook Directories - 3 Years
- ❑ Copy of List of Members returned to NH with corrections - 3 years
- ❑ Bank Statements - 7 years
- ❑ Receipt Books - 7 years
- ❑ Ritual Inventories and Ritual Sign Out Sheet for Ritual Music and Master Ritual Copies - 3 years

## Suggested Filing System

It is very important that all permanent records are properly organized and safely stored.

Two- or four-drawer metal files, portable metal file boxes, or accordion-type file folders can be used. What is used depends partly on available funds and storage space.

Files can be divided into major categories: current, reference and permanent. Always file by date with the most recent in the front.

In the **current** files, have individual sections for each officer, containing copies of correspondence sent. Sections would be labeled:

- ❑ President
- ❑ Vice Presidents
- ❑ Secretaries
- ❑ Treasurer
- ❑ Other officers

Additionally, have sections for the National President, Executive Director, other national officers, national directors/committee chairmen, regional officer, and province officer for correspondence received from these officers.

The **permanent** section should contain letters pertaining to national fraternity policy, letters pertaining to local professional fraternity matters, important papers and contracts, and disciplinary cases.

The **reference** section should be organized in the same way as the current section. The general rule is to keep copies of correspondence for three years.

**Every September** is a good time to clear correspondence files: discard most correspondence over three years old; move "current" correspondence to "reference."

## TREASURER

The office of treasurer carries great responsibilities. A capable treasurer is a tremendous asset to a chapter. They are the custodian of the chapter's finances and financial record. They are entrusted with managing other people's money.

The treasurer's job is complex and detailed. They have their own chapter in this manual. Please refer to **Chapter 8, The Chapter Treasurer**.

---

## EDITOR

The editor is in charge of all chapter **public information**. What the outside world learns about Sigma Alpha Iota is often the result of what the editor has presented to the outside world about chapter activities and events. A communications or information chairman may assist the editor. (*See Chapter 16, Communication: Sending the News.*)

The editor may use any and all available outlets in their community: local city and/or campus newspaper, arts council newsletter, the chapter newsletter, the chapter website, etc. Please refer to the fraternity's social media guidelines found in Appendix A-5 and make sure all publicity using these networks is in compliance.

The editor is often responsible for publishing the optional chapter yearbook directory. Instructions are in **Chapter 7, Alumnae Chapter Management, the section on Committees, pages 7-11 & 7-13**. If a joint yearbook directory is prepared with the collegiate chapter, information must be shared in a timely manner.

The editor should send news to the current Collegiate Chapter Comment editor for publication in *Tempo!*, the national newsletter. The procedure for doing this is given in Chapter 16 under **Sending Chapter News to Province and National Publications (pages 16-5 & 16-6)**.

The editor makes an **annual report** to the chapter in May.

### Publicize Musical Events

- ❑ Make arrangements in advance for newspaper photographers
- ❑ Always use the correct classification for the fraternity – “Sigma Alpha Iota International Music Fraternity”
- ❑ Always use the correct form of the word “alumnae.” “Alumna” is the correct form for the female singular. “Alumnae” is the female plural. “Alumnus” is singular male. “Alumni” is plural male and the correct form to use when referring to men and women together.
- ❑ Keep copies of all press releases.

---

## ARCHIVIST/HISTORIAN (OPTIONAL)

The editor may be the historian for the chapter. They may keep the scrapbook, and they write an update to the chapter's history at the end of each fraternity year. The annual chapter history record should include:

- ❑ Names of all the officers for the year
  - ❑ Names of all affiliates for the year
  - ❑ A listing of musicales and special events
  - ❑ Names of those who received honors, collegiate chapter contacts, major chapter decisions, number of members, and average attendance
  - ❑ Pictures, programs, and newspaper clippings are essential material for the scrapbook.
-

## **SERGEANT-AT-ARMS (OPTIONAL)**

The sergeant-at-arms is the chapter's parliamentarian. They know the chapter's bylaws thoroughly. They know, or are willing to learn, about parliamentary procedure. A copy of *Robert's Rules of Order, Newly Revised* is an essential part of their material and may be purchased from National Headquarters.

### **Sergeant-At-Arms Responsibilities**

#### **Meeting Room Preparation**

- ❑ A table at the front for the president, VPM, and recording secretary.
- ❑ A chair for the sergeant-at-arms, just inside the door.
- ❑ Chairs for the members arranged to face the table.
- ❑ A gavel, gong, or chime on the table.

#### **Meeting Responsibilities**

- ❑ Answers the door.
- ❑ May assist the VPR in taking the password and handclasp as members arrive.
- ❑ Gives the password and handclasp to latecomers.
- ❑ Takes all messages for the members who are present.
- ❑ Counts ballots, when used.
- ❑ Helps the presiding officer follow parliamentary procedure.

#### **Initiation Ceremony Responsibilities**

- ❑ Assist the vice president, ritual, at all ritual ceremonies.
- ❑ Assists in preparation of the room.
- ❑ Takes an assigned part.

---

## **OFFICER RESIGNATIONS AND VACANCIES**

The officer must present a written resignation to the chapter for action. In the case of an elected officer, the chapter votes to accept the resignation at the next regular meeting and elects a successor at the same meeting using *Robert's Rules of Order, Newly Revised (RRNR)*. Nominations may be made by committee or from the floor. Regular voting procedure should be followed. If the election causes another vacancy on the executive board, that vacancy should be filled by election at the same meeting. The new officer(s) should be installed at the same meeting.

Vacancies caused by resignation of appointed officers should be filled in accordance with the chapter bylaws.

---

## **SAI ALUMNAE ASSOCIATION**

The SAI Alumnae Association is a way for individual SAIs to stay connected to the Fraternity and provide continuing support of our sisterhood. All alumnae chapter members must either pay national dues through the SAI Alumnae Association or be exempt (may be requested at age 70 or when reaching 50 years of membership. See p.2-6 for more information.). Its benefits include:

- ❑ a subscription to the national newsletter, *Tempo!*, which carries fraternity updates and news about chapters
- ❑ a subscription to *PAN PIPES*, the quarterly journal
- ❑ announcements about current Philanthropies' scholarships and grants for continuing education
- ❑ National Convention news

When SAI has current contact information for alumnae as they relocate around the country, local alumnae chapters benefit with news of potential new members. In the Officer Portal, alumnae chapters will find a zip code list, updated in real time, that provides contact information for members who are new to the area. Alumnae chapter officers need to educate new affiliates about paying national dues through the Alumnae Association. See **Chapter 7, Alumnae Chapter Management**, and **Chapter 8, The Chapter Treasurer**, for more details about the SAI Alumnae Association.

## CONCLUSION

The keys to a healthy chapter are open communication and respect among all officers and between officers and members, a desire to achieve individual excellence and chapter excellence, the ability to follow fraternity procedures, and above all, a true commitment to the Sigma Alpha Iota pledge.

Being a chapter officer is an honor, a privilege, and a charge to be taken seriously. Chapter pride is demonstrated in the way officers work together with members to accomplish great things. Members look forward to meetings when they are led by committed, efficient, and cheerful officers.

### QUESTIONS???

**After receiving training and referring to the appropriate fraternity manual, an officer should direct questions about their responsibilities to the chapter president, province officer, regional officer, or a national officer.**

# Collegiate Chapter Management

SAI Chapter Procedures Manual

## INTRODUCTION

A smooth-running chapter is the result of many people knowing their responsibilities thoroughly and performing them diligently, efficiently, and cheerfully. This chapter will present some tried-and-true methods of organizing the chapter work to help officers and members fulfill their duties.

## OBLIGATIONS OF ALL COLLEGIATE CHAPTERS

### To the National Fraternity

- ❑ **To fulfill the national objectives.** The National Objectives are selected each triennium to serve as specific goals for chapters. Fulfillment of the objectives is the basis for selecting the recipient of the Katherine Becker National Collegiate Chapter Achievement Award. The objectives should be read to the chapter several times each year. They should be printed in the chapter yearbook directory and used for Fraternity Education. The chapter should organize its activities so that the objectives will be fulfilled.
- ❑ **To send a delegate to national conventions.**
- ❑ **To observe all proper procedures for official visits of province, regional, and national officers.**
- ❑ **To honor national policies on such issues as hazing, alcohol, use of controlled substances, and relations with other fraternities.**

- ❑ **To work actively in promoting all Sigma Alpha Iota projects.**

### To the Ritual of Sigma Alpha Iota

## CHAPTER MEETINGS

Meetings are where things should get done! Projects are discussed, and decisions are made. Members of the chapter should leave meetings feeling uplifted, included, confident, and enthusiastic.

### General Rules

Only initiated, active members of a collegiate chapter may attend its chapter meetings, along with advisors, invited alumnae (when appropriate), and NOC members. An exception can be made to that rule for the non-SAI advisor to attend a meeting during the time when no Ritual is being conducted. The non-SAI advisor may enter the meeting after the Opening Ceremony is completed and leave before the Closing Ceremony begins.

All members should be respectful, refraining from cell phone use and silencing all non-essential electronic devices during the meeting.

The following people may vote at meetings:

- ❑ Members of the chapter in good standing who are in attendance
- ❑ Only collegiate members may vote at a collegiate chapter meeting

A certain number of members must be present at a meeting in order to transact business (a **quorum**). The quorum for collegiate chapters is 2/3 of the members in *good* standing per the collegiate bylaws template. Nothing that happens in a meeting without a quorum is legal or binding on the chapter.

Collegiate chapters **must have** one Formal Business Meeting per month and other meetings weekly or biweekly. Meetings must occur more frequently than once a month in order for projects and activities to be accomplished and sisterhood to be developed and maintained.

### Attendance

Regular attendance at meetings by each member is very important, for the work of the organization cannot go forward without the support of the membership.

Collegiate chapter members must fulfill certain attendance requirements: to attend all meetings and to attend all Ritual ceremonies, unless excused under the following conditions.

- ❑ Requests for excused absence must be made in writing prior to the scheduled meeting and may be for illness, absence from the city, work conflict, professional engagement, or class schedule.
- ❑ Excuses may be received and approved by the president, treasurer, or recording secretary. The recording secretary notes the excused absence in the roll book and reports the absence to the chapter.

- ❑ Requests for excuses for any other reason, having been reviewed first by the executive board, shall be read to the chapter and accepted or rejected by chapter vote. If the absence is unexcused, the member must be notified and the matter referred to the chapter executive board for proposed action, as outlined in each chapter's bylaws and procedures.

## The Formal Business Meeting

The meeting begins with the vice president, ritual, assisted by the sergeant-at-arms, taking the password and giving the handclasp as members enter the meeting room. (There is no formal knock, just taking the handclasp. Do not close the door after each member.)

The president calls the meeting to order with the fraternity knock, and the vice president, ritual recites the Opening Ceremony of the Formal Business Meeting.

The meeting is called to order. Minutes are presented, approved, and taken. Reports are presented. Unfinished business and new business are discussed. Motions are made and discussed, and voting takes place. The meeting is adjourned. Attendance requirements and quorum requirements are the same for informal meetings as they are for Formal Business Meetings. In fact, all business meetings could be Formal Business Meetings if the chapter so desires.

### Formal – Informal?

**Many chapters call the meetings that take place between Formal Business Meetings “informal meetings.”**

**Informal meetings do not open and close with a Ritual ceremony.**

**That is the only difference!**

## Meeting Agenda Overview – All Meetings

- ❑ The meeting is called to order.
- ❑ The recording secretary, having distributed the Minutes of the previous meeting in advance, accepts additions or corrections as called for by the president. If no corrections are needed, the Minutes are approved as presented and counter-signed by the president. If corrections are needed, the Minutes are approved as corrected and counter-signed by the president.
- ❑ The various officers and committee chairmen make their reports.
- ❑ The corresponding secretary, or other designated officer, reads correspondence that has been received since the last meeting, including releases from National Headquarters
- ❑ Recommendations of the executive board are read to the chapter and moved for adoption by the recording secretary. Discussion and voting on each recommendation follows.
- ❑ Unfinished (old) business
- ❑ New business
- ❑ Fraternity Education
- ❑ Musicales
- ❑ Closing Ceremony (Ritual)

*(See Chapter 17, A Good Meeting, page 17-8, for a sample meeting agenda.)*

## Deviations from the Standard Meeting Agenda

Variations in meeting procedure will occur to meet special needs.

### First Meeting of the Year

The first meeting of the year will be different from others. Plans for the year will be completed. The adoption of the budget should be one of the business items. Plans for the yearbook directory might be one of the business items. The first meeting should definitely include a reading of the **National Objectives**.

### Visitor

When a visitor (such as the province officer, a national or regional officer, college administrator, Distinguished Member) is present at a meeting, the Formal Business Meeting should be used and the general meeting plan should be followed. The non-SAI visitor would be admitted after the Opening Ceremony and excused before the Closing Ceremony. It is wise to limit the number of reports to only those that are absolutely necessary and to keep business to a minimum. It is important that the visitor be given time to address the chapter.

### Province Officer's Official Visit

At the required chapter meeting held during the Official Visit of the province officer, the province officer should address the chapter after essential business has been completed and before the Closing Ceremony.

### Installation of Officers

The last meeting conducted by retiring officers will include the Installation of Officers Ceremony for new officers.

### Evaluation Meeting/Executive Board Retreat

An evaluation meeting or retreat can be very useful. It should be held at the close of the chapter year to appraise accomplishments. Topics addressed in evaluation meetings include the following:

- ❑ How well did the chapter fulfill the National Objectives?
- ❑ How well did the chapter fulfill *Chapter Procedures Manual* requirements?
- ❑ Did chapter members cooperate well with one another? Did the officers coordinate their duties well? Does the chapter have a sense of unity? Were all members' abilities put to use?
- ❑ Is every member in good financial standing? Have all graduating seniors been informed about the SAI Alumnae Association?
- ❑ Were meetings well organized, and did they cover the chapter's business?
- ❑ How is the chapter spirit? Does a feeling of sisterhood prevail?
- ❑ Did the chapter participate in national SAI projects?
- ❑ Did a sufficient amount of music-making occur, and was it of good quality?
- ❑ Were membership selection procedures effective? Was recruiting a success?
- ❑ Was membership education a good educational, musical, and social experience for members and members-in-training?
- ❑ Did the chapter sponsor local projects?
- ❑ Relationships with the school and wider campus: How successful was service performed, promotion, public relations, and chapter participation in campus events?
- ❑ How were the relationships between the collegiate and alumnae chapters? Did the chapters work together on projects?

- ❑ Was the yearbook directory satisfactory?
- ❑ Were all Ritual presentations well prepared and well received?
- ❑ Were Fraternity Education programs interesting and effective?
- ❑ Was officer training effective?

After careful evaluation, chapter officers and committee chairmen should adopt attainable goals for the coming year and plan specific projects needed to carry out the goals. Each officer/committee chairman should prepare a written syllabus of procedures needed to carry out their assigned project, listing, among other necessary information, dates, contact persons, and pitfalls. A copy of this syllabus should be given to the incoming officer concerned with the project and the incoming president.

## Special Meetings

Special meetings may be called by the president or by a number of members as prescribed in the chapter bylaws. Opening and closing ritual is not required at special meetings. Minutes do not have to be read, and reports not pertinent to the business of the meeting should be eliminated. Minutes should be taken. Parliamentary procedure should be used for all business conducted.

## OFFICERS AND COMMITTEES

### Officer Elections

Chapter officers are elected according to *Robert's Rules of Order, Newly Revised (RONR)*. *Robert's Rules* is the standard resource for parliamentary procedure. It should be part of every chapter's supplies. It is readily available from all book-selling businesses and from NH.

The first step is to **elect the Nominating Committee**. The Nominating Committee should be elected at a meeting in January or very early February. It should consist of three members, as prescribed in chapter bylaws.

The election of officers is not a popularity contest. The duty of the Nominating Committee is to create a slate of officers from the members with the best qualifications for each office. All officers must be full-time students in the school where the chapter is located. To do this correctly, committee members should first study the chapter on Collegiate Chapter Officers, Chapter 4. The committee must confirm that all candidates are in good standing. Finally, the committee must secure the consent of the candidate before placing their name in nomination.

The collegiate president and treasurer may not serve more than one term of office without the approval of the regional officer in consultation with the appropriate NVP. **Before placing a president or treasurer's name on the slate for a second term, the nominating committee MUST complete the second-term request form on the officer portal and provide letters of recommendation from the chapter advisor and nominating committee. This request form will be reviewed by the Province Officer, Regional Officer and NVPCC or NVPF. Stipulations for approval will be communicated through the appropriate NVP.**

The Nominating Committee's report should be presented to the chapter at a meeting in February unless the province officer approves a later time. The president should, at this time, ask for nominations from the floor.

Elections should be held in accordance with *Robert's Rules of Order, Newly Revised* and any rules provided for in the chapter bylaws/LCPM. When more than one member is nominated for the same office, the vote for that office shall be by ballot. A **majority vote** constitutes an election. If no candidate receives a majority of the votes, which is more than half of the votes cast, the candidate with the lowest number of votes shall be dropped from the ballot, and another vote must be held. Voting must continue until one candidate receives a majority of the votes cast.

Officers are installed using the ceremony, **Installation of Officers**, from the Ritual (**Chapter 9**). Additional information about specific officer duties and responsibilities is located in **Chapter 4, Collegiate Chapter Officers**.

## Committees

Committees are necessary for any organization to have an effective program of activities. Standing committees are committees that are usually appointed every year, and they function for the full year. Standing committees must be listed in the chapter bylaws. The most frequently occurring standing committees are described below.

**A committee can contain only one member.**

Special committees are appointed for a specific purpose, for a limited time, and they are dissolved when the stated purpose for the committee has been accomplished.

### Fraternity Education Committee

The chairman of the Fraternity Education Committee could be the vice president, membership, or the program chairman, or a special appointee. The fraternity education chairman should present short, informative programs to the chapter periodically (or arrange for them to be presented).

The following items are required Fraternity Education information and must be read periodically (or summarized) to the chapter at Formal Business Meetings:

- ❑ The Fraternity Risk Management Policy
- ❑ The National Objectives
- ❑ Obligations of Collegiate Chapters and Chapter Members from the Chapter Procedures Manual
- ❑ The chapter bylaws/LCPM
- ❑ The Articles of Association
- ❑ The sections for the National Bylaws regarding collegiate chapters and collegiate chapter members

Collegiate chapters should have at least four additional fraternity education programs, in addition to reading the above information to the chapter, during the year. A suggested calendar is October, January, March and April. These programs may be presented at regular business meetings, chapter musicales or special programs.

Important sources of information for fraternity education programs are the SAI website and Officer Portal and releases from national officers, directors, and committee chairmen; *PAN PIPES*, Manual for Members, “FR.ED.: A Fraternity Education Resource Guide for Sigma Alpha Iota” online, and the Ritual. Information from and about SAI Philanthropies, Inc. is appropriate for fraternity education. An excellent source of information is the Philanthropies portion of the SAI website. (See also **Chapter 11, Sigma Alpha Iota Philanthropies, Inc.**)

Advance planning is important. The dates for the **required readings** should be decided at the beginning of the year. Dates for the other four programs should be established also.

Other members of the chapter can conduct programs besides the chairman. Those who volunteer to do fraternity education programs should accept the responsibility well in advance of the presentation date. The chairman should send a report to the province officer in May. The report should include the following information: preparation of the program, topics covered, the type of program, a complete script if the program was particularly successful. No form is provided for this report.

### Archives/Scrapbook Committee

The chairman of this committee may be the editor. Each chapter should develop a systematic way of archiving records and materials that show the activities and development of the chapter. This can be done using permanent officer files, scrapbooks, and writing an annual history update.

The committee keeps the chapter scrapbook, and writes an update to the chapter’s history at the end of each fraternity year. The annual chapter history record should include:

- ❑ Names of all the officers for the year;
- ❑ Names of all initiates and affiliates for the year;
- ❑ A listing of musicales and special events;
- ❑ Names of those who received honors, collegiate chapter contacts, major chapter decisions, number of members, and average attendance;
- ❑ Pictures, programs, and newspaper clippings are essential material for the scrapbook.

Knowing and maintaining this history with pride strengthens the bond of sisterhood within a chapter and celebrates chapter milestones and accomplishments.

### Honors Committee

For all awards except the Scholastic Award and Collegiate Honor Award, the president appoints a three member Honors Committee. The Honors Committee considers records of all eligible members and selects only those who are fully qualified. Fully qualified members are those who meet the specific criteria of the award, who are in good standing in all ways, who have fulfilled all the requirements of their offices, and who have served the chapter above and beyond the requirements. **At the collegiate level, members who graduated in the fall, spring, or summer following the award year may be considered.** Those names are presented for chapter vote.

All chapter members who are in good standing shall have a vote. Members may be nominated for awards upon 2/3 affirmative vote of the chapter. If the committee is presenting more candidates for consideration than possible awards, nominating ballots are used. Those receiving the largest number of votes become the chapters nominee(s). **It is fraternity policy that a minimum of three years should occur between awards.**

### Membership Committee

The vice president, membership should be the chairman of the Membership Committee. The Faculty/Membership Advisor should be consulted when making all recruitment plans. One duty of this committee is to make plans for contacting prospective members. These plans must be in accordance with campus regulations, fraternity policy, chapter bylaws, and National Bylaws. If there is a Campus Interfraternity Music Council on the campus the bylaws of that organization should be followed. (See Chapter 15, page 15-5.)

**It is important to keep year-round contact with eligible students who:**

- ❑ Are not eligible at the time of membership recruitment
- ❑ Formerly were not able to pledge
- ❑ May be eligible for reconsideration

Another duty of this committee is to secure a list of prospective members who are eligible according to national membership requirements and present it to the chapter. These membership requirements must be observed: no first-semester freshmen or transfer students; an established grade point average of at least 2.5-2.9 per local bylaws and the host institution; and enrollment in or having completed at least one course of music. GPA requirements may be confirmed according to school policy. In addition, prospective members may be members of social sororities, Pi Kappa Lambda, and Tau Beta Sigma/Kappa Kappa Psi; prospective members may **not** be members or former members of Delta Omicron, Mu Phi Epsilon, or Phi Beta.

It is a duty of this committee to plan Recruitment Events. For further information see **Chapter 12, Building Chapter Membership.**

Since SAI is a by-invitation organization, the chapter votes on whom to invite to membership. When it is time for the chapter to vote, the VPM should provide the chapter with complete information about each candidate, making sure that each candidate meets all eligibility requirements. The chapter members should give special consideration to the candidate's interest and involvement in music, scholastic standing, and how they will exemplify the ideals of SAI. The chapter should not be influenced by the personal prejudices of chapter members.

### Program Committee

The program chairman or committee is responsible for planning all chapter programs. The president appoints this chairman immediately after installation of officers.

The chairman should prepare a program outline that will include the following:

- ❑ The number of musicales - monthly, guest, public
- ❑ Program themes
- ❑ Plans for the American music program
  1. Consult American Music issues of *PAN PIPES*
  2. Lists of works by SAI composers can be obtained by consulting the Composers Bureau

section of the national fraternity website

- ❑ Plan for ensemble numbers
  1. The chapter chorus may use SAI's Modern Music Series and the Inter-American Music Awards (IAMA) Series as two of its sources for music
  2. Instrumental ensemble music is available in the IAMA Series

Public musicales must maintain the highest level of music and performance. A reference file of local concert programs is an aid for program planning. Each program should have contrast, climax, and variety in composition, instrumentation, solo, and ensemble.

Before announcing any public musicale, the performance venue should be established and have the approval of the collegiate chapter program advisor or a faculty member. The chapter must approve the program outline. Once the program outline has been approved, the chairman must provide the yearbook directory chairman with the following information for each musicale: date, time, place, name of hostess, theme, program personnel. At least one month before each program the chairman checks with each person scheduled to perform and makes necessary substitutions in personnel and program material.

The final duty of the Program Committee is to produce and keep printed programs. At least four copies of each program should be kept. At least one copy should be given to the chapter historian/archivist to be placed in the chapter scrapbook.

### **Social Committee**

The president should appoint the Social Committee immediately after installation of officers. The committee is responsible for all social affairs of the chapter. Common social events for SAI members are:

- ❑ Founders Day or Incorporation Day
- ❑ Initiation banquet
- ❑ Meal following the Senior Commitment Ceremony
- ❑ Joint collegiate-alumnae-patroness events
- ❑ Fraternity sings

Common social events with guests are:

- ❑ Membership recruitment events
- ❑ A tea, picnic or reception for new students or for faculty
- ❑ Receptions for visiting officers
- ❑ Guest Day Musicale

Successful social events depend on the cooperative efforts of many people. Dividing responsibilities is an effective way to get many things accomplished without one person having to do too much. Each person must fulfill their assignment. Some assignments could be invitations, decorations, entertainment or program, and serving.

The treasurer is an important resource for the Social Committee. All costs must be discussed with the treasurer. It is necessary to stay within the budget or to decide on the need for a special assessment. As with anything else, advance planning is important. What will the program be? What will the decorations be like? Is any special transportation needed? What will the refreshments be? How will they be ordered, prepared and served?

If the event is a very formal one, everyone should know the correct procedures for a receiving line and introducing and serving special guests.

An effective social committee helps the chapter present itself positively to the world outside and helps to provide the chapter with a happy chapter life.

### **Ritual Committee**

The vice president, ritual is the chairman of the Ritual Committee. The sergeant-at-arms is also usually a member of the Ritual Committee. The duties of the Ritual Committee are to care for the Ritual equipment and prepare for Ritual ceremonies. More detail about all things associated with the Ritual is in Chapter 9, The Ritual of Sigma Alpha Iota.

### **Fundraising Committee - Collegiate**

The chairman of the fundraising committee could be the chapter treasurer or a special appointee. The committee should also have additional members based on the chapter's size. The chapter's financial advisor should also serve as an ex-officio member of the committee. The fundraising committee uses the approved chapter budget and annual goals of the chapter to establish fundraising goals. The committee should brainstorm possible fundraisers, present recommendations to the chapter, then assist in planning and carrying out the fundraisers. After each fundraiser, the committee chairman shall present a summary of revenue, expenses, and net profit as a result of the event. Chapters shall also keep in mind the Fraternity's policy regarding tax status as discussed in Chapter 8, as well as the Fraternity's policy that does not allow raffles. Fundraising ideas and resources are also available in the Officer Portal. Additional questions may be directed to the Province Officer or National Headquarters.

### **Advisory Committee**

Having advisors is very important for a collegiate chapter. They can be a great help. They are not supposed to run a chapter, but they should be there in time of trouble, be objective listeners, and offer support.

**Sigma Alpha Iota strongly recommends a three-member advisory committee on which each member serves three years, and one member is replaced each year.** The recommended division of responsibilities is membership advisor, program and social advisor, and financial advisor. Each type of advisor has specific suggested responsibilities. One of these three may be the faculty advisor, or perhaps the faculty advisor is a fourth person. The faculty advisor is a liaison between the chapter and the host institution. Advisors may be obtained from among alumnae members (affiliated or non-affiliated), patronesses, Distinguished Members, and even non-members or members of another music fraternity.

**Recent graduates of a collegiate chapter may not serve as an advisor to their own initiating chapter for four years.**

Sigma Alpha Iota feels that the role of chapter advisor is important. Chapter 15 in this manual is devoted to advising. Both advisors and collegiate chapter members should read this chapter so that each party understands the relationships and responsibilities of advisors to chapters. Please see **Chapter 15, The Collegiate Chapter Advisor**, for more complete information.

### **(Optional) Yearbook Directory Committee**

Each chapter is encouraged to publish a yearbook directory at the beginning of each fraternity year. **This is a directory of members and dates to be used as a reference throughout the year.** The president should appoint the yearbook directory chairman immediately after installation of officers. It may be the chapter editor or the vice president, membership who is the chairman of the yearbook directory committee. Collegiate and alumnae chapters may prepare a joint yearbook directory.

**Preparation of the yearbook directory should begin early in the summer.** However, current national statistics and officer updates will be made available in late August, after the summer NEB meeting, so use place holders for that information. It is necessary to work with the program chairman so that all necessary information about programs is on hand. If the yearbook directory is to be published jointly with a collegiate chapter, alumnae, and patronesses, it is necessary to meet with representatives of those groups.

The chapter yearbook directory is a working book for the year that is to come. It is not a souvenir of the year that has passed. It has contact information, dates, awards, and other information. See page 6-14 for more information on yearbook directory contents. Many alumnae chapters send yearbook directories to chapter members upon receipt of the chapter annual dues. Some chapters distribute the yearbook directory electronically.

The yearbook directory may be distributed (by paper or digitally) to all chapter members, patronesses, and Distinguished Members. Digital copies should be sent to the province officer, the National President, the National Vice President, Alumnae Chapters or the National Vice President, Collegiate Chapters, and the National Vice President, Extension. A hard copy should be sent to National Headquarters.

**See the Officer Portal for current membership statistics, and current national officers.**

# Alumnae Chapter Management

SAI Chapter Procedures Manual

## INTRODUCTION

A smooth-running chapter is the result of many people knowing their responsibilities thoroughly and performing them diligently, efficiently, and cheerfully. This chapter will present some tried-and-true methods of organizing the chapter work to help officers and members fulfill their duties.

## OBLIGATIONS OF ALL ALUMNAE CHAPTERS

### To the National Fraternity

- ❑ **To fulfill the national objectives.** The National Objectives are selected each triennium to serve as specific goals for chapters. Fulfillment of the Objectives is the basis for selecting the recipient of the Helen May National Alumnae Chapter Achievement Award. The chapter should organize its activities so that the objectives will be fulfilled. They should be printed in the chapter yearbook directory and used for Fraternity Education. The objectives should be read to the chapter several times each year.
- ❑ **To send a delegate to national conventions.**
- ❑ **To observe all proper procedures for official visits of province, regional, and national officers.**
- ❑ **To honor national policies on such issues as hazing, alcohol, use of controlled substances, and relations with other fraternities.**
- ❑ **To support SAI Philanthropies, Inc.**
- ❑ **To meet all national obligations promptly: financial, reporting, correspondence, and contacts with province, regional, and national officers.**
- ❑ **To promote fraternity education.**
- ❑ **To educate all alumnae chapter members about the requirement to remain in good standing as a member of the SAI Alumnae Association by paying national dues or notifying NH of emeritus status.**

### To the Ritual of Sigma Alpha Iota

- ❑ **To hold at least five meetings each year, of which at least two shall be Formal with memorized opening and closing ritual.**
- ❑ **To conduct impressive ritual ceremonies, rehearsed and memorized.**
- ❑ **To observe, in an appropriate manner, Incorporation Day and/or Founders Day.**

### For Conducting Efficient Chapter Business

- ❑ **To present at least three musicales each year; a musicale during each meeting is preferable.**
- ❑ **To have a service/educational project for the betterment of the community.**
- ❑ **To limit voting to affiliated alumnae and patroness with training members in good standing, as defined by the Fraternity and the chapter bylaws.**

- ❑ To enforce national and chapter bylaw requirements governing alumnae members and chapters.
- ❑ To elect and install its own officers.
- ❑ To have an executive board composed of elected officers. Chairmen of standing committees may be included, if desired.
- ❑ To provide advisory assistance to the local collegiate chapter in accordance with the *Chapter Procedures Manual*.
- ❑ To make its own bylaws, subject to National approval, in accordance with the National Articles of Association and Bylaws, and current National Policies and Procedures, following the official template.
- ❑ To have complete chapter files.
- ❑ To publish an optional annual yearbook directory, print or digital
- ❑ To promote the chapter's financial integrity.
- ❑ Promote joint functions with any local collegiate chapter, when appropriate.

### **For Maintaining an Informed and Stable Membership**

- ❑ To affiliate members in conformance with the *National Articles of Association and National Bylaws (see Article III, of current National Bylaws)*, *Chapter Procedures Manual requirements (see Chapter 2, Membership in Sigma Alpha Iota)*, and chapter bylaws.

---

### **WHY BE A CHARTERED ALUMNAE CHAPTER?**

## CHAPTER MEETINGS

Chapter meetings should be well-organized and inspiring so that members of the alumnae chapter will feel uplifted, confident, and enthusiastic.

### General Rules

Only initiated members usually attend alumnae chapter meetings. If the occasion is appropriate, alumnae chapters sometimes have Distinguished Members attend the social or musical portion of a meeting, **but not the business meeting**. Non-SAI guests may not attend ritual ceremonies with the exception of the open ceremonies (e.g. ceremonies for presenting awards, Founders Day Ceremony, Memorial Ceremony). Non-SAI guests should be directed into another room during all closed ritual ceremonies.

All members should be respectful, refraining from cell phone use and silencing all non-essential electronic devices during the meeting. If children must come to a meeting, arrangements should be made for a caregiver or babysitter in another room.

The following people may vote at meetings:

- ❑ Members of the chapter in good standing (current with National and local dues and requirements)
  - ❑ Affiliated alumnae members and Patronesses with Training (*See Chapter 2, Membership in Sigma Alpha Iota*) may vote on local and national issues
  - ❑ All patronesses may vote on local issues

A certain number of members must be present at a meeting in order to transact business (a **quorum**). The alumnae chapter bylaws should state the number required to form a quorum per the alumnae bylaws template. Anything that happens in a meeting without a quorum is not legal or binding on the chapter. An exception to this is business conducted by mail, telephone, or an electronic medium.

The number of required meetings for an alumnae chapter is five per year. Of those five meetings, a minimum of two must be Formal and a minimum of three must include musicales.

### Attendance

Regular meeting attendance is very important; the work of the chapter cannot go forward without the support of the membership.

#### Formal – Informal?

Many chapters call the meetings that take place between Formal Business Meetings “informal meetings.”

Informal meetings do not open and close with a Ritual ceremony.

That is the only difference!

#### The Formal Business Meeting

The meeting begins with the vice president, ritual, assisted by the sergeant-at-arms, taking the password and handclasp as members enter the meeting room.

The president calls the meeting to order with the fraternity knock, and the vice president, ritual recites the Opening Ceremony of the Formal Business Meeting.

The usual business routine commences with the approval of minutes, reports, and going over business issues.

The meeting is adjourned and the vice president, ritual recites the Closing Ceremony of the Formal Business Meeting. If a musicale is part of the meeting, the Closing Ceremony may come before or after the musicale. If non-SAIs will be participating in the musicale, the Closing Ceremony should come before the musicale.

#### Meeting Agenda Overview – All Meetings

- ❑ The meeting is called to order.

- ❑ The recording secretary, having distributed the Minutes of the previous meeting in advance, accepts additions or corrections called for by the president, reads the Minutes of the previous meeting, or of all meetings since the last reading of Minutes if they have not been previously distributed. If no corrections are needed, the Minutes are approved as approved and countersigned by the president. If corrections are needed, the Minutes are approved as corrected and countersigned by the president.
- ❑ The various officers and committee chairmen make their reports.
- ❑ The corresponding secretary, or other designated officer, reads correspondence that has been received since the last meeting, including releases from National Headquarters.
- ❑ Recommendations of the executive board are read to the chapter and moved for adoption by the recording secretary. Discussion and voting on each recommendation follows.
- ❑ Unfinished (old) business
- ❑ New business
- ❑ Fraternity Education
- ❑ Musicale
- ❑ Closing Ceremony (ritual) for Formal Meetings only!

*(See Chapter 17, A Good Meeting, page 17-8, for a sample meeting agenda.)*

## **Deviations from the Standard Meeting Agenda**

Variations in meeting procedure will occur to meet special needs. The first meeting of the year covers plans for the year, a reading of the National Objectives and the adoption of the budget. Plans for the yearbook directory might also be discussed.

### **Visitor**

When an official visitor (such as the province officer, a regional officer, or a national officer) is present at a meeting for an official visit, the Formal Business Meeting should be used and the general meeting plan should be followed. The non-SAI visitor would be admitted after the Opening Ceremony and excused before the Closing Ceremony. It is wise to limit the number of reports to only those that are absolutely necessary in order to keep business to a minimum. It is important that the visitor be given time to address the chapter.

### **Province Officer Official Visit**

At the required chapter meeting held during the Official Visit of the province officer, the province officer should address the chapter after essential business has been completed and before the Closing Ceremony.

### **Installation of Officers**

The last meeting conducted by retiring officers will include the Installation of Officers ceremony for new officers.

### **Evaluation Meeting/Executive Board Retreat**

An evaluation meeting or retreat can be very useful. It should be held at the close of the chapter year to assess accomplishments. Topics addressed in evaluation meetings include the following:

- ❑ How well did the chapter fulfill the National Objectives and follow Chapter Procedures Manual protocol?
- ❑ Did chapter members cooperate well with one another? Did the officers coordinate their duties well? Does the chapter have a sense of unity? Were all members' abilities put to use?

- ❑ Is every member in good financial standing? Is every member in good standing as a current member of the SAI Alumnae Association? Have all been informed about the Alumnae Association benefits?
- ❑ Were meetings well organized, and did they cover the chapter's business?
- ❑ How is chapter spirit? Does a feeling of sisterhood prevail?
- ❑ Did the chapter participate in national SAI projects?
- ❑ Did a sufficient amount of music-making occur, and was it of good quality?
- ❑ Were membership recruitment procedures effective?
- ❑ Did the chapter sponsor local projects?
- ❑ How were the relationships between the collegiate and alumnae chapters? Did the chapters work together on projects?
- ❑ Was the yearbook directory satisfactory?
- ❑ Were all Ritual presentations well prepared and performed or presented by memory?
- ❑ Were Fraternity Education programs interesting and effective?
- ❑ Was officer training effective?

After careful evaluation, chapter officers and committee chairmen should adopt attainable goals for the coming year and plan specific projects needed to carry out the goals. Each officer/committee chairman should prepare a written syllabus of procedures needed to carry out their assigned project, listing dates, contact persons, and pitfalls along with other necessary information. A copy of this syllabus should be given to the incoming officer/committee chairman concerned with the project and the incoming president.

### Special Meetings

Special meetings may be called by the president or by a number of members prescribed in the chapter's bylaws. Opening and closing ritual is not required at special meetings. Minutes do not have to be read, and reports not pertinent to the business of the meeting should be eliminated. Minutes should be taken. Parliamentary procedure should be used for all business conducted.

---

## OFFICERS AND COMMITTEES

### Officer Elections

Chapter officers are elected according to *Robert's Rules of Order, Newly Revised (RONR)*. *Robert's Rules* is the standard resource for parliamentary procedure. It should be part of every chapter's supplies. It is readily available from all book-selling businesses and from NH.

The first step is to **elect the Nominating Committee**. The Nominating Committee should be elected at a meeting in January or very early February. It should consist of three or five members, as prescribed in chapter bylaws.

The duty of the Nominating Committee is to create a slate of officers. To do this correctly, committee members should first study **Chapter 5, Alumnae Chapter Officers**. The committee must confirm that all candidates are in good standing. Finally, the committee must secure the consent of the candidate before placing their name in nomination.

The Nominating Committee's report should be presented to the chapter at a meeting in February unless the province officer approves another time. The president should, at this time, ask for nominations from the floor.

Elections should be held in accordance with *RONR* and any rules provided for in the chapter bylaws. When more than one member is nominated for the same office, the vote for that office shall be by ballot. A **majority vote** constitutes an election. If no candidate receives a majority of the votes, which is more than half of the votes cast, another vote must be held. Voting must continue until one candidate receives a majority of the votes cast.

Officers are installed using the ceremony, **Installation of Officers**, from the Ritual. (*See Chapter 9.*) Additional information about specific officer duties and responsibilities is located in **Chapter 5, Alumnae Chapter Officers**.

### Committees

Committees are necessary for any organization to have an effective program of activities. Standing committees are committees that are usually appointed every year and function for the full year. Standing committees must be listed in the chapter bylaws. The most frequently occurring standing committees are described below.

**A committee can contain only one member.**

Special committees are appointed for a specific purpose, for a limited time, and they are dissolved when the stated purpose for the committee has been accomplished.

### Fraternity Education Committee

The chairman of the Fraternity Education Committee could be one of the vice presidents, the program chairman, or a special appointee. The fraternity education chairman should present short, informative programs to the chapter periodically (or arrange for them to be presented).

The following items are required Fraternity Education information and must be read periodically (or summarized) to the chapter at Formal Business Meetings.

- ❑ The National Objectives
- ❑ The Obligations of Alumnae Chapters and chapter members from the Chapter Procedures Manual
- ❑ The chapter bylaws
- ❑ The Articles of Association
- ❑ The sections from the National Bylaws regarding alumnae chapters and alumnae members

Important sources of information for fraternity education programs are the SAI website and Officer Portal, and releases from national officers, directors, and committee chairmen; *PAN PIPES*, Manual for Members, "FR. ED.: A Fraternity Education Resource Guide for Sigma Alpha Iota", and the Ritual. Information from and about SAI Philanthropies, Inc. is appropriate for fraternity education. An excellent source of information is the Philanthropies portion of the SAI website. (*See also Chapter 11, Sigma Alpha Iota Philanthropies, Inc.*) Electronic materials (webinars, Powerpoints, etc.) on various subjects related to fraternity life are available from the Multimedia Technology Director or in the Officer Portal (*See www.sai-national.org*).

Advance planning is important. The dates for the required Fraternity Education readings should be decided at the beginning of the year. Dates for the other programs should be established also.

Other members of the chapter may conduct programs besides the chairman. Those who volunteer to do Fraternity Education programs should accept the responsibility well in advance of the presentation date. The chairman should send a report to the province officer by June 1. The report should include the following information: preparation of the program, topics used, the type of program, a complete script if the program was particularly successful. No form is provided for this report.

### Archives/Scrapbook Committee

Each chapter should have someone who functions as the archivist/historian, developing a systematic way of archiving records and materials that show the activities and development of the chapter. This can be done with permanent officer files, scrapbooks, and writing an annual history update.

The archivist/historian keeps the chapter scrapbook, and they write an update to the chapter's history at the end of each fraternity year. The annual chapter history record should include:

- ❑ Names of all the officers for the year;
- ❑ Names of all initiates and affiliates for the year;
- ❑ A listing of musicales and special events;
- ❑ Names of those who received honors, collegiate chapter contacts, major chapter decisions, number of members, and average attendance;
- ❑ Pictures, programs, and newspaper clippings are essential material for the scrapbook.

Each chapter may use a committee to assist the archivist/historian with maintaining the chapter's history. Knowing and maintaining this history with pride strengthens the bond of sisterhood within a chapter and celebrates chapter milestones and accomplishments.

### **Honors Committee**

For all awards, the president appoints a three member Honors Committee. The Honors Committee considers records of all eligible members and selects only those who are fully qualified. Fully qualified members are those who meet the specific criteria of the award, who are in good standing in all ways, who have fulfilled all the requirements of their offices, and who have served the chapter above and beyond the requirements. Those names are presented for chapter vote.

All chapter members who are in good standing shall have a vote. Members may be nominated for awards upon 2/3 affirmative vote of the chapter. If the committee is presenting more candidates for consideration than possible awards, nominating ballots are used. Those receiving the largest number of votes become the chapters nominee(s). It is fraternity policy that a minimum of three years should occur between award nominations.

### **Membership Committee**

The vice president, membership should be the chairman of the Membership Committee. The Membership Committee is not usually listed as one of the standing committees for an alumnae chapter, but a form of membership recruitment is important for alumnae chapters, too. Alumnae chapters need to recruit graduating seniors and unaffiliated alumnae in the community and be actively seeking eligible people to initiate as patronesses. Brochures are available from National Headquarters.

**Alumnae chapters may initiate patronesses. A patroness with training is an affiliated chapter member.**

One duty of this committee is to make all the plans for contacting prospective affiliates and patronesses. Plans must be in accordance with chapter bylaws. It is important to keep year-round contact with SAI sisters who are not active in the chapter.

*For further information see Chapter 12, Building Chapter Membership.*

### **Program Committee**

The program chairman or committee is responsible for planning all chapter programs. In an alumnae chapter, this person can be the vice president, membership or a vice president, programs.

The chairman should prepare a program outline that will include the following:

- ❑ The number of musicales - alumnae chapters should have at least three musicales per year, public or private
- ❑ Program themes
- ❑ Plans for the American music program
  1. Consult American Music issues of *PAN PIPES*
  2. Lists of works by SAI composers can be obtained by consulting the Composers Bureau section on the national fraternity website
- ❑ Plan for ensemble numbers
  1. The chapter chorus may use SAI's Modern Music Series and the Inter-American Music Awards (IAMA) Series as two of its sources for music
  2. Instrumental ensemble music is available in the IAMA Series

Public musicales must maintain the highest level of music and performance. A reference file of local

concert programs is an aid for program planning. Each program should have contrast, climax, and variety in composition, instrumentation, solo, and ensemble.

Before announcing any public musicale, the performance venue should be established and have the approval of the chapter executive board. The chapter must approve the program outline.

Once the program outline has been approved, the chairman must provide the yearbook directory chairman with the following information for each musicale: date, time, place, name of hostess, theme, and program personnel. At least one month before each program the chairman must check with each person scheduled to perform and make necessary substitutions in personnel and program material.

The final duty of the Program Committee is to produce and keep printed programs. At least four copies of each program should be kept. At least one copy should be placed in the chapter scrapbook.

### **Social Committee**

The president should appoint the Social Committee immediately after installation of officers. The committee is responsible for all social affairs of the chapter.

Common social events for SAIs:

- ❑ Founders Day and/or Incorporation Day
- ❑ Initiation banquet with the local collegiate chapter
- ❑ The initiation of a Distinguished Member
- ❑ A breakfast, luncheon, or dinner honoring graduating collegiate members
- ❑ Joint collegiate-alumnae-patroness events
- ❑ Fraternity sings

Common social events with guests:

- ❑ Teas, picnics, or receptions for new students or for faculty
- ❑ Receptions for visiting officers
- ❑ Guest Day Musicales

Successful social events depend on the cooperative efforts of many people. Dividing responsibilities is an effective way to get many things accomplished without one person having to do too much. Some assignments could be invitations, decorations, entertainment or program, and serving.

The treasurer is an important resource for the Social Committee. All costs must be discussed with the treasurer prior to committing to venues or signing contracts. It is necessary to stay within the budget or to decide on the need for a special assessment.

As with anything else, advance planning is important. What will the program be? What will the decorations be like? Is any special transportation needed? What will the refreshments be? How will they be ordered, prepared, and served?

If the event is a very formal one, everyone should know the correct procedures for a receiving line, and introducing and serving special guests.

An effective social committee helps the chapter present itself positively to the world outside and helps to provide the chapter with a happy chapter life.

### **Ritual Committee**

The vice president, ritual is the chairman of the Ritual Committee. The sergeant-at-arms (if the chapter has one) is also a member of the Ritual Committee. The duties of the Ritual Committee are to care for the Ritual equipment and prepare for Ritual ceremonies. More detail about all things associated with the Ritual is in **Chapter 9, The Sigma Alpha Iota Ritual.**

### **Fundraising Committee - Alumnae**

The chairman of the fundraising committee could be the chapter treasurer or a special appointee. The committee should also have additional members based on the chapter's size. The fundraising committee uses

the approved chapter budget and annual goals of the chapter to establish fundraising goals. The committee should brainstorm possible fundraisers, present recommendations to the chapter, then assist in planning and carrying out the fundraisers. After each fundraiser, the committee chairman shall present a summary of revenue, expenses, and net profit as a result of the event. Chapters shall also keep in mind the Fraternity's policy regarding tax status as discussed in Chapter 8, as well as the Fraternity's policy that does not allow raffles. Fundraising ideas and resources are also available in the Officer Portal.

If the chapter maintains a local scholarship, the criteria should be reviewed and approved by the chapter. Additional questions may be directed to the Province Officer or National Headquarters.

#### **(Optional) Yearbook Directory Committee**

Each chapter is encouraged to publish a yearbook directory at the beginning of each fraternity year. **This is a directory of members and dates to be used as a reference throughout the year.** The president should appoint the yearbook directory chairman immediately after installation of officers. It may be the chapter editor or the vice president, membership who is the chairman of the yearbook directory committee. Collegiate and alumnae chapters may prepare a joint yearbook directory.

**Preparation of the yearbook directory should begin early in the summer.** However, current national statistics and officer updates will be made available in late August, after the summer NEB meeting, so use place holders for that information. It is necessary to work with the program chairman so that all necessary information about programs is on hand. If the yearbook directory is to be published jointly with a collegiate chapter, alumnae, and patronesses, it is necessary to meet with representatives of those groups.

The chapter yearbook directory is a working book for the year that is to come. It is not a souvenir of the year that has passed. It has contact information, dates, awards, and other information. See page 7-13 for more information on yearbook directory contents. Many alumnae chapters send yearbook directories to chapter members upon receipt of the chapter annual dues. Some chapters distribute the yearbook directory electronically.

The yearbook directory should be distributed (by paper or digitally) to all chapter members, patronesses, and Distinguished Members. Digital copies should be sent to the province officer, the National President, the National Vice President, Alumnae Chapters or the National Vice President, Collegiate Chapters, and the National Vice President, Extension. A hard copy should be sent to National Headquarters.

**See the Officer Portal for current yearbook directory releases, membership statistics, and current national officers. [p.7-14 provides a layout for directories.]**

---

### **Alumnae Liaison to a Collegiate Chapter**

A COLLEGIATE CHAPTER may ask to have an Alumnae Liaison from the local alumnae chapter. The Alumnae Liaison is a member of the local alumnae chapter who has been appointed by the alumnae chapter President to serve as the primary communicator between the alumnae chapter and the local collegiate chapter(s). Many alumnae chapters include this job as part of the duties of the Corresponding Secretary. Most of their communication may be through electronic means. They should not attend the collegiate chapter meetings unless specifically invited to do so for a special chapter event. The Alumnae Liaison does not serve in an advisory role with the collegiate chapter. Should questions arise from the collegiate members about fraternity policy and procedures, the Alumnae Liaison should direct the collegiate members to their advisors and/or province officer. Duties include:

- 1) Sending alumnae chapter newsletters to the local collegiate chapter
- 2) Issuing invitations to musical, fundraising and service project events sponsored by the alumnae chapter

- 3) Staying in communication with a specific collegiate officer or member (this may be the Corresponding Secretary) as designated by the collegiate chapter president
- 4) Sharing information from the collegiate chapter with the members of the alumnae chapter

---

## ADVISORS TO THE COLLEGIATE CHAPTER

In a community where both a collegiate chapter and an alumnae chapter are located, alumnae may be invited to serve as advisors by the collegiate chapter. The collegiate chapter is responsible for electing a rotating advisory committee. The faculty advisor should be on this committee. Having advisors is very important for a collegiate chapter. Advisors are not supposed to run a collegiate chapter or “mother” a chapter, but they should be there to help in time of trouble, be listeners, and offer support.

**Note:** Recent graduates of a collegiate chapter may **not** serve as an advisor to their own initiating chapter for four years.

Sigma Alpha Iota feels that the role of chapter advisor is important. **Chapter 15** in this manual is devoted to advising. Both advisors and collegiate chapter members should read this chapter so that each party understands the relationships and responsibilities of advisors to chapters. Please see **Chapter 15, The Collegiate Chapter Advisor**, for more complete information.

---

## SAI ALUMNAE ASSOCIATION

The SAI Alumnae Association is a way for individual SAIs to stay connected to the Fraternity and provide continuing support of our sisterhood. To participate as a member of an alumnae chapter, members **MUST** either pay national dues through the SAI Alumnae Association or be Emeritus Members (members 70 years of age or 50-year members must notify NH when they are choosing Emeritus Member Status). Its benefits include:

- ❑ the privilege of being affiliated with a chapter
- ❑ a subscription to the national newsletter, *Tempo!*, which carries fraternity updates and news about chapters
- ❑ a subscription to *PAN PIPES*, the quarterly journal
- ❑ announcements about current Philanthropies’ scholarships and grants for continuing education
- ❑ National Convention news

Both alumnae members and patronesses with training must pay annual national dues or be exempt Emeritus Members in order to be a chapter member, serve as an officer, receive awards, etc. Of course, the conscientious member will WANT to support the national organization, knowing that the ideals of SAI can only be carried out that way.

When SAI has current contact information for alumnae as they relocate around the country, local alumnae chapters benefit with news of potential new members. Alumnae chapter officers need to educate new affiliates about the required membership in the Alumnae Association. See **Chapter 8, The Chapter Treasurer**, for more details about the SAI Alumnae Association.

### SAI Chapter Yearbook Directory Layout

# Notes

# The Chapter Treasurer

## INTRODUCTION

**T**he chapter treasurer is the steward of the chapter's money. They are legally accountable to the chapter. As such, they must be reliable, trustworthy, and constantly vigilant of the status of the chapter's accounts and financial obligations. In addition, it is their responsibility to provide financial leadership to the chapter by advising on financial matters including but not limited to chapter dues, fundraising activities, and chapter expenditures.

Having proper tools is the key to being an effective chapter treasurer. Below are the primary tools each treasurer should have in order to carry out their duties.

### Tools of the Treasurer

- ❑ Copy of the CPM (available on Officer Portal)
- ❑ Copies of the Chapter and National Bylaws.
- ❑ Up-to-date list of chapter members
- ❑ List of delinquent chapter members
- ❑ Copies of the chapter's budget and Treasurer's Annual Report for the previous year (in the Officer Portal)
- ❑ Ledger book or a computer program, such as Microsoft Excel, that can function as a ledger book to track all income and expenditures. Excel templates are also available for download on the Officer Portal, Document Library
- ❑ Receipt book
- ❑ Remittance forms for mailing payments to National Headquarters or access to make payments electronically to National Headquarters through the Officer Portal
- ❑ Current Schedule of Fees (available on the Officer Portal)
- ❑ Current SAI Jewelry & Supply Price List (available on the Officer Portal)
- ❑ Bank checking account or college/university account, and other accounts (e.g., savings, CDs), if applicable
- ❑ Historical records – bank statements and other financial records for all accounts for prior years (see Historical Records later in this chapter for specific time periods required)

## RESPONSIBILITIES OF THE CHAPTER TREASURER

The chapter treasurer has a number of responsibilities that extend throughout the year. Therefore, it is important that they pay constant attention to their responsibilities. In addition to their record keeping duties, the treasurer is chairman of the chapter's Ways and Means Committee, if the chapter has one.

**Procrastination** is the chapter treasurer's worst enemy! The table below outlines the major responsibilities of the chapter treasurer.

<b>Primary Responsibilities of the Chapter Treasurer</b>	
<b>Task</b>	<b>Time Frame</b>
Develop an annual budget in consultation with the Chapter's Finance Committee or Executive Board.	Work on over the summer and finalize within first two weeks of school.
Planning ahead for sending a delegate to National Convention

The list of tasks may look daunting, but the job of the chapter treasurer is actually straightforward, as long as they keep up with the work. Collegiate chapter treasurers should bear in mind that each chapter does have a faculty advisor, and should have a financial advisor as well. Treasurers should be meeting with an advisor at least on a monthly basis. If problems or questions arise, **seek guidance from your chapter's advisor(s)!**

## THE CHAPTER'S OPERATING ACCOUNT

Each chapter must have an operating account of some kind that allows it to deposit money and write checks to pay bills. For most chapters, this will be a checking account at a local bank. Some colleges and universities, however, require student organizations to maintain a university account, rather than a commercial bank account, and in those cases chapters must comply with campus policies and procedures. Chapters establishing a commercial bank account should look for desirable features such as free checking, interest-bearing accounts, regular monthly account statements, and copies of cancelled checks. Two signatures are required on each check if it is not a university check. Some chapters make use of debit cards or credit cards. As with the checking account, this requires careful monitoring and monthly reconciliation.

## The Chapter's Employer Identification Number (EIN)/Tax ID

National Headquarters obtains the EIN/Tax ID for all chapters. When a chapter establishes a bank account, the bank will require the chapter's Employer Identification Number (EIN). Each chapter of Sigma Alpha Iota has its own nine-digit EIN, which identifies it uniquely for tax purposes. The EIN may be found on the Officer Portal.

Chapters should not contact or file any documents with the Internal Revenue Services (IRS). If a chapter receives a report from the IRS, **it should be forwarded to National Headquarters immediately.**

**If a chapter receives a request for EIN/Tax ID documentation, contact NH immediately.**

### Important Points for Collegiate Chapter Bank Accounts

The following two points are critical for collegiate chapter treasurers, regarding commercial bank accounts:

1. At least three approved signatures should be on each account. Two signatures are required on each check, if it is not a university check. One signature is the chapter treasurer's. The other may be that of the chapter president, the faculty advisor, or the chapter's financial advisor. All persons authorized to sign checks must have signatures on file with the bank.
2. After an election of new officers, or whenever signatures on accounts need to change, both the outgoing and incoming officers/advisors must go to the bank together to change the names on the signature card. If this does not happen, the chapter will be denied access to its account!

## OTHER ACCOUNTS

Chapters may maintain other accounts (e.g., savings accounts for national convention, scholarship accounts, CDs) for which deposits and withdrawals occur infrequently. The chapter treasurer should monitor these accounts and maintain records of their activity. In the case of collegiate chapters, however, the Budget Form completed in the all should reflect only the planned activities involving the chapter's **operating** (e.g., checking) account.

## LEGAL RESPONSIBILITY

The chapter treasurer is legally accountable to the chapter. The collegiate chapter treasurer is responsible for seeing that the financial advisor (or faculty advisor) reviews **each bank statement** and bank reconciliation.

## Details of Using the Checking Account

Below are some important details with respect to using the chapter's bank account.

1. Each check sent to National Headquarters should be made out to "Sigma Alpha Iota," and should be accompanied by a fraternity remittance form that states exactly what items are being paid with that check. If making an online payment with an e-check, be sure to record the transaction in the chapter ledger.
2. **Important exception to above:** When a chapter is making a donation to SAI Philanthropies, Inc., the check should be made out to "SAI Philanthropies, Inc.," not "Sigma Alpha Iota." If a chapter desires to make a contribution to a specific project within Philanthropies (e.g., People-to-People), the treasurer should indicate this on the "Note" line of the check, but the check should still be made out to "SAI Philanthropies, Inc."
3. Personal checks from members (e.g., collegiate dues payments) should be deposited in the chapter's account, and then a check should be written from the chapter account to "Sigma Alpha Iota."
4. Record each check written and each deposit made in the checkbook, as well as in the chapter ledger.
5. Always provide a receipt to any member who has made a payment to the chapter.
6. Reconcile the checkbook with the bank account statement each time a statement is received. The financial advisor or faculty advisor should review the bank statement.
7. Be prepared to report the status of the account at each chapter meeting. To do this, make a note of the checkbook balance, any bills that have not yet been paid, and any money received that has not yet been deposited. Banks statements should be available for verification.

**DO NOT SEND CASH THROUGH THE MAIL**

### Reconciling the Bank Account

Reconciliation is the process by which the chapter treasurer ensures that their accounting in the checkbook matches the account activity presented in the bank statement. If a bank does not assess service charges, and if all checks written and all deposits made have cleared the bank, the checkbook balance, as of the bank statement date, should match the balance on the bank statement. Often, however, this is not the case, and the bank statement and checkbook must be reconciled.

To reconcile the checking account using the bank statement:

1. Make a list of all checks written as of the statement date that have not yet cleared the bank (i.e., outstanding checks) and another list of all deposits made by the statement date that were not shown on the bank statement.
2. Subtract the total of outstanding checks (in step 1 above) from the bank statement balance.
3. Add the total of outstanding deposits to the balance obtained in step 2.
4. Subtract any service charges reflected on the bank statement from the checkbook balance.
5. Look at the checkbook balance as of step 4 and the bank statement balance obtained in step 3. **The two should match. If they don't, either the chapter treasurer has made an error, or the bank has made an error.** To find the error:
  - a. Review each check written and deposit made to ensure that the amounts recorded in checkbook match the amounts listed on the bank statement.
  - b. Check the arithmetic in the checkbook. The bank rarely makes errors!
6. If you feel an error has been made, consult with your financial advisor, faculty advisor, and the bank promptly to resolve the difference.

See the following example.

### Example Bank Statement Reconciliation

#### Scenario:

Bank Statement Balance = \$1242.25

Service charge of \$6.50 appeared on the bank statement.

Checkbook balance as of bank statement date = \$947.74

#### Reconcile as follows:

1. Given: Outstanding check total = \$376.01;  
outstanding deposit total = \$75.00
2.  $\$1242.25 - 376.01 = \$866.24$
3.  $\$866.24 + \$75.00 = 941.24$
4.  $\$947.74 - \$6.50 = \$941.24$
5.  $\$941.24 = \$941.24$ , so the bank account balance is properly reconciled to the checkbook balance.

A bank reconciliation Excel template is also available for download on the SAI website and in the Officer Portal.

## THE CHAPTER LEDGER

The chapter ledger is used to record the details of all income and expenses of the chapter. It mirrors what is in the checkbook at a greater level of detail. For example, a chapter treasurer may deposit \$500 in the bank, which is reflected in the checkbook as a single deposit. The ledger will contain the details of that deposit, which may have consisted of 8 checks from members for \$50 each for dues, \$76.23 in cash from a bake sale, and \$23.77 in cash to be donated to SAI Philanthropies, Inc. from “passing the hat” at a chapter meeting. Each of these ten items will have its own entry in the ledger.

A chapter can purchase Treasurer’s Ledger Book refill pages from National Headquarters. However, chapters are beginning to find that computer software packages like Excel and Quicken have significant advantages over a paper ledger. In these programs, entries can be sorted easily by category of income/expenses and totals can be computed automatically, which makes doing the Annual Report much, much easier. **Therefore, chapter treasurers are encouraged to use these computer tools instead of a paper ledger, if they have access to them. If using an electronic method, be sure to back up files regularly.** Because software packages differ, the material in this section is limited to describing the structure for the paper ledger. This same structure can be set up on the computer.

The chapter ledger has two parts:

1. The chronologically-ordered entries of all income and expenses for the chapter
2. Individual members’ pages.

### Using the Ledger to Record Income and Expenses

The figure below shows a sample page of a ledger book. The first ten entries shown reflect the details of the \$500 deposit described above. The opening balance for the year is the first thing that should be entered in the ledger, \$673.19 in this example. The columns in the ledger are defined as follows:

- A. Name of the person/organization involved in the transaction (i.e., the person paying money to the chapter, or the person/organization to whom expenses are being paid)
- B. Date the income was received or the expense paid
- C. Description of the transaction
- D. The amount paid (for expenses)
- E. The amount received (for income)
- F. The balance after adding/subtracting the transaction amount

*DI = Dues Income    FR = Fundraiser    P = Philanthropies    Rec = Recruitment						

**Note: A paper receipt from a receipt book should be provided to any member from whom the treasurer receives a payment regardless of method of payment. The treasurer should also be prepared to write receipts upon request when conducting fund-raisers in which members of the public make donations or receive services.**

Recommended Practice: Treasurers should consider adding an additional column to the ledger book in which each expense and income item can be classified according to the categories in the Treasurer's Annual Report form. For example, add a Column G in which dues payments by members are coded as DI, Telephone as T, MIT fees as MF, etc. This makes it easy to find the items in each category that must be totaled to obtain the amount for that category for the annual report.

### Individual Member Pages

The treasurer should maintain an individual page in the ledger or software program for each chapter member. This provides a record of the member's obligations (MIT fee, initiation fee, badge upgrade, dues, chapter assessments) with the dates they are due, along with the payments made and the dates they were made. If an individual member makes a payment to National Headquarters utilizing a credit card, the payment should be recorded on their individual page and coded as a credit card payment.

**ALWAYS deposit checks written to the chapter immediately.**

## Individual Member Page Example

**Petty Cash**

Occasionally, chapters have a need to maintain small amounts of petty cash. A ledger page similar to the sample ledger page should be used to record income and expenses for petty cash.

**Cautions!!**

1. Chapters should maintain only small amounts in the petty cash account. Do not use petty cash as a holding place for money which needs to be deposited in the chapter's bank account!
2. Keep the chapter ledger up-to-date. Do not collect large amounts of cash or checks before entering them in the ledger.

**General Budgeting Tips**

1. Use the current Schedule of Fees and SAI Jewelry & Supply Price List (on the Officer Portal) in determining expenses.
2. Overestimate expenses and underestimate income to ensure that the chapter's financial status will be secure.
3. Carefully consider the amount charged for chapter dues. If budgeted expenses exceed budgeted income, dues may need to be raised or additional fundraising activities planned to cover expenses. Remember that national dues are incorporated into and collected with collegiate chapter dues. The collegiate chapter sends the national dues portion to NH.
4. Make sure to read the instructions accompanying the budget form to ensure it will be completed correctly.

**The Chapter Budget**

One of the chapter treasurer's primary responsibilities is to develop a budget at the beginning of the year and present it to the chapter membership for approval. The collegiate chapter treasurer is required to submit the Budget Form through the Officer Portal by **September 30**. The Budget Form and instructions for completion are available in the Officer Portal. The alumnae chapter treasurer should develop a budget in the fall of each year, and present it to the chapter but they are not required to submit it to National Headquarters. A template for alumnae chapters is available in the Officer Portal.

The budget is simply an estimate of the expected income and expenses of the chapter for the year. Nevertheless, it is the chapter treasurer's responsibility to monitor income and expenses to ensure that the chapter's expenses fall reasonably within the budget. Generally speaking, a chapter need not vote on individual expenses that have been approved during the budget process. **However, major expenses that have not been budgeted for should be approved via a vote of the chapter, prior to spending the funds.** Members are advised to confer with the chapter treasurer before making expenses, even when those expenses have been included in the budget, to avoid duplicate expenses and ensure that the treasurer is always aware of the status of funds in the chapter treasury.

Plan ahead for sending a delegate to convention.

**DO NOT SEND CASH THROUGH THE MAIL  
UNDER ANY CIRCUMSTANCES.**

**Important Note:**

Collegiate Chapters for which National Headquarters has received no Budget form in the fall will **not** be permitted to have an MIT class in the spring.

## OBLIGATIONS OF CHAPTERS AND INDIVIDUALS

Every chapter and individual has financial obligations to the national organization. Payment of these obligations is necessary so that the national organization can provide services to the chapter and to individual members. National officers have expenses for the work they do on behalf of the fraternity. National Headquarters is a fully staffed, functioning office with many expenses. Individual members and chapters supply most of the income for the national organization's daily operations. Your cooperation and support is important to SAI's success.

### Obligations of Members-in-Training (MITs)

Each MIT must pay a National MIT fee at the time of pledging. This fee covers the Manual for Members, the fraternity songbook (Songs of Sigma Alpha Iota), and costs associated with the MIT exam. This fee is nonrefundable and is good for the fiscal year only — through June 30. (If an MIT withdraws in the fall, but repledges in the spring, they do not pay the MIT fee again.) The collegiate chapter treasurer is to collect this fee from each MIT at the time they accept the invitation to membership and is to send a chapter check for the total amount to National Headquarters immediately. A remittance form that contains the name of each MIT should accompany the check. **Do not send CASH through the mail. Payment may also be made online.**

Before the MIT exam may be taken, the MIT must have paid the initiation fee. The initiation fee covers the processing of the initiation paperwork, a **life leasehold** on a regulation badge, the membership certificate and membership card, a member copy of the SAI ritual, and a subscription to *PAN PIPES* and *Tempo!* for the remainder of the school year. As with the MIT fee, the collegiate chapter treasurer should send a chapter check for the total amount to National Headquarters with a remittance form containing the name of each initiate and the type of badge and guard purchased. Chapters may also make payments online through the Officer Portal. (Remember, **MITs may finance up to 100% of their initiation fees through fundraisers.**) The chapter should inform the MITs of the options for badges and chapter letter guards and their associated prices. No national dues are paid for the remainder of the school year.

**Important Note:**

MITs may not be initiated until National Headquarters receives their initiation fees, badge fees and the Approval for Initiation from the province officer. It is strongly advised that chapters allow a minimum of two weeks between the date of the MIT exam and initiation so that the approvals can be processed and the badges sent to the chapter in time for initiation.

A member has a **life leasehold** on their badge until they die or are expelled from the Fraternity. The badge of a deceased member, including all attached honors, should be returned to National Headquarters. It will be placed in the Memorial Collection and held there in trust so that it can be given to a descendant who is initiated into Sigma Alpha Iota in the future. The badge of a deceased member will not be resold.

If a member is expelled from the Fraternity, their leasehold expires and they must return their badge and all official SAI insignia to National Headquarters.

### Obligations of Patronesses

The Patroness Initiation Fee, paid by the individual, is to be paid to the chapter before initiation. The chapter treasurer must send a check for this fee to National Headquarters, accompanied by a remittance form listing the name of each patroness. Initiation of a patroness should not take place until National Headquarters receives the Patroness Fee and the patroness Approval for Initiation form from the province officer and ships the badge. The badge of a deceased patroness is to be returned to National Headquarters.

## Chapter Obligations for Distinguished Members

When a chapter has a nominee approved for Distinguished Membership, the chapter should pay the initiation fee. The fee for **Honorary Member**, **National Arts Associate**, and **Friend of the Arts** includes the appropriate badge, a membership card, and a subscription to *PAN PIPES*.

The fee for a **Member Laureate** includes the Member Laureate pin and a subscription to *PAN PIPES*.

## Obligations of Collegiate Members

National Dues must be paid by all collegiate chapter members and SAI Alumnae Association dues by all alumnae chapter members. (**Note:** *New initiates do NOT pay national dues for the remainder of the school year.*) Collegiate national dues are collected by the chapter treasurer as part of chapter dues, deposited into the chapter account, and a check or electronic payment remitted to NH. For collegiate chapters, all those whose names are on the Fall List of Members are required to pay dues. All collegiate members, regardless of graduation date, pay full-year National Dues. National Dues payments are due October 15 for collegiate members. Collegiate chapter treasurers must submit the changes in status and updated roster by October 1. The collegiate treasurer is to send a check for dues to National Headquarters accompanied by a copy of the chapter statement. Full-year dues entitle the collegiate member to four electronic issues of *PAN PIPES*, eligibility for awards, scholarships, information on the SAI website, the *Tempo!* Newsletter, and administrative support from NH.

## The SAI Alumnae Association

Alumnae members and patronesses who have taken the special fraternity education, who wish to affiliate with an alumnae chapter, must pay the annual national dues through the SAI Alumnae Association. SAI Alumnae Association members receive four issues of *PAN PIPES* each year, and the national newsletter, *Tempo!*, with current news about chapters. They are eligible for alumnae professional development grants, graduate scholarships, and founders loans.

Alumnae members remain in good standing by paying the annual national dues and are encouraged to join an alumnae chapter. If an alumnae member is 70 years old or has been an initiated member for 50+ years, their national dues become optional. They must notify NH if selecting this option. However, to support the Fraternity, these emeritus members may choose to continue payment of the annual national dues.

The SAI Alumnae Association provides our alumnae members with continuing contact with the national organization. Initiated collegiate members are eligible to join upon graduation or leaving school. Alumnae members are billed individually for annual national dues to the SAI Alumnae Association.

## Charitable Contributions

Each chapter of Sigma Alpha Iota should make annual contributions to Sigma Alpha Iota Philanthropies, Inc., the charitable arm of the Fraternity. (*See Chapter 11 – SAI Philanthropies, Inc. for details.*)

## Other National Assessments

1. **Convention Fund** – Each collegiate chapter is required to make an annual Convention Fund payment. Payment of this fee assists with a portion of the collegiate chapter delegate's convention attendance. Alumnae chapters are responsible for all costs associated with their delegate's attendance at the convention. Each year, the alumnae chapter should set aside an amount for its convention delegate.
2. **Annual Service Charge** – This assessment is due when invoiced each year. It is used to cover the expenses for all report forms sent to chapters, releases, special bulletins, brochures, general mailings, and postage, among other items.
3. **Insurance Assessment** – This assessment is due when invoiced each year. It pays for the chapter liability insurance, which provides coverage that protects SAI members when they travel, allows them access to facilities for hosting concerts and fundraisers, and, insures them against losses due to accidents related to fraternity events. For collegiate chapters, this is a per capita assessment based on the membership roster as of October 1.

## THE ANNUAL REPORT OF THE CHAPTER TREASURER

### Caution to Collegiate Chapter Treasurers!!!!

The end of term is a very busy time, so don't get behind! Plan ahead so that the Annual Report will be completed and can be reviewed by the chapter financial advisor prior to the April 15 deadline.

Both collegiate and alumnae chapter treasurers are required to submit an Annual Report and a copy of the closing bank statement through the Officer Portal. For collegiate chapters, these items are due by April 15. For alumnae chapters, they are due by June 1.

### Important Note:

Chapters for which National Headquarters has not received an Annual Report will not be permitted to have an MIT class during the following fall term.

**The collegiate chapter advisor/financial advisor must review the Annual Report before final submission.** It is the advisor's responsibility to check the report for accuracy and review the chapter's financial records for the year. Similarly, the alumnae chapter must appoint someone, generally another chapter member, to review the report and financial records for the year.

## OTHER DUTIES OF THE CHAPTER TREASURER

The chapter treasurer has several responsibilities beyond those already described in this chapter.

### Managing Delinquent Member Accounts

The chapter treasurer is responsible for informing members when payments are due, collecting payments from members, and knowing the status of each individual member's account. Occasionally, a member may fail to meet their financial obligations and becomes delinquent. The chapter should never advance monies to members in these cases. Delinquent accounts should be managed as prescribed in the chapter's bylaws. If the chapter currently has no provisions for managing delinquent accounts in its bylaws, such provisions should be developed by the chapter. Consequences could include loss of vote in chapter meetings or the loss of performance privileges in chapter programs and musicales, until all financial obligations are met. Chapter members who are delinquent may not hold office or be considered for awards. Chapter treasurers are to monitor delinquent accounts and make regular reports to the chapter. In some cases, the chapter may choose to cancel all or part of an individual's local debt. **Debts to the National organization (i.e., MIT fee, initiation fee and badge fee, National Dues), however, cannot be cancelled by the chapter.**

It is the chapter treasurer's responsibility to maintain frequent contact in writing with all delinquent members. If an alumnae chapter member is not participating with the chapter, their name should be removed from the active member list and they should not be billed for chapter assessments. They would NOT then be reported as delinquent. At the end of the fraternity year, the names of delinquent members and copies of all correspondence related to the delinquent accounts should be sent to NH on the Delinquent Member Report (collegiate by June 1; alumnae by June 15). **Reporting someone as delinquent does not remove the name from chapter rolls or remove the member's charges from the chapter's account.**

Whenever a delinquent chapter member's debts have been cleared, the chapter treasurer should report the member's change of status to National Headquarters immediately. A delinquent member cannot affiliate with another collegiate or alumnae chapter while listed as delinquent, so reporting this change of status is important. **CHAPTERS MAY NOT LOAN OR "DONATE" MONEY TO MITS FOR THE FINANCIAL OBLIGATIONS OF INITIATION.** An MIT class may now fundraise to cover up to 100% of the cost of initiation fees.

## Providing Financial Leadership to the Chapter

Over and above carrying out the basic accounting and reporting duties of the office, the chapter treasurer should be proactive in demonstrating financial leadership to the chapter. Leadership may involve any or all of the following activities:

- 1) Looking for banks that provide the most attractive interest rates on checking accounts, as well as the lowest penalties for low balances, overdrafts, etc.
- 2) Investigating the fundraising activities of other chapters, via Fraternity Education releases, in order to suggest new fundraising activities as needs arise
- 3) Closely monitoring the chapter's income and expenses, so that when requests for new expenses are presented, the chapter treasurer can provide a valid argument for or against the expense given budget constraints.

## Training of a Successor

A new treasurer needs to have adequate training in order to assume the responsibilities of their position. It is the **responsibility** of an **outgoing** chapter treasurer to:

- 1) **Submit Annual Treasurer's Report**
- 2) Make sure the files are in good working order before they pass them on
- 3) Take time to familiarize the new treasurer with the files
- 4) Attend to the new signature cards at the bank
- 5) Train their successor on the tasks for which they will be responsible.

The end of the school year is a particularly busy time, but it is vital that chapter treasurers make the time to complete these tasks to ensure a smooth transition of officers. As soon as possible after the election of new officers, the outgoing and incoming treasurers should meet for a training session. **Don't leave the new chapter treasurer in a lurch!**

## Online Banking

Chapters are allowed to use online banking provided by their financial institution. However, chapters who choose to use online banking should implement controls to ensure that chapter funds are carefully monitored. No personal information (e.g. phone or social security number) should be tied to the chapter banking accounts.

In a collegiate chapter, these controls should include the faculty advisor having the password for the online system. The advisor should log into the system at least twice per month to review the chapter's financial activity. In addition, the treasurer should print or copy the monthly bank statement, providing a copy to both the chapter president and faculty advisor for review.

In an alumnae chapter, these controls should include the chapter president having the password for the online system. The president should log in to the system at least once per month to review the chapter's financial activity. In addition, the treasurer should print or copy the monthly bank statement, providing a copy to the chapter president for review.

## Debit and Credit Cards

SAI chapters are allowed to use debit and credit cards. However, similar to online banking, chapters must implement controls in order to prevent unauthorized use of the card.

In a collegiate chapter both the chapter president and faculty advisor should receive and approve a copy of the monthly bank statement detailing the debit/credit card charges.

In an alumnae chapter, the chapter president should receive and approve a copy of the monthly bank statement detailing the debit/credit card charges.

Although debit cards will be allowed, chapters must still have a physical checkbook in order to make payments to NH and other vendors that do not accept debit cards.

## Electronic Payment Methods

Chapters may choose to use electronic payment methods such as Zella, Paypal, or Square, etc. (**Note: Venmo is not allowed.**) However, each chapter is responsible for reading and abiding with any Terms of Use, Seller Agreements, and other agreements that must be acknowledged when signing up for these payment programs. Payment accounts should in no way be linked to an individual member's account. It is solely the responsibility of each individual SAI chapter to understand these agreements and ensure that the chapter is in compliance with the respective company's requirements and for understanding what types of fees may be collected using that payment service (whether membership dues can be collected, fundraising, etc.). Zelle is our first choice, as it is free through most banks. But if you create a Square or Paypal account, you must create a business account using the chapter EIN/Tax ID and agree to the associated fees. We do allow CashApp, but chapters have trouble retrieving their money.

Collegiate chapters should discuss with both faculty and financial advisors before enrolling in electronic payment methods. Additionally, chapters must represent themselves as a 501(c)7 organization. Any money paid to chapters is not tax deductible and may not be represented as such. As a reminder, chapters are not exempt from sales tax and will likely be liable for sales tax imposed by the electronic payment system. Each chapter is responsible for complying with applicable tax laws. Should you have questions, contact your advisors, the NVP Finance, and National Headquarters as needed.

## Online Fundraising

Chapters may not use online fundraising sites (GoFundMe, etc.) to raise money for specific chapter projects, for donations to the chapter in general (for no specific purpose), for donations for SAI conference attendance, or for individual dues or fees, including MIT fees. Chapters may only advertise fundraisers to their university/community patrons and accept funds via approved electronic payment methods, cash, or check.

## No Raffles Allowed

Raffles are a form of gambling that is highly regulated within each state. As a result, the Fraternity does not allow Sigma Alpha Iota chapters to be involved in or host raffles. Please keep this in mind as you plan your chapter's fundraising activities. Silent auctions are approved.

## Income Tax Exemptions, Sales Tax, and Charitable Contributions

Chapters of Sigma Alpha Iota are recognized subgroups of the parent organization for tax purposes. Sigma Alpha Iota is a 501(c)(7) non-profit organization. With respect to **income tax**, chapters of Sigma Alpha Iota are tax exempt unless they receive more than \$50,000 in annual gross income. National Headquarters submits an annual 990-N (e-Postcard) for each chapter. Should your chapter receive a tax notice in the mail, contact NH **immediately**. Should the chapter receive other correspondence from the IRS (e.g., notice of an impending audit), the chapter treasurer should also contact the National Vice President, Finance and National Headquarters **immediately**. Chapters should not contact the IRS under any circumstances.

Chapters of Sigma Alpha Iota are **not exempt from state and local sales taxes**.

Contributions made to Sigma Alpha Iota are not tax deductible because, while SAI is a non-profit organization, it is **not a charitable non-profit** under the IRS rules. Chapters cannot accept donations without providing goods and services.

People who donate money to a chapter cannot deduct it as a charitable contribution on their tax returns. However, Sigma Alpha Iota Philanthropies, Inc., the charitable arm of Sigma Alpha Iota, is a 501(c)(3) charitable non-profit organization, and donations made directly to SAI Philanthropies, Inc. are tax deductible. Chapter treasurers should keep this in mind as they plan fundraising activities. Currently, donations would be tax deductible by the donor only if they are made directly to SAI Philanthropies, Inc. without first being deposited into the chapter's account.

### Tax Status

As you plan fundraisers, banquets, and other chapter events, it is important that you be aware of the Fraternity's tax status:

- The Fraternity and each of its chapters are 501(c)7 organizations under IRS regulations. Thus, we are considered membership organizations. Contributions to the Fraternity and its chapters ARE NOT tax deductible. We are also NOT exempt from paying state and local sales tax.
- SAI Philanthropies, Inc. is a 501(c)3 organization under IRS regulations - more commonly known as a charitable organization. Contributions made directly to SAI Philanthropies, Inc. are considered tax deductible.

**Reminder: Chapters cannot accept donations without providing goods and services.**

### Important Information for Collegiate Delegates!

IT IS THE OBLIGATION OF ALL CHAPTERS TO HAVE A DELEGATE IN ATTENDANCE AT NATIONAL CONVENTION! Please contact the NVPCC and NVPF with any problems related to attendance.

The collegiate chapter delegate registration will be processed as follows:

Each year a collegiate chapter is currently assessed a \$250 convention fund fee; when that is paid it is set aside as a "savings account" to be used by the chapter for convention.

Example: Chapter will pay into their convention savings

2022-2023 .....	\$250.00
2023-2024 .....	250.00
2024-2025 .....	250.00
Total paid .....	750.00

When the delegate registers for convention the registration fee will be paid for out of money the chapter has paid into the convention fund. The remainder that is left in the convention fund will be sent to the chapter to help defray delegate expenses. The chapter is expected to reimburse their delegate for travel, hotel, and reasonable meal costs.

NOTE: Any collegiate chapters installed or reactivated during the current triennium will receive special instructions from the NVP Finance.

**Reminder: Having a delegate there to represent the chapter and bring back information is paramount.**

Do be aware that the delegate's chapter must be in good financial standing with all bills paid to SAI National Headquarters to be eligible to vote.

## **HISTORICAL RECORDS MAINTAINED BY THE CHAPTER TREASURER**

The chapter treasurer is responsible for maintaining historical records of their office. Some of these records are important, primarily, for preserving the chapter's history. Others are required for tax purposes in the event the Internal Revenue Service conducts an audit of the chapter's finances.

The following is a list of records that should be archived and maintained by the chapter treasurer.

### **Records Maintained by the Chapter Treasurer**

#### **Seven Year Retention:**

1. Bank statements
2. Copies of lists of delinquent members

#### **Three Year Retention:**

1. Duplicates of remittance forms sent to National Headquarters
2. Correspondence pertaining to financial matters

**The annual treasurer's report for every chapter must be submitted to National Headquarters at the end of the school year, as required by the Internal Revenue Service.**

**Thank you for your compliance.**

# The SAI Ritual

## INTRODUCTION

**T**he Ritual of Sigma Alpha Iota is a strong heritage that links all who have been initiated, from Alpha Chapter to the present. It is the source of knowledge for the fraternity's founding principles. The heart of the Ritual has been carefully preserved through all editions. If our Founders were to be present at a Ritual ceremony today, they would recognize many passages that originated in their time.

The Ritual teaches us the inner meaning of the symbols of membership. Therefore, the ceremony of the Ritual is a task to be performed seriously. It should reawaken the spirit of the Founders and should be exemplified in the life of every member. Members should sense true meaning in the handclasp and in the password. The Ritual should open the doors of our sisterhood, and the principles of Sigma Alpha Iota should stand out until they become great objectives, not merely spoken words. **Members may not Skype, Facetime, etc. into Initiation or any other ritual ceremony - open or closed.**

## TYPES OF CEREMONIES

### Closed Ceremonies

The following Ritual ceremonies may be presented only in the presence of initiated members of Sigma Alpha Iota.

*Senior Commitment Ceremony*  
*Recommitment Ceremony*

### Open Ceremonies

The following Ritual ceremonies may be presented in the presence of non-members.

*Ruby Sword of Honor Ceremony*  
*Diamond Sword of Honor Ceremony*  
*Rose of Honor Ceremony*

*Rose of Constancy Ceremony*  
*Ring of Excellence Ceremony*  
*Individual Member Anniversary Ceremony*  
*Memorial Ceremony*  
*Founders' Day Ceremony or Incorporation Day Ceremony*  
*Chapter Anniversary Ceremony*

## THE RITUAL CEREMONY – PREPARATION AND EXECUTION

All Ritual ceremonies must be memorized and thoroughly rehearsed. **At least three full rehearsals** of any Initiation Ceremony (including music) or awards ceremony must be held. Chapters may amend ritual text in all ceremonies by interchanging appropriate and needed pronouns.

The password and the handclasp must be taken preceding all formal business meetings and all closed Ritual ceremonies. Early each year the vice president, ritual must review the password, the handclasp, and the pledge at a chapter meeting.

The vice president, ritual must arrive at all meetings and Ritual ceremonies in sufficient time to prepare the room and take the password and handclasp from each member as they enter the room. The sergeant-at-arms may assist with this. After the ceremony/meeting has begun, the sergeant-at-arms is seated near the door, and they take the password and handclasp from latecomers.

If it is impossible for the vice president, ritual to be at the meeting room in advance of the meeting hour, the VPR must notify the chapter president. The responsibility passes to the sergeant-at-arms or another member appointed by the president.

**! The vice president, ritual must collect master ritual and ritual music books from each member at the end of a ceremony and initial their return on the Ritual Sign-Out Sheet for Ritual Music and Master Ritual Copies.**

### The “Chorale” in a Ritual Ceremony

The singing of the Sigma Alpha Iota “Chorale” is called for in some Ritual ceremonies. Whenever the “Chorale” is sung as part of a Ritual ceremony, it must be the two-part version from the Ritual Music Book.

**The four-part setting of the “Chorale” that is in *Songs of Sigma Alpha Iota* is not to be used in a Ritual ceremony.**

### The Electric Badge

The Sigma Alpha Iota Electric Badge is a wall plaque that is an enlarged version of the member badge with electric lights in place of the pearls. It hangs with a hook or can be rested on an easel. It may be displayed in public.

### The Table Badge

The Table Badge is much like the Sigma Alpha Iota badge but uses electric candles. It is used for chapter Installation Ceremonies, Chapter Anniversary Ceremonies, and Reactivation Ceremonies.

Collegiate and alumnae chapters may request the use of a Table Badge for a Chapter Anniversary Ceremony on the occasion of a **major** anniversary such as 10, 25, 50, etc., years. This request is made to National Headquarters. The following usage fees are charged:

1. Rental fee
2. Shipping fee

If the Table Badge is not returned to NH within two weeks of the date on which it was used, the rental fee is doubled. If the Table Badge is not returned within one month, a fee equal to the cost of replacing the Table Badge will be charged.

### Battery-Powered Candles

Sigma Alpha Iota requires electric candles for all ceremonies for safety and liability issues. No open flame should be used anywhere. It is **MANDATORY**, as of June 2009, that **ONLY** battery-powered candles be used.

## VICE PRESIDENT, RITUAL

The vice president, ritual is responsible for all chapter rituals. They **supervise** the preparations for all ceremonies for initiating members (collegiate, patroness, and Distinguished Member), awarding honors, installing officers, and the Memorial Ceremony. The only rituals to be performed are in the Master Ritual. Chapters may not create their own ritual ceremonies.

The **collegiate vice president, ritual** supervises the preparations for collegiate, patroness, and Distinguished Member initiation ceremonies and collegiate affiliation ceremonies. The **alumnae vice president, ritual** supervises the preparations for alumnae and patroness affiliation ceremonies and patroness and Distinguished Member initiation ceremonies. NO INITIATION CEREMONIES SHOULD BE A SURPRISE.

The well-organized vice president, ritual must have the following materials in their notebook:

- ❑ *Chapter Procedures Manual*
- ❑ Copies of the Ritual Inventory reported to the National Vice President, Ritual and Fraternity Education for the past three years
- ❑ Copies of the Annual Report to the chapter of the vice president, ritual for the past three years
- ❑ Copies of the Ritual Sign-Out Sheet for Ritual Music and Master Ritual Copies for the past three years.

The vice president, ritual is also the custodian of the ritual equipment, as listed on the Ritual Inventory checklist on the Officer Portal, and the ritual books. The distribution of rituals is as follows:

### *Collegiate chapters*

- ❑ Three *Master Rituals*
- ❑ Three *Ritual Music Books*
- ❑ Any copies sent for visually impaired members

### *Alumnae chapters*

- ❑ Three *Master Rituals*
- ❑ Three *Ritual Music Books*
- ❑ Any copies sent for visually impaired members

The vice president, ritual must keep a complete record of ritual books loaned to those taking part in the ceremonies, using the Ritual Sign-Out Sheet for Ritual Music and Master Ritual Copies. Members who do not return ritual books will be charged for replacements.

Each individual member is responsible for their own personal Member Ritual Book (presented to all collegiate members and new initiates as of Fall 2009). Alumnae members should also purchase their own copy of the Member Ritual Book.

## General Duties of the Vice President, Ritual

- ❑ Directs and manages the Ritual Committee (*See page 9-4*).
- ❑ Takes the password and handclasp from each member preceding all formal business meetings and Ritual ceremonies. Again, these should be reviewed at a chapter meeting early in the year. (There is no “door knock” to enter events.)
- ❑ Conducts the opening and closing ceremonies of formal business meetings. These ceremonies should be memorized.
- ❑ Gives the “Grace” at each chapter banquet or arranges for the singing of “Grace” (*See Songs of Sigma Alpha Iota*).
- ❑ Announce the dates for initiations in consultation with the chapter president and VPM.
- ❑ Explains the meaning of the Ritual (Master Ritual, pg. 3-7) to new initiates at the first chapter meeting following initiation.

**Maintaining the dignity and integrity of the Sigma Alpha Iota Ritual must be the primary concern for the vice president, ritual.**

- ❑ Presents the Member Ritual Books to new initiates following the Explanation of the Ritual. (This is the personal property of each member.)
- ❑ Collects Master and Music Ritual books from each member at the end of a ceremony and initials their return on the Ritual Sign-Out Sheet for Ritual Music and Master Ritual Copies.
- ❑ Secures permission from the province officer to hold collegiate initiation after May 15 (if necessary). **Initiations must be completed by the end of the spring semester.**
- ❑ Completes necessary entries in the Initiation Signature Book (*See below*).
- ❑ Conducts an orientation meeting with the new vice president, ritual before or soon after the installation of new officers.
- ❑ Organize an Initiation practice for the collegiate Official Visit. The Province Officer must see an initiation ceremony practice. Memorization expectations will depend on timing of OV in relation to the ceremony.

### The Initiation Signature Book, Collegiate and Alumnae Chapters

The Initiation Signature Book should contain the signatures of all initiates and affiliates: collegiate, patroness, Member Laureate, Honorary Member, National Arts Associates, and Friend of the Arts. The vice president, ritual should write the superscription in the Initiation Signature Book for each collegiate initiation ceremony. The Initiation Signature Book should have the date of each initiation with the countersignature of the chapter president and vice president, ritual. Each initiation ceremony should be numbered chronologically beginning with the ceremony at the time of installation.

**The Initiation Signature Book is the official record of all those initiated into the chapter. It must be cared for and stored with great concern.**

### The Ritual Committee

The vice president, ritual is chairman of the Ritual Committee. Other members of the committee are the sergeant-at-arms and members appointed by the vice president, ritual. The Ritual Committee's responsibility is to organize the Ritual ceremonies. In detail, this will include:

	<b>Ritual Committee Organization Tasks</b>
Assign Parts	Parts must be assigned far enough ahead of the time of the ceremony for participants to memorize their respective parts. Every ceremony should be rehearsed, and the Collegiate Chapter Initiation ceremony requires at least three complete rehearsals, <b>including music</b> .
Arrange for Equipment	Equipment must be checked to see that it is available, clean, and in proper working order. This should be done well before the ceremony. At the close of the ceremony the Ritual Committee is responsible for checking, cleaning, and storing ritual equipment.
Room Arrangement	The Ritual Committee is in charge of arranging the room for the ceremony.
Badges, Initiation Ceremony	The Ritual Committee is in charge of having badges in place for all Chapter Initiation ceremonies. Membership cards and certificates will be mailed to the chapter as soon as they are available, possibly at a different time from the initiation ceremony.

**The vice president, ritual is responsible for the presentation of the Ritual and the care of the Ritual books and equipment.**

### Ritual Inventory

At the time of the province officer's official visit, the province officer and the vice president, ritual of the collegiate chapter will complete the Ritual Inventory. This inventory will document whether or not the chapter has all of its ritual books, robes and equipment as well the condition of the equipment. If all the ritual books are not available during the official visit, there is a substantial fine. The province officer submits the ritual inventory report online through the OP for collegiate chapters and for on-site alumnae chapter visits. For alumnae chapters, the vice president, ritual submits an annual report and inventory.

The National Vice President, Ritual and Fraternity Education, will make every effort to help a chapter obtain all the robes and equipment it should have. They will automatically replace missing Music or Master ritual books, charging the appropriate fine for lost rituals and the appropriate postage and handling charges.

**The vice president, ritual MUST collect ALL Ritual books from members to have on hand for the province officer at the time of the official visit.**

The vice president, ritual of an alumnae chapter should complete of the **Ritual Report** form in the Officer Portal by the published due date. One copy should be placed in the chapter files.

The vice president, ritual **must keep the Ritual Sign-Out Sheet for Ritual Music and Master Ritual Copies**. On this sheet, a member signs out the ritual book they need to learn their part. At the end of each ceremony, the member must return the ritual book to the vice president, ritual, who signs in the book on the Ritual Sign Out Sheet for Ritual Music and Master Ritual Copies. The Ritual Sign Out Sheet for Ritual Music and Master Ritual Copies is found on the Officer Portal in the Document Library. By the announced due date, the vice president, ritual should send a copy of the Ritual Sign Out Sheet for Ritual Music and Master Ritual Copies to the province officer. One copy should be kept for the chapter files.

*See page 9-6 for a checklist for the vice president, ritual.*

**Be Careful!**

**Losing ritual books and materials shows carelessness  
and lack of responsibility.  
It is also expensive!  
Be conscientious about the care of ritual books and materials.**

### Replacing Rituals

If a Master Ritual book or Ritual Music book has been lost, the National Vice President, Ritual and Fraternity Education should be notified immediately and given the inventory number of the book that has been lost. They will automatically replace rituals that show up as missing on the Ritual Inventory. The fines for lost rituals are assessed by the National Vice President, Ritual and Fraternity Education each year.

Badly worn rituals may be replaced. No fines are assessed for replacing worn rituals as long as the worn rituals are returned to the National Vice President, Ritual and Fraternity Education. Postage and handling charges do apply. Send the worn ritual(s) to the National Vice President, Ritual and Fraternity Education by a secure way, such as USPS Priority Mail.

### Security/Maintenance for Ritual Equipment

All chapter ritual books and equipment should be securely kept in a locked compartment, safety box, or cabinet on campus. The vice president, ritual, the president, and the advisor should have keys for the locked storage areas.

The vice president, ritual should make recommendations to the chapter for needed repair or replacement of ritual equipment. This information should be part of their Annual Report to the chapter.

**All other instructions concerning the  
Ritual are in the Master Ritual book.  
Read it carefully and follow the  
instructions diligently and thoroughly.**

## INITIATION PREPARATION: CHECK-LIST FOR VICE PRESIDENT, RITUAL

One or two months before initiation, at a chapter meeting:

- ❑ Assign parts. Conduct a complete read-through.
- ❑ Reserve rooms for initiation and rehearsals and check the reservations each week.
- ❑ Check all equipment and replace or repair missing or broken equipment. Assign members to clean and press robes.
- ❑ Insist on memorization of the Ritual. Have members check out the Master Ritual books and Ritual Music, using the Ritual Sign-Out Sheet for Ritual Music and Master Ritual Copies.
- ❑ Learn the songs sung by all initiation participants.
- ❑ Give the members-in-training specific instructions about dress and time and place of arrival.
- ❑ Arrange for an advisor or alumnae member to sit with the members-in-training for the meditation period one-half hour before initiation.

One or two weeks before initiation:

- ❑ Conduct first rehearsal. It should be from memory, with an advisor acting as prompter.
- ❑ Rehearse the processional and recessional at least three times.
- ❑ Include musicians in the rehearsal.
- ❑ Remind the members that no one is excused from dress rehearsal or initiation.
- ❑ Order roses.
- ❑ Check on the arrangements for the meditation period.
- ❑ Be sure badges have arrived from National Headquarters. If different styles were ordered, be sure to note which MITs receive which style.

The Day Before (in the same room as Initiation, if possible):

- ❑ Conduct a final rehearsal.
- ❑ All parts must be memorized; no one should be holding a book, except the vice president, ritual.
- ❑ Use the tone bar or gong, crest, pointer, trays, etc. so that participants will be comfortable using them at initiation.
- ❑ Rehearse the processional and recessional thoroughly.
- ❑ All musicians must be at this rehearsal!
- ❑ It is beneficial to have stand-ins for the initiates, so that everyone can rehearse speaking the lines to someone and look directly into the eyes of those being spoken to. The stand-ins must be SAI members.
- ❑ Prepare the Initiation Signature Book.
- ❑ Press robes, if necessary. Check all equipment again.
- ❑ Remember to bring a pen for the Initiation Signature Book and extra batteries for battery-powered candles.

- ❑ Check again on the arrangements for the meditation period.

Day of Initiation:

- ❑ All members should be present one hour before the scheduled time of initiation to help with setup.
- ❑ The chapter president and vice president, ritual should sign the Initiation Signature Book.
- ❑ Place badges in the proper place, noting which MITs purchased the different styles.
- ❑ Vice president, ritual leads meditation period for participants 15-20 minutes prior to the Initiation Ceremony start time.
- ❑ No other member-in-training activities should be scheduled for that day. Vice president, ritual leads meditation period for participants 15-20 minutes prior to the Initiation Ceremony start time.
- ❑ No one is excused from initiation; it is the most rewarding experience that Sigma Alpha Iotas share.

## POLICY ON SURPRISE INITIATIONS

### NO INITIATION CEREMONIES ARE TO BE HELD AS A SURPRISE

- ❑ MITs should be told the date early on in their training, so they can be prepared for it, and look forward to it. Surprise initiations are cause for having the chapter's charter revoked.
- ❑ Distinguished Members are supposed to be invited to membership, after approval is received, using the formal invitation that is sent to chapter along with the pin. Occasionally, candidates turn down the invitation because they do not want to show favoritism on campus. NEVER should the initiation be a surprise.
- ❑ For an initiation to proceed, the chapter must have:
  - A. Submitted all basic reports in a timely fashion, including the Officers List, School Information Form (collegiate), Budget (collegiate), and the annual President's and Treasurer's Reports
  - B. Received approval from the PO or Distinguished Membership chairman
  - C. Paid all MIT and initiation fees, lost ritual books fines, and have a chapter balance under \$1,000.
  - D. Received the regulation badge(s) or pin(s)
  - E. Shown an understanding of the Initiation Ceremony and its music.

**NO INITIATIONS ARE  
TO BE A SURPRISE.**

## POLICY ON RECEIPT OF BADGES BEFORE INITIATION

DO NOT INITIATE WITHOUT NEW BADGES! No initiation is allowed without the new badges having been received. To do otherwise is to hold initiation without the fees having been paid, which is a flagrant disregard for Fraternity policy.

## POLICY ON JOINT INITIATION CEREMONIES

The Collegiate Chapter Initiation Ceremony is to be conducted by the initiating chapter. Joint chapter ceremonies are not permitted. If smaller chapters require additional members to fill all parts, they may request assistance from members of their local alumnae chapters or neighboring collegiate chapters.

## **POLICY ON RITUAL CEREMONIES AT PROVINCE DAYS**

The only ritual ceremonies permitted during Province Days are:

- ❑ Opening/Closing Ceremonies (required at all Province Days)
- ❑ Sigma Alpha Iota Grace
- ❑ Distinguished Member Initiation Ceremony
- ❑ Awards Ceremonies
- ❑ Memorial Ceremony
- ❑ Founders' Day/Incorporation Day Ceremony
- ❑ Chapter Anniversary Ceremony

Review which ceremonies are open and which are closed, for members only. Ensure that only initiated members are present for the closed ceremonies and that all ritual equipment is removed prior to non-members being permitted to reenter the room.

**Note:** The Collegiate Chapter Initiation Ceremony, Pledging Ceremony, Patroness Initiation Ceremony, and Affiliation Ceremony for Alumnae and Collegiate Chapters **are not** permitted to be conducted during Province Day events.

## **POLICY ON PARTICIPATION OF POs, ROs, AND NEB MEMBERS IN RITUAL CEREMONIES**

Participants in chapter ritual ceremonies must be members of the chapter conducting the ceremony. When necessary, chapters may contact members of the local alumnae chapter and/or collegiate chapters to assist. However, the main parts/key roles are to be filled by the home chapter members.

Only as a last resort, after all other avenues have been exhausted, will POs, ROs, or NEB members be permitted to assist with chapter ritual ceremonies. Participation of a PO, RO, and NEB member must receive prior approval from the National Vice President, Ritual and Fraternity Education.

## **ADDITIONAL MATERIALS FOR THE VICE PRESIDENT, RITUAL AND RITUAL CEREMONIES ARE AVAILABLE THROUGH NATIONAL HEADQUARTERS, AND THE OP.**

Thank you for honoring and respecting the Ritual of Sigma Alpha Iota.

## **RITUAL RELATED STATEMENTS AND REMINDERS**

### **Statement on SAI Men participating in Ritual**

SAI members that are male can only participate in ritual as a pianist or instrumental musician. If a male participates in a ritual ceremony in this manner, they are to wear a white long sleeved dress shirt and blue/black/khaki dress pants.

### **Statement on Children at Meetings and Ritual Ceremonies**

If children must come to a meeting, arrangements should be made for a caregiver or babysitter in another room. It is preferable to have a babysitter for the occasion of a ritual ceremony. Children should not attend closed

rituals, especially once they are able to talk and ask questions. For open ritual ceremonies, it is recommended that the caregiver be seated near an exit to be able to leave unobtrusively, if needed.

Chapter members should not be expected to take on babysitting as a part of their duties.

If there is a question or special circumstance, please contact your Province Officer while Ccing the National Vice President, Ritual and Fraternity Education (in addition to other appropriate officers).

### **The Badge at Graduation**

If a member chooses to wear their badge to graduation, the badge should be worn underneath the robe on dress clothes. Cords or stoles are sold to show fraternity affiliation. The badge should not be worn on something that will be removed like the graduation gown.

### **Do NOT Copy or Reproduce Ritual Materials in ANY Way**

Materials out of the ritual book are not to be copied or reproduced in any way including private chapter use. Do not put our secrets and symbolism in presentations- even if only for chapter use. Do not make copies of songs or pages. If you are using a quote from ritual that was taken from another resource- please cite the author of that quote, as well. These can be found in the ritual book.

### **Violating Stated Safety Procedures**

If your chapter is not following given instructions from the national organization and doing actions that violate normal safety procedures (such as performing ceremonies in the dark, blindfolding, or altering set up/ equipment), these actions could potentially void the insurance coverage each chapter pays for if an accident were to happen.

### **It is required that the chapter know the SAI Pledge and SAI Chorale.**

If the chapter does not know the Pledge or SAI Chorale at the time of the Official Visit, the chapter's upcoming initiation ceremony will be suspended until it is proven that the chapter can recite the Pledge and/or sing the SAI Chorale by memory. Note: The chapter should continue to rehearse the Initiation ceremony as it would be expected that the chapter would learn these vital components of our sisterhood immediately. The chapter is responsible for arranging for the Province Officer or an alumnae member (approved by the NPV-Ritual) to attend a meeting to verify the Pledge and/or Chorale have been learned.

### **It is required that the chapter have all three master and all three music ritual books in their possession to hold an Initiation ceremony.**

If a book is lost, the chapter must replace the book (including payment) before holding their upcoming Initiation Ceremony. The NVP-Ritual will suspend the performance of the Initiation Ceremony until the payment for the lost book(s) has been received. Familiarity with the Initiation rehearsal is required. The chapter must be familiar with the Initiation Ceremony at the Official Visit Initiation Ceremony Rehearsal- spoken word and music. If not, the chapter's upcoming Initiation Ceremony will be postponed until it can be proven the chapter can perform the ceremony. The chapter is responsible for arranging for the Province Officer or an alumnae member (approved by the NPV-Ritual) to attend a meeting or special rehearsal to prove that they are able to respectfully perform the portrayal of the foundation of our fraternity. The PO or alumnae member will communicate with the NVP-Ritual to release the suspension of Initiation.

### **Ritual Ceremonies - \*detailed\* instructions are in the Master ritual books!**

*The only ritual ceremonies permitted to be performed are those in the ritual book. The ceremonies must be performed exactly as noted in the book, without any additions or deletions. This includes props, movements, music, and words.* Some specific items which are not permitted are sheets on the floor, rose petals on the floor, requiring MITs to wear all black to the Pledging Ceremony, and the use of Christmas lights. These are just a few examples of what is not permitted. If your chapter is not doing something that is written in the book, please discuss this with your Province Officer. Just because it was done in the past and/or is your chapter tradition does not make it right.

### **Initiation Practice at Official Visit**

Chapters are required to hold a practice for Initiation at their Official Visit so the Province Officer can provide guidance and suggestions to making the ceremony spectacular! This is a requirement, not optional. This rehearsal should be a run through of the entire ceremony spoken word and music (even if sightreading). The preparedness of the chapter should be equivalent to the time until their ceremony. For example: if the ceremony is two weeks away, the chapter should be very prepared and parts would be memorized. If the ceremony is four months away, reading from the ritual books (master and music) would be acceptable.

### **Badge Attire Statement**

Sigma Alpha Iota has clear expectations when it comes to the definition of “badge attire”. A document has been created so that all of our chapters can align with fraternity policy. This document is available in the Officer Portal Document Library. This badge attire document is designed to help us all provide a consistent, professional appearance to our peers and colleagues. Our appearance reflects on ourselves as much as the organization. Most importantly, members are expected to demonstrate good judgment and professional taste when choosing how to represent themselves within the fraternity. Chapters may not add further stipulations beyond what is listed in this document in their local procedures manual (LCPM). Members are expected to dress in business casual/business attire.

### **More information available in the Document Library of the Officer Portal**

Please see all documents and resources available in the Document Library of the Officer Portal. There is a folder specifically designated for VPRs and Fraternity Education.

# Working with Province, Regional, and National Officers and Directors

SAI Chapter Procedures Manual

## INTRODUCTION

**T**he Province, Regional, and National Officers and Directors of Sigma Alpha Iota are volunteers who work with fraternity members and chapters at a high level. They help chapters see “the big picture,” to understand their place in the whole fraternity.

Fraternity chapters and members work with province, regional, and national officers and directors in many ways. The importance of fulfilling reporting requirements has been stressed in various chapters throughout this manual.

This chapter presents information and situations where officers (chapters, province, regional, and national) and directors work together. The situations covered are:

- ❑ Official Visit of the province officer
- ❑ Visit of a national officer
- ❑ Province Day
- ❑ Annual chapter bylaws review
- ❑ Sending chapter news to province and national publications (province newsletter and *Tempo!*)

## THE OFFICIAL VISIT OF THE PROVINCE OFFICER TO A COLLEGIATE CHAPTER

Each chapter is required to host the province officer for an annual visit. The province officer is the link between the chapter, the regional officer, and the National Executive Board (NEB). Considered one of the most important fraternity procedures, the purpose of the official visit is to give the province officer an opportunity to acquire first-hand information about the strengths and weaknesses of any chapter and to report such to the RO and NEB (*See page 10-3*). The official visit also provides the chapter members and the province officer time to get to know each other as real people; they should strive to develop a relationship with each other that is open, supportive, and nurturing.

The chapter president, in consultation with other officers and members of the chapter, the advisor, and campus personnel is responsible for planning the meeting according to the directions in the *Chapter Procedures Manual*. Because the official visit is a business trip, it is policy that children should not accompany the PO.

### Organizing the Official Visit

- ❑ **Confirm the visit date with the province officer early in the school year.** Avoid potential conflicts such as big collegiate events that may involve many members. Make it as convenient as possible for all chapter members to fulfill the requirement that each member must participate in the official visit. Avoid scheduled vacations. Coordinate dates with the local alumnae chapter if requested by the PO. The NEB recommends at least one and one-half days for the official visit.
- ❑ **Lodging arrangements:** It is best that the province officer stay in a private room in a hotel, motel or campus guest housing.
- ❑ **Transportation arrangements:** Provide a campus map and parking instructions for the province officer. The chapter is responsible for seeing that the province officer gets wherever they must go during the duration of the official visit.
- ❑ **Financial Obligations:** The collegiate chapter is financially responsible for the housing, transportation, and meals of the province officer while they are on the campus. The national treasury covers the travel expenses of the province officer between the chapter and their home.

- ❑ **Schedule the individual events of the official visit.** Meetings with school officials must be scheduled well in advance of the meeting date. School officials need to know something about the province officer's official capacity and the purpose of their visit. Send the school official a reminder of the appointment at least one day before the scheduled conference.
- ❑ **Chapter members should escort the province officer from one meeting place to another and to social events.**
- ❑ **Schedule the meetings of individual chapter officers with the province officer;** consult with the officers in order to accommodate their schedules in the best possible way.

- ❑ **Send the schedule to the province officer two weeks in advance of the visit so that they will know what to expect and adjustments, if any are necessary, can be made.** The schedule should indicate such information as any talks that need to be given, the type of event, the people involved, the type of dress to be worn, the amount of time allowed between appointments and events.

## **THE OFFICIAL VISIT OF THE PROVINCE OFFICER TO AN ALUMNAE CHAPTER**

Each alumnae chapter is required to have an annual official visit, either on-site or by telephone. The NVP-Alumnae Chapters assigns the type of visit to be conducted each year. The purpose of the official visit, whether on-site or by telephone, is to give the province officer an opportunity to acquire first-hand information about the strengths and weaknesses of the chapter and to report such to the RO and the NEB.

Although not required, when possible, the alumnae chapter visit may be made in conjunction with the collegiate chapter visit. Coordination of the date of the visit between the two chapters and with the province officer is a primary concern. Scheduling the events of the visit must also be coordinated. When the visit occurs under these conditions, the collegiate chapter is traditionally financially responsible for the lodging, meals, and transportation in the community for the province officer. (The alumnae chapter could offer to help.)

When no collegiate chapter exists in the same community as the alumnae chapter, or when the two visits do not occur during the same timeframe, coordination of two chapters' schedules becomes unnecessary. However, the financial responsibility for the expenses shifts to the alumnae chapter for this separate visit.

An on-site official visit with an alumnae chapter is less involved than a collegiate chapter's visit. Depending on the schedule and the distance travelled, the province officer often does not need to stay overnight. As with the collegiate visit, the national treasury covers the province officer's travel expenses to and from the location of the chapter. The alumnae chapter is responsible for meals and any necessary lodging.

### **Required Events for the On-Site Alumnae Chapter Official Visit**

The province officer will attend a Formal Business Meeting of the entire chapter. They should have an opportunity to meet with the chapter executive board. Time for the province officer's official visit might be chosen because the alumnae chapter is holding some kind of special event, such as the initiation of a Distinguished Member, a musicale, a luncheon, etc.

The province officer will view the chapter's ritual books and equipment, filing a report after the visit. The chapter should share plans for membership recruitment, for service projects, and for musicales with the PO.

This is also an opportunity to ask for clarification of any fraternity policies.

## **SAMPLE AGENDA FOR PROVINCE OFFICER'S OFFICIAL VISIT— COLLEGIATE CHAPTER**

Following are the components for a model Official Visit, which may or may not actually be in this order. Included are contacts with the alumnae chapter, the whole collegiate chapter, chapter advisors, school administration, patronesses, ritual ceremonies, officer conferences, and a musicale. Special emphasis should be placed on sisterhood and the total SAI community. (Adjustments to the schedule should be made when only an alumnae chapter is being visited.)

### **Friday Afternoon**

- 3:00 The chapter president or another chapter member meets the arriving province officer at the designated meeting place and escorts them to the first event on the schedule.
- 4:00 Meeting with school administration, tour music school, see SAI storage, meeting room, etc.

- 6:30 Pot Luck Dinner (home of an alumna or another site) with alumnae chapter, collegiate chapter, advisors, patronesses.

## **THE VISIT OF A NATIONAL OFFICER**

Occasionally a national officer will visit a collegiate or alumnae chapter. Below are some of the reasons why this could happen:

- ❑ The national officer is in the area for another reason and pays a courtesy visit.
- ❑ The national officer is visiting at the request of the PO or RO.
- ❑ The national officer is visiting by direction of the NEB, at times conducting a disciplinary investigation.
- ❑ Extension events (pre-colonization or post-petition visit, chapter installation)

When a national officer comes to visit a chapter, the chapter is not financially responsible for transportation, lodging, and meals. The exceptions would be if the national officer visits at the request of the chapter, is

conducting an official investigation, or for the installation of a new chapter. (*See extension guidelines.*)

Chapters may be asked to assist the national officer with lodging, meals, and on-site transportation after their arrival in the community. A red rose is a nice touch, too.

If the national officer is in attendance with the province officer during the official visit, all the normal events of the official visit take place with the addition of time for the national officer to address the whole chapter and to talk, individually or in small groups, with officers and members.

If the national officer instigates the visit, they will set the schedule with the chapter:

- The national officer may have conferences with chapter officers.
- The chapter may hold a Formal Business Meeting at which the national officer has time to address the chapter.
- The national officer may have conferences with school administrators.

A musicale, ritual ceremony, reception, or other social event might be appropriate if the schedule allows for this.

The national officer comes to give encouragement, evaluate difficult situations, offer help, gain information, give information, and provide insight into fraternity policies.

## PROVINCE DAY

Province Day (or Weekend) is like a small national convention. The two events have many similar characteristics. Major emphasis is on **music, sisterhood, and fraternity spirit**. Province Day is for all SAIs: collegiate members, alumnae members, patronesses, members-in-training, and Distinguished Members. “Badge attire” is the dress for Province Day.

The chapter(s) that has volunteered (or been delegated) to host Province Day works closely with the province officer to appoint a Province Day Chairman and to plan the day(s), endeavoring to ensure that everyone who attends receives a Sigma Alpha Iota experience complete with music, education, and fun. The province officer functions as the presiding officer of the Province Day celebration. (*Special Note: In some states, where there are multiple provinces, there is an agreement to alternate holding individual Province Days and State Day every other year.*)

### Scheduling Province Day

The host chapter must study its own calendar to find times that would be suitable for the Province Day. On a collegiate campus this means studying the college schedule also. The first priority for scheduling Province Day is that the time is right for the host chapter and the province officer. The rest of the chapters in the province should be consulted and asked to indicate their preferences. A timely reply to such a consultation is necessary.

Once the date has been set, everyone hopes that it will be a time when many can attend and the weather will be good for safe travel.

The farther in advance people know the date, the more likely they will be to attend. Periodic reminders of the date are advisable. (*See Chapter 16 - Communication: Sending the News.*)

### Inviting a National or Regional Officer

One of the functions of Province Day is to help chapters and individual members realize that Sigma Alpha Iota is much larger than their own chapter in their own community. The presence of a national or regional officer or director can emphasize the scope of SAI and be a real highlight for those in attendance. Board members and project directors of SAI Philanthropies, Inc. may also be invited as guest speakers.

National and regional officers would enjoy visiting many Province Days, but their time and financial resources do have limits. Also, the national treasury provides no financial support for Province Days.

Therefore a major consideration that must be taken by the host chapter wishing to invite a national or regional officer to Province Day is that **all the chapters in the province working together, must cover the officer's expenses: travel, lodging, meals. These costs can be included in the registration fee.**

Once a national or regional officer has been invited and agrees to come, they are happy to be a resource for a discussion group or workshop or other program. Notification of the date far ahead of time is essential.

### **The Expenses of Province Day**

**The host chapter should not lose money** on Province Day. At the same time, Province Day should not be considered a fundraiser for the host chapter. Expenses should be worked out so that the chapter **breaks even.**

Common expenses for Province Day include: snacks and meals, postage, and printing charges for programs. In addition, an honorarium might be given to a guest speaker or performer. Keeping the cost per person of attending Province Day as low as possible, set the cost so that expenses will be covered.

It is wise to require reservations for Province Day to be **paid in advance.** This is especially necessary if the place where the meal is to be held requires the organization to pay for the number of meals reserved even if that number is much higher than the number of meals actually served.

Be prepared for people to say they will attend and then not attend. Be prepared for people to attend who did not state their intentions to come ahead of time.

### **Lodging for the Overnight Guests**

Arrange for overnight accommodations. Depending on the distance that must be traveled, some chapter members will want or need to stay overnight. People need to know what lodging is available at moderate cost. Many will be willing, even eager, to stay with alumnae or patronesses in their homes or in the dormitories with collegiate members.

### **Province Day Events**

Chapter and Province officers are encouraged to communicate with the Province Day Director for creative program ideas. No Province Day, or Weekend, will include all of these events, but here are some suggestions:

- ❑ **Mandatory** — Formal Opening and Closing Rituals. Other optional rituals might be an initiation of a Distinguished Member or the Memorial Ceremony
- ❑ **Mandatory** — a musicale, usually including performers from each chapter
- ❑ Workshops or discussion sessions related to fraternity business, music, or careers
- ❑ Panel discussions
- ❑ Scholarship competition
- ❑ Education about SAI Philanthropies, Inc.
- ❑ Special activities for members-in-training (when they can't be present during closed rituals)
- ❑ A sale of fraternity or music-related items to benefit SAI Philanthropies, Inc.
- ❑ Participation in a province-wide service project
- ❑ Mixer games
- ❑ Sing-along of SAI songs
- ❑ A reading of one of the choral pieces from the SAI published music series

### **Getting People to Come**

The invitation should be presented months ahead of time. Give as complete information as possible regarding cost, availability of overnight lodging, types of events, and schedule. Send news about Province Day frequently to remind people about the event and its current plans. If chapters do not hear anything about the event for a long time, they wonder that perhaps it is not going to take place and might make other plans for that day.

Enlist the help of the other chapters in the province by asking them to be responsible for particular components:

- ❑ Provide centerpieces for the luncheon tables
- ❑ Run a workshop or discussion group
- ❑ Take a part in a ritual ceremony
- ❑ Bring a food item

The province could decide, by majority vote, that each chapter must pay a registration fee for one person, and that the fee is not refundable.

### **The Musicale**

A Province Day must have music! The most common type of musicale is the musicale that features a performer(s) from each chapter in the province, although other formats might be considered.

A guest performer, such as a Distinguished Member, could present a musicale. The host chapter could present the entire musicale. A visiting chapter could present the entire musicale. The possibilities are endless. Just be sure to have one.

Having a musicale means reserving a suitable place for the musicale and providing a place and time for the performers to warm up. Be sure the piano is tuned and music stands are available.

When putting the program together, be particular about getting titles, composers, and performers' names correct. Get everything in writing! Do not let "Oh, my soul, haste away from this world," become "Oh, my soul, haste away from the squirrels" because the information was taken by telephone and misunderstood. (*Editor's note: This really happened at a Province Day in 1984!*)

### **Replying to the Invitation to Province Day**

The chapters in the province should reply to the host chapter by the deadline given by the host chapter. The reply should state how many from the chapter will be attending, when they will be arriving and leaving, what kind of overnight lodging they will need, and what responsibility they are willing to accept. The chapter that cannot attend at all has an obligation to respond to the host chapter by the deadline with that information.

**Province, regional, and national officers and directors are available to assist individual members and chapters.**

## **THE CHAPTER BYLAWS DIRECTOR**

All chapters are required to have bylaws and submit an annual report to the Chapter Bylaws Director. Whether a chapter is writing new bylaws, or amending or revising existing bylaws, the Chapter Bylaws Director is a source of information and help. They can be consulted if chapters have questions about anything to do with bylaws.

The approved current chapter bylaws template can be found in the Officer Portal Document Library under Policies and Procedures and must be used by all chapters.

Chapters may also create a document that contains local chapter policies, practices, procedures, requirements, events, etc. This is separate from the chapter bylaws and termed the Local Chapter Procedures Manual (LCPM).

Chapter bylaws, and LCPM (if applicable), are attached to the annual bylaws report and submitted through the Officer Portal annually. The bylaws report form, due November 1 for collegiate chapters or March 15 for alumnae chapters, is found in the Officer Portal Document Library and is submitted by the president.

When the Chapter Bylaws Director receives their copy of a chapter's bylaws, they will read and study them and offer advice or recommend changes or corrections. If they discover that a chapter has omitted an item

that should be in a chapter's bylaws, they will advise the chapter that certain situations ought to be covered in the chapter bylaws. If they discover that some sections of the bylaws should be deleted, they will advise the chapter to delete those sections. If they discover items in chapter bylaws that are in conflict with national bylaws and policies, they will advise the chapter so that corrections can be made.

The LCPM is reviewed by an NEB appointed committee and feedback and required changes will be provided to the chapter by the relevant committee member.

## INTRODUCTION

**S**igma Alpha Iota Philanthropies, Inc. is the charitable arm of Sigma Alpha Iota International Music Fraternity. This tax-exempt, non-profit organization was established at the 1974 Triennial Convention in Kansas City. Sigma Alpha Iota Philanthropies, Inc., a 501(c)3 charitable organization, encompasses all benevolent projects that were formerly under the auspices of either the International Music Fund or the Sigma Alpha Iota Foundation.

Through Sigma Alpha Iota Philanthropies, Inc. the fraternity carries out its charitable and educational endeavors, supports national music organizations, advances the interests of music and musicians in this country and abroad, and publishes the fraternity journal.

The Board of Directors of Sigma Alpha Iota Philanthropies, Inc. administers the projects through its many project directors. The members of its board are the Chairman, the Vice Chairman, the Secretary, the Treasurer, the Sigma Alpha Iota National President, two other directors, the Sigma Alpha Iota National Vice President, Finance (*ex officio, nonvoting*), and the Executive Director of SAI (*ex officio, nonvoting*).

Projects are supported with financial, material, and service contributions. The various projects help both members and non-members. Visit [www.sai-national.org](http://www.sai-national.org) for more information.

## WHERE DOES THE MONEY COME FROM?

Sigma Alpha Iota Philanthropies, Inc. receipts come from voluntary individual and chapter contributions, bequests, “In Memoriam” gifts, proceeds from benefit concerts, and interest/dividends from invested funds.

**Sigma Alpha Iota chapters and members are asked to support Sigma Alpha Iota Philanthropies, Inc. annually by making contributions of money and/or goods and by actively engaging in projects supported by the philanthropic organization.**

## HOW CAN CHAPTERS AND INDIVIDUALS SUPPORT SIGMA ALPHA IOTA PHILANTHROPIES, INC.?

### Financial Contributions

Members and non-members are encouraged to make contributions to the annual campaign, the SAI Symphony Society. The easiest way for chapters to support Sigma Alpha Iota Philanthropies, Inc. is by making an annual financial contribution of any size. This contribution can be financed in several different ways.

- ❑ A specified amount can be budgeted every year from the chapter treasury.
- ❑ The chapter members can be asked for individual donations to the chapter Philanthropies fund; many chapters “pass the cup” for small change at each meeting or include informal fundraisers as part of the program.
- ❑ The proceeds or a percentage of the proceeds from a benefit concert or similar fundraising event can be dedicated to Philanthropies.
- ❑ Gifts can be made in “memory” or in “honor” of another person.

There are also opportunities for underwriting special projects or events (e.g., National Convention events, furnishings at National Headquarters).

## Contributions of Goods

Gifts from chapters and individuals consisting of music, music textbooks, instruments, recordings, audio equipment, and other music supplies are put to good use. The projects of the **People-to-People** program make the most use of these materials, sending them to schools and musicians in the United States and developing countries.

## Contributions of Services

Chapters are encouraged to look for, and they usually find, places in their communities where the musical talents and skills of the members can be used directly to bring music to people who otherwise would not have it.

Members and chapters should get involved in the projects of SAI Philanthropies, Inc. In addition to participating in People-to-People activities, members and chapters can work on developing large-print music versions for musicians with low vision through the Bold Notes project. They can also encourage qualified composers to apply for admittance to the Composers Bureau and make use of the extensive information in the Online Composers Bureau to program concerts featuring the work of American composers. Chapters can also work to assist and support local music therapists through the Music Therapy Project.

## Planned Giving Opportunities/Bequests

Sigma Alpha Iota Philanthropies, Inc. has benefited from bequests, gifts of stock and annuities, and gifts of real estate. These gifts have permitted Philanthropies to increase the size and number of existing scholarships and create new scholarships and grants. Information on setting up personal bequests to benefit Sigma Alpha Iota Philanthropies, Inc. may be obtained from the Treasurer. Those who set up personal bequests are recognized by being added to the Pan's Legacy list, which is displayed at National Headquarters.

**All individual and chapter donations to Sigma Alpha Iota Philanthropies, Inc. must be sent to National Headquarters for processing. Donations should be clearly marked with the donor's name and contact information.**

**The Pan's Legacy mural at National Headquarters.**

## WHERE DOES THE MONEY GO?

Funds are used to aid chapters and individuals in musical and educational endeavors. Many of the projects are described below in the sections on help for chapters and for individuals. The organization also has expenses for:

- a) meetings of the Board of Directors
- b) the office of the Chairman
- c) fees for auditors, attorneys, and investment counselors
- d) general office expenses at National Headquarters
- e) maintenance and improvements to the National Headquarters building and property
- f) other related expenses

## Publication of *PAN PIPES*

*PAN PIPES*, the fraternity journal, is published under the auspices of Sigma Alpha Iota Philanthropies, Inc. Both the Fraternity and Philanthropies, Inc. underwrite the cost of publishing *PAN PIPES*. The fraternity money for publication costs comes from member dues and fees, and the interest/dividends on invested income.

## **OUTREACH PROJECTS OF SIGMA ALPHA IOTA PHILANTHROPIES, INC.**

### **Composers Bureau**

For many years, Sigma Alpha Iota has celebrated the American composer in the winter issue of *PAN PIPES*, detailing new compositions, premieres, and performances of America's foremost composers. This annual publication has become an important and valued resource for scholars, researchers, and those interested in discovering new music for performance. It is now a project of Sigma Alpha Iota Philanthropies, Inc.

The project director maintains contact with America's outstanding composers. Each year the director compiles up-to-date information on their current activities and achievements for the winter *PAN PIPES* and the SAI Philanthropies, Inc. website, which is maintained by National Headquarters. Feature articles in this issue are also focused on contemporary American music and topics of concern to the composer. Visit the Composers Bureau at [www.sai-national.org](http://www.sai-national.org).

## Inter-American Music Awards

The Inter-American Music Awards is a triennial competition for composers from North, Central, and South America. The first award was presented in 1948. **Check the SAI Philanthropies, Inc. website for a current application at [www.sai-national.org](http://www.sai-national.org).**

The Inter-American Music Awards serve a threefold purpose. New compositions of high musical merit are made available to the public. Additionally, the event brings distinction to the winning composers by linking their names to those of composers with well-established reputations. Finally, it offers composers the royalties and other benefits associated with publication of their prize-winning works by a leading music publisher.

Selected by a panel of established composers, the winning composition is premiered at a Sigma Alpha Iota National Convention and is published by C. F. Peters Corporation under the direction of Sigma Alpha Iota. The composer receives a monetary prize and royalties are shared between the composer and Sigma Alpha Iota.

## MacDowell, Pan's Cottage

One of the fraternity's first national projects, undertaken in the interest of the American composer, was at MacDowell, a residency program for Creative Artists in Peterborough, New Hampshire. The program was in need of more housing for the artists who came there to work.

The 1916 Convention, consisting of 11 chapters, decided to build and give a cottage to MacDowell. The cottage was completed by 1919. Since then the fraternity, now through Sigma Alpha Iota Philanthropies, Inc., has provided financial support for the maintenance of the cottage: utilities, general repairs, and replacement of furnishings, etc. A large gift was also given to MacDowell to honor the 100th anniversary of its founding in 1907, enabling the restoration of Edward MacDowell's music room at Hillcrest. In 2016, a new campaign for renovating the 100-year-old Pan's Cottage was announced, and that renovation has been completed.

## Maud Powell Society

SAI Philanthropies assists the work of the Maud Powell Society for Music and Education. This organization shares many goals with Sigma Alpha Iota, including the promotion of women composers and performers, and especially the life and accomplishments of the outstanding woman violinist of the early 20th century, Maud Powell. SAI Philanthropies, Inc. provided the funding for the Maud Powell Society to launch the on-line version of its magazine, *Signature*, which is available free of charge to people throughout the world, including members of SAI. To access the magazine, go to [www.maudpowell.org](http://www.maudpowell.org). SAI Philanthropies also supported the publication of the 4-volume set, "Maud Powell Favorites." It includes violin transcriptions and music dedicated to, commissioned by, and associated with Maud Powell.

## Music Therapy Programs

Sigma Alpha Iota was the first organization to become a sustaining member of the American Music Therapy Association, Inc. (formerly known as the National Association for Music Therapy, Inc.). The fraternity has aided numerous music therapy programs by making gifts of instruments to:

- a) military and Veterans Administration Hospitals;
- b) city, county, and state hospitals and clinics;
- c) homes for developmentally disabled children and adults;
- d) rehabilitation centers; and
- e) educational television stations.

Music therapy projects are carried on in public and private schools to promote musical growth and understanding.

As a result of a bequest, some Chapter Outreach Grants are reserved for music therapy projects. Music Therapy Scholarships are available for undergraduate or graduate study in music therapy. For more information and to share project ideas, contact the Director of Music Therapy via [www.sai-national.org](http://www.sai-national.org).

## Musicians with Disabilities

Since 1959, Sigma Alpha Iota has assisted musicians who are blind or struggle with visual impairments. Incorporating the work of the former Bold Notes and braille projects, this activity (in which SAI was a pioneer) assists SAI members who have visual impairments in obtaining needed materials in braille, audio, or large-print form (e.g. SAI ritual materials, music scores, and *PAN PIPES*).

**Braille Transcription Project:** Braille transcribers, who must learn literary braille before music braille, complete projects from the National Library Service for the Blind and Print Disabled. Many SAIs have been certified braille transcribers.

**Bold Notes Music Project:** The Bold Notes Music Project aids partially sighted musicians who cannot read the normally printed page. The music, initially hand-copied and hand-enlarged, is of sufficient and uniform size to meet the needs of those with visual impairments. Bold Notes Music is deposited with the Library of Congress in the Lending Library in the Division of the Blind and Print Disabled.

Many SAI chapters and individual members have worked on Bold Notes projects, with valuable contributions of time and expertise by members. Bold Notes music is now produced by chapters using computer software (Sibelius or Finale). This new approach to producing Bold Notes was initiated in 2006 in partnership with the Library of Congress. For more information, go to [www.sai-national.org](http://www.sai-national.org).

## People-to-People

Since 1963, SAI's influence has been felt by musicians in many parts of the world through the work of People-to-People projects. People-to-People provides material assistance (instruments and accessories, scores, books, teaching materials) and encouragement to schools, music organizations, and musicians in the United States and developing countries. Musicians in more than 75 countries — including such diverse locations as Haiti, Colombia, Belize, Botswana, China, Chile, Madagascar, Mongolia, Philippines, Papua New Guinea, Kenya, and Zimbabwe, to name a few — have received invaluable aid through this program.

Chapters can become directly involved in People-to-People projects by consulting with the director of People-to-People, who will advise them concerning the specific types of used and new music materials for chapters to collect, as well as the types of instruments needed in the People-to-People program. The director works with other non-profit charitable organization, Sister City arrangements, and the like to arrange for shipments of these materials.

Sometimes a member who has gone to work in a foreign country and has discovered a need for music in the lives of the people where they work initiates a People-to-People project. With the help of the fraternity and resources from People-to-People, that need can be filled.

## **MUSIC ORGANIZATIONS SUPPORTED WITH SAI PHILANTHROPIES, INC. FUNDS**

SAI Philanthropies makes contributions to many institutions to help provide scholarships for both SAI members and non-members:

- ❑ An SAI National Vocal Scholarship is available at Aspen Music Center.
- ❑ The Chautauqua Summer Institution awards scholarships in the name of SAI.
- ❑ The Inspiration Point Fine Arts Colony provides an opera scholarship.
- ❑ The Brevard Music Center provides a scholarship for any discipline of musical study.
- ❑ The Round Top Music Festival provides a scholarship for any music discipline.
- ❑ The Eastern Music Festival in Greensboro, NC offers a summer scholarship.

To be eligible for these scholarships, one must apply directly to the facility and be accepted for the summer program. Although these scholarships are open to anyone, preference is given to SAI members. Therefore, it is very important for an applicant to mention that they are a member of Sigma Alpha Iota. SAI Philanthropies, Inc. provides the money for these scholarships, but the individual summer program determines the recipient.

SAI outreach programs go beyond the scope of scholarships. Besides Pan's Cottage at MacDowell, the SAI Foundation (now known as SAI Philanthropies, Inc.) built the Sigma Alpha Iota Scholarship Lodge at Interlochen Center for the Arts for high school aged children. It is a multiple unit cabin designed for year-round use and provides housing for guests of Interlochen. The Brevard Music Center was given the SAI Practice Cabin, and it was renovated in 2004 with funds received through the SAI Century Drive.

# Building Chapter Membership

SAI Chapter Procedures Manual

## INTRODUCTION

**A**n organization will not survive without members. Building and maintaining membership is the business of every member in the organization.

**Both collegiate and alumnae chapters must conduct regular member recruitment to ensure the chapter's continued existence.**

In SAI, member recruitment is the responsibility of each member. Every member must feel an obligation to replace herself in the chapter. Even though recruitment is under the leadership of the vice president, membership or the membership chairman, every member must have a direct interest in it. This has to do not only with encouraging new members, but also with the presentation of the fraternity to the world.

### Recruitment At-a-Glance:

**Recruit New Members  
(Students and Alumnae)**

**Present SAI to the Community**

**Create and reinforce contacts  
with music students and  
professionals.**

Member recruitment begins informally on the first day of registration on a campus. Getting to know the new eligible students who are involved in music and reestablishing contacts with returning students is an ongoing process which intensifies during the orientation, mixers, moving-in, and registration days. Recruitment can also start during the summer before a new student begins their studies. If the institution will permit, chapter members could contact new students during the summer. Many colleges will provide SAI with information on entering students.

## HAVE A MEMBERSHIP RECRUITMENT WORKSHOP FOR THE CHAPTER

### Recruitment Dos and Don'ts...

**Don't leave a guest alone!**

**Don't discuss sensitive topics at this point, such as religion, politics, the opposite sex, or somebody's complaints about the school, faculty, or classes.**

**Do be prepared to talk about financial obligations and time commitment to SAI. These things are real, and should not be minimized or ignored.**

A chapter must practice recruitment by practicing with each other. Have a workshop for chapter members. Members must know all phases of their fraternity - national, region, province, and local - and be prepared to talk about it. The skills of correct introduction, light conversation, the type of conversation that puts a nervous guest at ease, and circulation among the guests, need to be taught and practiced.

If the chapter feels the need to develop or polish recruitment skills, consider asking SAI alumnae, PO, RO, national officers, or other nearby collegiate chapters to conduct a workshop for the chapter.

## Preparation

Have a list of frequently asked questions for discussion at the workshop. It might also be helpful to brainstorm more questions for discussion. What questions did current members have before joining SAI? Those are the types of questions that need to be discussed before the recruitment event(s). All members should be as well informed as possible before the event.

### Example Questions

**What does the chapter do: music, social, service, fundraising?**

**How much does membership cost: at the beginning and after initiation?**  
(*Member-in-training fee, initiation fee, dues, assessments.*)

**What is the time commitment?**

**What is expected of a member-in-training? Do I have to do silly things or wear silly clothes to belong?**

**What happens to my membership after college?**

## CAMPUS INTERFRATERNITY MUSIC COUNCIL (CIMC)

*Delta Omicron  
Kappa Kappa Psi  
Mu Phi Epsilon  
Phi Beta*

*Phi Mu Alpha Sinfonia  
Tau Beta Sigma*

*along with Sigma Alpha Iota*

**are members of the National Interfraternity Music Council (NIMC). These fraternities have agreed to promote good relations among the member fraternities.**

**All member fraternities are pledged to work together to promote the best interests of music and music fraternities.**

Each campus is encouraged to have a campus interfraternity music council (CIMC) made up of representatives of the different music fraternities. The purpose of this council is to promote good relations among the member organizations. Establishing guidelines for fair and equitable membership recruitment is an important function of this council. In addition, the council members often work together on projects contributing to the musical life of the campus. The bylaws for this interfraternity council should be based on the Model Bylaws provided by Sigma Alpha Iota, Mu Phi Epsilon, and Delta Omicron. These Model Bylaws are available from the National President.

Chapter members must understand and follow the agreements of that council. These agreements cover the timing of recruitment events, what activities may take place at a recruitment event, when invitations to membership may be sent out and accepted, when the membership education period begins and ends, and when initiations may take place. SAI shares the principle of exclusive membership with Mu Phi Epsilon, Delta Omicron, and Phi Beta. Individuals may be initiated into only one. SAI does not share this exclusive membership principle with Tau Beta Sigma and Kappa Kappa Psi. Women may be members of **both** Sigma Alpha Iota and Kappa Kappa Psi or Tau Beta Sigma.

The recruitment process is different for collegiate and alumnae chapters. Descriptions for both are in the next sections.

## THE COLLEGIATE CHAPTER MEMBERSHIP RECRUITMENT PROCESS

### Step One:

**Plan the membership recruitment event** thoroughly, specifying:

- ❑ Time
- ❑ Location
- ❑ Duration
- ❑ Activities
- ❑ Handouts

Each member of the chapter must know their specific responsibilities. Additionally, members must know and apply the principles expressed in “A Statement of Fraternal Values and Ethics” which is published in Appendix A of the CPM and in the *Manual for Members*.

What is the program for a membership recruitment function? Will there be a theme or “gimmick?” SAI is a music fraternity. The chapter must showcase musical talents and highlight musical activities.

### Step Two:

**Create a list of Undergraduate and graduate eligible students** who are music majors, music minors, or are enrolled in music classes, lessons, or ensembles. These references usually come from the department chairman, the faculty advisor, or the interfraternity council. This list will be the invitation list to the function. While first semester freshmen and transfer students **may attend informational meetings only**, they **MAY NOT** be invited to membership in SAI. Only after being in classes with a person for a semester, will chapter members be in a position to vote on appropriate invitations to membership.

**First Semester Freshmen and First Semester transfer students are not eligible for pledging and initiation!**

### Step Three:

**Issue invitations** to the function. Written personal invitations, personally delivered, are the best method of inviting a potential member to an information meeting. A sign on a bulletin board or a posting on Facebook or other social media may serve as a reminder of a recruitment function, but should never be used in place of a written personal invitation.

To deliver the invitations, individual chapter members can be assigned names. If the members know the person, that is an advantage. It is the chapter member’s responsibility to see that those on their list receive written invitations to all recruitment functions, are escorted to these functions, and are introduced to all other chapter members.

If no chapter member knows the student, ways to meet the student exist, for instance:

- ❑ The chapter could learn of the student’s private studio affiliation and assign their name to a member of that studio.
- ❑ Some schools have a picture file of students. Perhaps this file could be consulted to identify an unknown student.
- ❑ The chapter could ask permission of a faculty member to deliver invitations in an ensemble or a class.

### Step Four:

**Follow up.** A day or two after delivery of the invitation, the member should approach their assigned names and say something like: “We hope to see you at the party” or “We are so glad you plan to attend.” It is also important to ascertain whether any guests need transportation to the membership recruitment function.

**The personal touch cannot be overestimated.** Many new students are very shy, or overwhelmed, or just do not understand about SAI, and think it is just another social group. The member must expect this to happen and be prepared to tell these women about SAI.

---

## THE RECRUITMENT EVENT

At this point, the event has been carefully planned, the structure and time limits of the party have been defined and the theme (if any) and method for carrying it out have been decided. And, most importantly, each member understands and is committed to carrying out their special responsibilities.

Check the plans again:

- ❑ The chapter is following the rules of the campus interfraternity council and/or department.
- ❑ A musicale is planned, and the performers are all arranged.
- ❑ Handouts have been prepared, describing all requirements for membership (national policies must be followed.)
- ❑ The skit (if any) has been well prepared.
- ❑ The SAI song that will be taught (if any) has been well prepared.
- ❑ Good food is always an important part of any party!

**Everything the chapter does must be of top quality and show the chapter and its members in the best possible light.**

**Handouts are useful.** NH has professionally-produced brochures available at a small cost. Chapters may also produce some of their own handouts, such as a list of members, officers, membership requirements (including minimum GPA), time commitments, and activities. **The financial obligations of membership should be clearly explained in a handout.**

**Create displays,** such as scrapbooks, programs, and composites. Include *PAN PIPES*, *Tempo!* and information from SAI Philanthropies, Inc. about projects, scholarships, and grants in displays as well.

Information from students interested in being considered for membership can be collected in a survey to help determine eligibility.

Dress tastefully and appropriately. Chapter members should **not** wear perfume in consideration of allergies. For proper badge placement, see page 18-1.

**Wear your SAI badge proudly!**

---

## AFTER THE EVENT

Soon after the recruitment event, the chapter will vote on membership or send an invitation to a second membership recruitment function. The chapter members must be reminded that they have the privilege of selective membership, but they must not abuse the privilege. The chapter should consider how prospective members will contribute to the purpose of SAI and the chapter.

Before voting:

- ❑ Determine the students eligible for membership in SAI, based on national and local membership requirements, including the minimum GPA. Advisors can confirm GPA eligibility. The National Bylaws state that Sigma Alpha Iota is for “a regularly matriculated woman student

*in an institution where a chapter of this Fraternity is chartered who has demonstrated an interest in music and in the purposes of SAI. Such student shall be enrolled in or shall have completed one or more courses in music.” (National Bylaws, Article III, Section 2)*

- ❑ First semester freshmen and first semester transfer students are not eligible for membership during their first semester of enrollment. Even if a freshman took summer classes and advanced placement for credit, they are still a first semester freshman, and is still adjusting to campus life.
- ❑ Chapter members should be familiar with a prospective member’s music class/ensemble experience at the school.
- ❑ Be certain that the potential member has the required GPA for pledging SAI as stated in SAI national policies and the chapter bylaws. If necessary, this information, affirming the student meets the required GPA, can be secured by the faculty advisor.
- ❑ No musical audition or individual interview is allowed.

The chapter now votes on whom to invite to membership. The chapter bylaws must specify who is eligible to vote on new members and what the margin of affirmative votes should be.

**An invitation to membership should be extended using the official Sigma Alpha Iota invitation to membership cards.** These invitations are to be purchased from NH.

All chapters are expected to maintain the high ideals of the fraternity at all times.

**A quality membership recruitment takes much time and planning,  
but the end result will be a quality, informed membership.**

## THE ALUMNAE CHAPTER MEMBERSHIP RECRUITMENT PROCESS

Recruiting and retention of new members is vital to the future and longevity of our alumnae chapters. Recruiting new members should be an ongoing process in which all chapter members take ownership in order to be successful. Once new members have joined the chapter, the chapter’s focus needs to be one of retention and mentoring so that the new members feel a part of the chapter and want to contribute to the chapter’s programs, activities and ultimately take on leadership roles.

### Step One:

#### Identify potential members:

- 1) Unaffiliated Alumnae – always be on the lookout for newcomers to the area. The obvious places are in the local school system’s music programs as well as local church musicians. It is always surprising to find out how many SAI members are in the community who have never thought about joining an alumnae chapter. Be sure to contact National Headquarters to receive an updated list of alumnae members in your area when you are planning a new recruitment effort. This may be done by sending the zip codes within a fifty mile radius from your city/town.
- 2) Inactive members – these alumnae were active members of your chapter at one time. Keep in touch with these sisters through newsletters and reminders. Remind them that SAI will always be there for them.
- 3) Patronesses – this is an untapped resource of woman power! Many alumnae chapters do not take advantage of initiating Patronesses, which is an effective way to increase membership numbers. Look for potential Patronesses in local church choirs, community ensembles and on local arts groups’ Board of Directors. Alumnae members of collegiate music service organizations – Kappa Kappa Psi or Tau Beta Sigma — already have the experience of being involved with a music organization, so it would be an easy step for them to become Patroness members of alumnae chapters. These women obviously care about the arts since they are already giving their time and energy to these organizations. Introduce them to the wonderful work SAI does in the local communities, across the country and worldwide. Give them the chance to make a difference through SAI. If the potential Patroness would like to be able to vote on chapter business and serve as a chapter officer, they will need to be trained using the Patroness Training Program for Alumnae Chapters, available through the Officer Portal.

- 4) Collegiate Members (whether or not there is a local collegiate chapter in the area)
  - a) If there is a local collegiate chapter, schedule some activities with the collegiate women by including them in service projects, helping them with their activities on campus, and giving sisterly support.
  - b) Invite graduating seniors to a meeting to introduce them to alumnae chapter life. Consider paying first-year Alumnae Association dues as a gift to recent graduates remaining in the area.
  - c) If there is not a local collegiate chapter, consider “adopting” a collegiate chapter in your Province that does not have a local Alumnae Chapter. Send Holiday gift bags, finals survival kits, etc. to establish a rapport with the collegiate women. Start a pen pal program where an alumna is paired with a collegiate woman. Share your memories and stories of why SAI is important in your life. Plan a holiday party in December or early January and invite those collegiate members who are home on break from school. Schedule a similar event for the summer months. Make them feel a part of the local SAI sisterhood even if they go to school in another part of the country. That is the wonderful part of SAI – we are all sisters regardless of where we went to school and where we are on our life’s path.

### Step Two:

**“Advertise” your chapter’s presence** in your community and on the web:

- 1) Develop a chapter website so that sisters can find the chapter.
- 2) Create an open group on Facebook for your Alumnae Chapter. Post pictures from your events and chapter meetings. Keep an updated list of events and activities so that potential members can participate.
- 3) A template for creating a personalized recruitment brochure for your chapter can be found in the OP Document Library.
- 4) Wear your SAI badge everywhere – be proud of your membership! Carry your SAI bag and be ready to answer questions from people who ask about SAI.
- 5) Put an SAI license plate or plate holder on your car, buy SAI window clings from National Headquarters and put them all over your car.
- 6) Join LinkedIn, etc.
- 7) Advertise in local newspapers (many newspapers provide this service for free).
- 8) If your chapter publishes a newsletter, email it to all of the collegiate and alumnae chapters in your province.

### Step Three:

**After a successful recruitment event**, be sure to:

- 1) Follow up with personal notes (perhaps from the chapter’s Corresponding Secretary, VPM, and/or President) thanking those sisters for taking the time to attend your event.
- 2) Give the potential members a copy of the chapter’s calendar. This will demonstrate the variety of activities in which the chapter participates during the year, and will give them future dates in case they are able to attend.
- 3) Provide the potential members with a copy of the chapter’s yearbook directory, so they will know who to contact should they have questions.
- 4) Add potential members to the chapter’s Facebook (or other social media sites), listserv, and/or contact list.
- 5) Have a chapter member volunteer to stay in touch regularly with each new member between meetings; a quick email reminder about events would be a great help as well.
- 6) Call two weeks before the next event to remind the new members to attend, giving the time, date, and place; offer them rides to be sure they have transportation.

If your chapter recruits one member from each category listed above every year, your membership numbers will grow exponentially. If each member of the chapter brings in one potential member, think how quickly the chapter’s numbers will grow.

# Chapter Activities and Projects

SAI Chapter Procedures Manual

## CHAPTER ACTIVITIES AND PROJECTS BENEFIT CAMPUS AND COMMUNITY

A vital chapter life is achieved if activities and projects are worthy of the time and energy of the members and if they accomplish the goals of the organization. In fact, no member will put time and energy into the organization if the organization does not have activities and projects that involve the members. Sigma Alpha Iota Philanthropies, Inc. makes grant money available to chapters for projects that serve the institution and/or the community. *See Chapter 11, Sigma Alpha Iota Philanthropies, Inc., for information on Chapter Outreach Grants and Impact Project Grants.*

Two principles should guide the planning of activities and projects for Sigma Alpha Iota chapters. These guiding principles are **music** and the **SAI National Objectives**.

### FOCUSING ON MUSIC

Devote much energy and time to make music together in the name of Sigma Alpha Iota and to share it with other people. The founders organized Sigma Alpha Iota because, as young music students, they were seeking ways to increase their performance opportunities in order to further develop their performance skills, and they wished to support one another in their endeavors. Furthermore, they firmly believed that they had an obligation to share music with others.

It is not enough to report at the end of a fraternity year that “six sisters gave senior recitals” or “five sisters occupied first-chair positions in the orchestra.” What counts is that SAIs make music together as SAIs in the name of SAI. The chapter president’s Annual Report should read “Omega Omega chapter presented a public recital of American music in Smith Recital Hall on March 28,” or “Anytown Alumnae Chapter presented musicales at three retirement centers during this past year.”

**Whether an activity or project is for the purpose of performing music, raising money, or performing a service for others, try to make music a focus.**

### FULFILLMENT OF NATIONAL OBJECTIVES

In order to help chapters adopt goals and plan the activities that will accomplish those goals, the National Executive Board publishes **National Objectives** every three years. These objectives are general enough to be adaptable to all chapters, both collegiate and alumnae, and specific enough so that a chapter’s “Theme for the Year” could be developed around one of them.

One of the obligations of all chapters is “To fulfill the National Objectives” (*See pages 6-1 and 7-1 under Obligations of All Collegiate/Alumnae Chapters*). Fulfillment of the National Objectives is the basis for the presentation of collegiate and alumnae chapter achievement awards at the province, regional, and national levels. Each chapter should read and study the National Objectives at least twice each year. Then the chapter should analyze its activities and projects to determine how these contribute to fulfilling the National Objectives.

Opportunities to share ideas on chapter activities and projects occur at conventions and province days, or wherever SAIs are gathered together. *Tempo!* national newsletter, Facebook, LinkedIn, and other approved social media sites are good sources for learning about other chapters’ successful projects and activities.

## MUSICALES

Musicales are an important chapter activity. Collegiate chapters are required to present monthly musicales. Alumnae chapters are required to present a minimum of three musicales a year. Monthly musicales are encouraged.

Some musicales are for chapter members only. Other musicales serve a wider fraternity audience by including patronesses and alumnae members. Finally, other musicales are open to the general public.

All collegiate chapter members are required to perform on musicales. The number and types of performances required varies from chapter to chapter, but **everyone makes music**. Chapter bylaws should specify the frequency and type of musical performance required of each chapter member. (Some members will perform in ensembles; members who are majors in composition, musicology, or history may share through other presentations.)

Whether a musicale is private or public, it must be well planned, the music must be of worthy quality, the performances must be well prepared, and each performer must strive to do their very best.

Some appropriate times for musicales are:

- ❑ Formal Business Meetings
- ❑ Membership recruitment parties
- ❑ SAI guest visit
- ❑ Banquet or luncheon

Actually, these and any other time the chapter thinks music would add luster to the event!

One of SAI's seven purposes is "To further the development of music in America and throughout the world." That is why Sigma Alpha Iota sponsors the Inter-American Music Awards every three years. Sigma Alpha Iota publishes the Inter-American Music Awards Series in cooperation with the C. F. Peters Company. Carl Fischer, Inc. publishes the Sigma Alpha Iota Modern Music Series, choral music for women's voices composed between 1948 and 1956 by American composers. Every chapter should do something every year to benefit American music and especially the American composer.

### SAI Celebrates American Composers by:

**Performing the music  
of American composers**

**Underwriting the annual American  
Composer Update in *PAN PIPES***

**Attending performances  
of American composers' music**

The program chairman must schedule musicale dates at the beginning of each year (even during the preceding summer) and make performance assignments, giving consideration to each member's special talents and preferences.

Copyright regulations must be obeyed. It is illegal to use photocopied music.

## SERVICE PROJECTS

Although Sigma Alpha Iota is not primarily a service organization, helping others brings many rewards to the chapter and to each individual member.

The service can benefit people of any age. It can benefit the music department or the whole college. It can be done in the community. It can benefit Sigma Alpha Iota beyond the local chapter. It can be musical or non-musical, but since SAIs are musicians, it makes sense that SAI service should be musical in nature or to benefit the cause of music.

At the end of this chapter is a worksheet for chapters to use in helping to plan a project or activity. The pages may be copied if desired.

## The Alumnae and Collegiate Service Project Awards

Alumnae and collegiate chapters receive annual recognition for service projects. The annual awards program is discussed in more detail in Chapter 14, Recognizing Outstanding Service and Achievement. It is important to acknowledge that service projects are a necessary element of SAI life.

---

### FUNDRAISING PROJECTS

Raising money should never be the primary function of a Sigma Alpha Iota chapter, but since all chapters have expenses, sometimes it is necessary to raise money to cover those expenses. If a chapter feels that dues should not be so high as to cover all the chapter expenses through dues, then the chapter must develop other sources of income. However, if making money to meet the chapter's expenses is the type of activity most often carried on by the chapter, then the chapter must reduce expenses or raise dues.

Some fundraising activities are to benefit a cause other than the chapter's treasury. Fundraising projects that raise money to benefit Sigma Alpha Iota Philanthropies, Inc., a local charity, or a local musical organization can also be considered service projects. Try to include a focus on music whenever possible.

*Tempo!*, the national newsletter, and the Officer Portal Document Library are excellent sources for learning about many types of successful fundraising activities.

---

### SOCIAL EVENTS

Social events are a vital component of chapter life. Social events are often musical events. Musical events are often social events as well. A membership recruitment event is a social event that should be musical and educational.

When planning and carrying out social events, all chapters are expected to adhere to the fraternity policy on the use of alcohol and controlled substances (*See "Sigma Alpha Iota Risk Management Policy" on the OP and in the appendix*). **No collegiate chapter may have alcohol at any SAI event even if it is a joint event with another group.** Chapters must obey federal, state, local, and campus laws.

Appropriate times for social events are whenever a special SAI guest is present, to commemorate a holiday, to introduce the fraternity to non-members, or to celebrate a fraternity event such as an initiation or the presentation of an award.

---

### ALUMNAE-COLLEGIATE-PATRONESS EVENTS AND PROJECTS

Events involving alumnae, collegiate, and patroness members are well worth the extra coordination required to plan and carry them out. Joint events provide an opportunity to meet more SAIs and for collegiate members and community people to meet each other. Joint events could include resident Distinguished Members.

Representatives from all membership categories can work together to plan events. Since the schedules of many busy women and men must be accommodated, plans need to be made far ahead of time. If responsibilities are to be divided among the different chapters involved, assignments must be clear and made far in advance of the date of the event.

Some appropriate occasions for joint events are Incorporation or Founders Day, guest musicales, initiation banquet, Senior Commitment, recitals, Homecoming, the visit of a province, regional, or national officer, conferring Distinguished Membership on someone, and receptions for Honorary Members or Members Laureate who are performing in the area.

If no local alumnae chapter exists, a member of the collegiate chapter should be responsible for contacting individual local alumnae, patronesses, and Distinguished Members and extending invitations to musicales and recitals, initiations, guest days, and social events.

### **Joint Yearbook Directories — Submitted Each Fall**

Many collegiate and alumnae chapters that are located in the same community prepare the optional joint yearbook directories each fall. A joint yearbook directory is an advantage to both chapters. The yearbook is a directory of members and dates to be used as a reference throughout the year.

If collegiate and alumnae chapters prepare a joint yearbook directory, costs should be shared in a way that is fair for each chapter and information must be shared in a timely manner. Each chapter's responsibilities for such things as editing, printing, and distributing them should be clearly defined.

Some alumnae chapters present their yearbook directory to collegiate members at no cost to the collegiate chapter.

### **Joint Newsletters**

Collegiate and alumnae chapters sometimes publish joint newsletters. A sharing of the responsibilities of preparation, cost, and distribution should be fair for each chapter.

Joint newsletters should contain news of both chapters' activities, chapter and individual honors, news from non-resident alumnae, requests for changes of name and address, encouragement for membership in the SAI Alumnae Association, and stimulus for individual participation in Philanthropies projects. Newsletters should be distributed via e-mail or regular mail to all local collegiate chapters, alumnae, patroness, and Distinguished Members, the regional and province officers, the *PAN PIPES* editor, and the National Executive Board.

---

## **CAMPUS AND COMMUNITY**

Sigma Alpha Iota is part of the campus and the community. Each collegiate and alumnae chapter is engaged in mutually beneficial interaction with all parts of its environment, both for the promotion of music and other human values for all concerned.

Collegiate chapters should seek mutually trusting and respectful relations with faculty and administrations on their respective campuses. They may represent SAI and the music department in appropriate campus events.

Alumnae chapters will have many opportunities to network with community leaders.

A community-minded point of view should be cultivated, not only to promote the mission of SAI, but as an active and fulfilling way of life.

In the community, chapters can be of assistance to the symphony, opera, public TV/radio, etc. Look for a need that is not being filled and fill it. Work with other organizations to accomplish something bigger than a chapter could do by itself.

Sigma Alpha Iota chapters and members can be leaders in supporting and strengthening school system music programs so that the education of future musicians and audiences will begin early and continue throughout the students' lives.

Consider how the fraternity can help in non-musical ways as well as musical ways. For instance, collecting food for a local charitable food distribution program by requiring a food item as admission to a concert is a way of using music to benefit a non-musical end.

An annual meeting between the collegiate chapter president and the head of the music department should be a normal occurrence in the chapter's year. Ask the department administrator how the fraternity can help the department. Keep the administrator informed of the chapter projects and activities throughout the year.

**Reminder!**  
**Sigma Alpha Iota Philanthropies, Inc. provides grant money  
for chapter projects.**

## **WORTHY PROJECTS**

Described below are some chapter activities that have brought notice to the chapters. The campuses or communities in which these chapters exist have felt the presence of Sigma Alpha Iota. Some of the chapters represented in these stories were National Achievement Award winners. Some chapters received Annelle Chandler McAdams Alumnae Service Project Awards. Some utilized Chapter Outreach Grants, Impact Project Grants and Music Education grants for sponsoring booths at state conferences of the National Association for Music Education (NAfME, formerly MENC).

### **Piano Workshop**

The chapter sponsored a piano workshop for high school and college students with a regionally recognized piano teacher. A competition for a piano scholarship was held in conjunction with the workshop. The scholarship was presented to an incoming freshman. A professionally produced brochure advertised the workshop, and the workshop drew a large response.

### **Young Musicians Workshop**

A chapter sponsored a workshop for K-8 musicians of the region. The purpose of the workshop was "to convey the basic concepts of music production while in a fun-filled educational atmosphere." The workshop was thoroughly promoted and organized, drawing a large attendance. The workshop involved every chapter member and some non-members. In addition to each member having responsibilities as instructor, usher, registrar, "go-fer," etc., the chapter presented a short choral program.

### **Scout Projects**

A number of chapters work with scout troops to prepare them for merit badges in music studies.

## **Valentine Party at a Retirement Home**

For several years the alumnae and collegiate chapters of a small community have presented an annual Valentine Party for the residents of a retirement home. The party consists of a musical program and refreshments. Many chapters have similar parties for other appropriate occasions.

## **Music for the Developmentally Disabled**

A collegiate chapter has conducted this project for several years. Three or four chapter members at a time take turns going to a home for developmentally disabled people one evening a week to give a music lesson. The chapter owns instruments purchased specifically for the project with money received from the fraternity as a recognition award for a good community service project. Lesson plans are made for each session and kept on file. Another chapter used the proceeds from recycling aluminum cans to purchase an Omnichord for a home for developmentally disabled adults.

## **Involvement in an International Institute and Competition**

An alumnae chapter provides services for an international piano institute and competition held every year in the city. The chapter performs on-site work helping with transportation, ushering, providing a hospitality room, and running errands.

## **People-to-People**

This has been a national project of SAI Philanthropies, Inc. for many years. Music supplies and instruments are donated by chapters and individuals. Other chapters hold benefit concerts, and budget regularly for gifts to the People-to-People fund.

## **Piano Tuning**

An alumnae chapter provides the funds for the tuning of the piano at a local nursing home.

## **String Competition**

An alumnae chapter encourages young string players by sponsoring an annual competition for 8- to 12-year-olds. Members of the city symphony (one of the major symphonies of the U.S.) judge the young musicians, and the winners receive scholarships for private study at either one of two major music schools in the city.

## **Concert Series**

Several alumnae chapters have performed, or coordinated the performance of free concerts in significant public places in their communities at regular intervals. Examples of the places in which these concert series have taken place are the public library, a hospital chapel, and a historic church that is a popular tourist spot in the city.

## **Resource Kits**

An alumnae chapter compiled Women Composers Resource Kits, which can be borrowed by music teachers for use in music classes. The kits contain lesson plans, books, recordings, and visual aids for teaching about women composers and their music.

## **Adopt-a-school**

Chapters in many communities have participated in programs whereby chapter members enhance the existing music education program of the school. Some chapters give performances or demonstrations. Some help with school music events. One chapter sponsors an annual “Music Memory Contest” for fourth through sixth graders.

## **Letter-writing Campaign**

An alumnae chapter responded to a music education crisis in the public schools of the city. The chapter selected appropriate materials on promoting public school music education from the NAFME and the National Interfraternity Music Council and added their own statement on the value of music education in schools. All of this material was sent to the principals of every school in the city school district.

## **Benefit Concerts**

Benefit Concerts provide support for a number of different projects: chapter scholarship programs, local charitable causes, a college or university program, and Sigma Alpha Iota Philanthropies, Inc. Performers donate their services so that all proceeds from the concert can be given to the cause.

---

## **SCHOLARSHIPS AND COMPETITIONS**

Many chapters sponsor performance award competitions with monetary prizes. Some are given to SAI members, some are given to the student population in general, and some are given in the community. Money for the scholarships/awards is sometimes provided first by a bequest. Money is often raised by benefit concerts. Some are for performance in a specific area, such as voice or strings.

Many chapters sponsor composition contests. These contests may be at the high school, collegiate, or general community level.

Some chapters sponsor scholarships based on financial need. They might be for members or non-members. It is the duty of the chapter to let the campus and the community know that they exist. “Getting out the message” is as much a part of a musical life as making music. The same applies to the chapter’s relationship to all members of both campus and community.

On the next page is a worksheet for chapters to use in helping to plan a project or activity. The pages may be copied if desired.

## **STATE MUSIC EDUCATOR CONFERENCES**

A chapter or group of chapters may apply to the Fraternity for a Music Education Grant to reimburse half the cost of renting a booth at state NAFME (formerly MENC) conferences. The application is located in the Officer Portal. National Headquarters will send publicity materials for distribution upon request.

Sigma Alpha Iota maintains a professional relationship with other national music organizations, too. Information on various conferences and festivals is posted on the SAI website.

# Recognizing Outstanding Service and Achievement

SAI Chapter Procedures Manual

## INTRODUCTION

**I**t is a great privilege to recognize the achievements of individuals and chapters in the name of Sigma Alpha Iota. Fulfillment of the ideals and the National Objectives of the fraternity and outstanding service to the fraternity through performance and leadership are acts worthy of recognition. Some fraternity awards are given to individuals, and some are given to chapters.

For all awards except the Scholastic Award and Collegiate Honor Award, the president appoints a three member Honors Committee. The Honors Committee considers records of all eligible members and selects only those who are fully qualified. Fully qualified members are those who meet the specific criteria of the award, who are in good standing in all ways, who have fulfilled all the requirements of their offices, and who have served the chapter above and beyond the requirements. At the collegiate level, members who graduated in the fall, spring, or summer following the award year may be considered. Those names are presented for chapter vote.

All chapter members who are in good standing shall have a vote. Members may be nominated for awards upon 2/3 affirmative vote of the chapter. If the committee is presenting more candidates for consideration than possible awards, nominating ballots are used. Those receiving the largest number of votes become the chapters nominee(s). When considering an award for an alumna member, it is fraternity policy that a minimum of three years should occur between award nominations.

Most award applications are submitted through the Officer Portal. Others may require a form that is printed off and sent in. If an NOC Member is being nominated, chapters may use a special form obtained from NH. After approval, National Headquarters will invoice the chapter for the award. (Consult the current price list.) **Please consult the Officer Portal for new instructions as award applications become available electronic-only.**

## AWARDS AND RECOGNITIONS GIVEN TO INDIVIDUAL MEMBERS

In the descriptions below, please note that a member who has shown “continued service” is a member who has been active and provided outstanding and extraordinary service for three (3) or more consecutive years.

“Beyond the local level” refers to members who have given outstanding and extraordinary service beyond their local chapter. The member may be active in the province with the local collegiate chapter(s) (i.e. as an advisor or chapter liaison). They may participate regularly in Province Day events, attend National Convention, and/or present workshops or perform at Province Days and/or National Conventions.

Awards are given based on continued outstanding and extraordinary service. Continued service is defined as three (3) or more years. Therefore, it is highly recommended that there be at least three (3) years between considering individual alumna members for awards.

Special note: Awards are not permitted to be passed down from member to member. When a member dies their badge, along with all awards, is to be returned to National Headquarters (*See badge disposition form*).

### Sword of Honor - Collegiate Member (by a Collegiate Chapter)

The Sword of Honor is given to a collegiate member who has **fulfilled all duties in each office** they have held in an outstanding manner. The Sword of Honor may be given to a collegiate chapter member of junior status or above, to an advisor (if they are an SAI).

- ❑ The member has shown strong leadership within the chapter, and is in attendance at chapter meeting and functions.

- ❑ The member has made a special contribution to the program of the chapter, given consistent support to fraternity endeavors, and participated in general campus activities.
- ❑ The member has submitted all the required reports of their office(s) to the province officer and/or appropriate national officer.
- ❑ The member is in good standing financially (with SAI) and scholastically (maintaining the grade point average required for pledging).

The number of Swords of Honor that may be given in one year by a collegiate chapter is determined by the current active membership on March 1. (Alumnae chapters do not have this stipulation.)

- ❑ 1 to 10 members - one award
- ❑ 11 to 20 members - two awards
- ❑ 21 or more members - three awards

**The province officer may approve more awards in special situations.**

Screening candidates carefully is of primary importance. Awards must be given **only** to worthy candidates. **Selecting award recipients is not a popularity contest.** The chapter is not required to give three Swords of Honor just because it is entitled to give three based on the size of the membership.

The Sword of Honor awarded to the leadership nominee (if they do not already have one) must be included in the total number of awards. (The Collegiate Leadership Award is explained on page 14-5.)

**Procedures**

The Sword of Honor application may be submitted upon two-thirds affirmative vote of the entire chapter membership for each candidate. Voting must be done by written ballot or email, and the results must be kept secret.

**An award application is not an automatic approval!**

The online application may be submitted through the OP by the president, treasurer, or VP Ritual. An application must be submitted for the Sword of Honor that is to be presented to the Collegiate Leadership Award recipient if they don't already have the Sword of Honor.

If the PO approves the granting of this award, NH will process the approval. If they do not approve, the province officer must send a letter of explanation to the chapter and the chapter advisor.

NH will send the Sword of Honor to the chapter as indicated on the application. The **Sword of Honor Ceremony** from the Ritual is held under the supervision of the vice president, ritual. The presentation may be made at a public function.

They have shown strong leadership within the chapter, and they have forwarded all the required reports of their office(s) to the province officer, regional officer, and/or appropriate national officer. The Sword of Honor may be given to an active member of an alumnae chapter.

- ❑ They are in good standing, are a current member or emeritus member of the SAI Alumnae Association, and are in attendance at chapter meetings and functions.

- ❑ Information obtained from the chapter treasurer's Annual Report, such as a donation to SAI Philanthropies, Inc.
- ❑ Information obtained from the vice president, ritual's Annual Report (Ritual Sign Out Sheet for Ritual Music and Master Ritual Copies and Ritual Inventory)
- ❑ Additional information obtained through correspondence, newsletters, yearbook directory, programs, and personal contacts

The province officer sends their selection for the Province Alumnae Chapter Achievement Award to the regional officer. The RO will select one chapter as the regional finalist and forward the nomination to the NEB.

#### **Procedures for Selecting the National Alumnae Chapter Achievement Award Winner**

Chapters selected as regional finalists for the Alumnae Chapter Achievement Award become candidates for the National Alumnae Chapter Achievement Award.

The National Executive Board makes the selection based on the criteria listed above. No chapter may receive the award more than two consecutive years. The Fraternity will present Province, Regional, and National Alumnae Chapter Achievement Award certificates annually.

### **Service Project Awards - Collegiate and Alumnae**

The Fraternity annually presents service project awards to collegiate and alumnae chapters in different categories.

Annelle Chandler McAdams, a former National Vice President of Sigma Alpha Iota, established a fund to provide annual monetary awards to alumnae chapters with outstanding service projects. These monetary awards came to be known as the Annelle Chandler McAdams Alumnae Service Project Awards in their memory.

The following conditions are taken into consideration in deciding on the awards:

- ❑ The type of service: service is defined as something for others, not a fundraiser to benefit the chapter
- ❑ The percentage of chapter members involved in the project
- ❑ The originality of the project
- ❑ National financial good standing

Collegiate Service Project Awards and Annelle Chandler McAdams Alumnae Service Project Awards are given to chapters in each of three different size categories:

- ❑ Chapters of 20 members or under
- ❑ Chapters of 21 - 35 members
- ❑ Chapters of 36 or more members

Each chapter is asked to submit a report of a service project to the province officer along with the chapter president's annual report. The Service Project Report Form is available in the Officer Portal, Document Library.

The province officer may select one or more service projects from their province and submit these projects to the regional officer. The RO chooses the best project in each category and forwards them to the NEB for consideration for the Annelle Chandler McAdams Alumnae Service Project Awards and the Collegiate Service Project Awards.

**Applications for award nominations may be found on the Officer Portal, Document Library.**

## **LOCAL AWARDS**

Chapters may make local awards with the approval of the province officer as long as they do not resemble national awards in name and form. Details on eligibility requirements for these awards and the application process should be outlined in the chapter's LCPM.

Some suggested awards are outstanding member-in-training, greatest academic improvement, campus service, outstanding community service, some specific kind of fraternity service, or some achievement of real worth to the chapter or the community.

The local chapter may determine the type of award and the manner of presentation as long as it does not resemble the SAI ritual. Certificates may be purchased from National Headquarters.

# The Collegiate Chapter Advisor

SAI Chapter Procedures Manual

## INTRODUCTION

The position of Sigma Alpha Iota collegiate chapter advisor is a trusted office. Good advising is vital to the health of a collegiate chapter. The collegiate chapter needs advisors who will listen, judge impartially, and guide gently, but firmly. Most collegiate chapters can keep themselves out of serious trouble, especially financially, when they maintain good communications with someone with a broader and different perspective.

### WHAT DOES THE ADVISOR DO?

The advisor acts as a consultant, listener, mediator, supporter, parliamentarian, role model, teacher... and other roles as situations present themselves. Other possible functions are listed below.

- ❑ Enter discussions at executive board and chapter meetings.
- ❑ Refer a problem to the province officer.
- ❑ Take part in a chapter musicale. Advisors have appeared on private and public musicales as soloists, ensemble members, and accompanists.
- ❑ Take part in a Ritual ceremony.
- ❑ Counsel a member who is having problems with their chapter participation and who might desire to become inactive in the fraternity.
- ❑ At times, rebuild a faltering chapter by recruiting members, conducting their membership education, and presiding over their initiation.
- ❑ Review chapter bank statements.
- ❑ Serve as a liaison to campus administrators.

#### An Advisor May Not:

Vote at chapter meetings.

Directly influence a chapter decision.

Make a decision for a chapter; however, they may give advice that may influence the chapter's decision.

Take over any chapter function except at the direction of the province officer or the National Vice President, Collegiate Chapters.

### WHAT DOES THE ADVISOR NEED?

Each advisor should have the following materials:

- ❑ An active account on the SAI Officer Portal (Directions available on the OP login screen)
- ❑ The current Chapter Procedures Manual (on the Officer Portal, Document Library)
- ❑ The Chapter Bylaws/LCPM
- ❑ The Articles of Association and National Bylaws
- ❑ The Manual for Members
- ❑ The Chapter Yearbook Directory
- ❑ The state, local, and campus regulations regarding hazing
- ❑ The local Panhellenic rules and interfraternity regulations of the host institution
- ❑ The rules of the interfraternity music council of a shared campus
- ❑ Current National Objectives of the Fraternity

### PREFERRED VS. REAL WORLD SYSTEM

Advising a Sigma Alpha Iota collegiate chapter falls into two general categories: The Preferred System and The Real World System. The Preferred System is the ideal way the advisory system should be implemented. The "Real World System" is anything that falls short of the ideal. These are defined as the kind of advising system Sigma Alpha Iota would like to have versus the reality of what suffices for many chapters.

## The Preferred System

The fraternity recommends each collegiate chapter elect a faculty advisor and an advisory committee consisting of three members each serving rotating three-year terms. Each advisor on the committee can specialize in a particular area of collegiate chapter life; membership, financial or social. The advisory committee can be made of alumnae members (faculty or non-faculty), patronesses, or Distinguished Members. The faculty advisor may be one of the members of the advisory committee. **The collegiate chapter should elect the advisory committee members with terms arranged so one term expires each year.** The election of a new member to the advisory committee should occur at approximately the same time as the election of new chapter officers. **NOTE: Graduates of a collegiate chapter may NOT serve as an advisor to their own initiating chapter until four years post graduation.**

## Implementing the System

To put the plan into operation for the first time, elect one member for three years, another for two years, and another for one year.

## Organizing the Advisory Committee

The Advisory Committee should select its own chairman. These assignments should be made soon after elections occur.

### General Duties of the Membership Advisor

- ❑ Consult with the chapter to see that all prospective members meet local and national requirements for pledging and initiation.
- ❑ Assist with member recruitment plans.
- ❑ Ensure that all members and MITs read and sign SAI's Risk Management Compliance Form.
- ❑ Advise on interfraternity matters in consultation with the Province Officer.
- ❑ Advise on membership education and assure that no membership education activities can be considered hazing.
- ❑ Assist the vice president, membership with membership education, using the national curriculum.
- ❑ Proctor the membership examination, when possible.
- ❑ Insist that new member activities uphold the standards and ideals of SAI.

**Sigma Alpha Iota  
will not tolerate hazing.**

### General Duties of the Financial Advisor

The financial advisor's signature is one of the three signatures required on the signature card for a collegiate chapter checking account. The other signatures are those of the chapter treasurer and another chapter officer. Two signatures are required on collegiate chapter checks, and it is preferred that those two signatures be those of the chapter treasurer and the financial advisor. In an emergency situation, when the financial advisor is not available, the treasurer and the other chapter officer can sign the check(s).

**An advisor MUST see the bank statement for the chapter's account each month.**

Other suggested functions of the financial advisor are as follows.

- ❑ Assist with the preparation of the budget, considering all national and local fixed expenses against dues and moneymaking projects in order to cover estimated expenditures.
- ❑ Monitor the treasurer's bookkeeping by checking the financial standing of individual members, assisting with plans for the collecting of overdue accounts, and checking the annual report of delinquent accounts.
- ❑ Review and approve each financial report before it is submitted via the Officer Portal.
- ❑ Consult with the treasurer on all expenditures not included in the budget.
- ❑ Assist with fundraising plans and projects.
- ❑ Make certain a neutral person audits the books.

It can never be assumed that the elected treasurer of the chapter knows how to keep financial records. Most do know how to balance their own checkbooks and do an adequate job, with a little training, of keeping the chapter books in the preferred SAI way. However, a few horror stories are known about young women who

did not realize checks must be deposited into the chapter's account at the bank in order to officially become part of the chapter's assets.

Unfortunately, more common are the stories about chapters that collected money for initiation fees, badge fees, etc., did not send them to the National Headquarters immediately, and then were faced with a huge national bill and no money to pay it.

Good rapport and totally honest communication between the financial advisor and the treasurer is vital to the chapter. (*See Chapter 8, The Chapter Treasurer.*) The Financial Advisor should regularly review the chapter's account statement on the Officer Portal (OP).

#### **General Duties of the Program and Social Advisor**

- ❑ Confer with the chapter program chairman before musical program plans are submitted to the chapter for vote.
- ❑ Monitor chapter activities, assuring the chapter avoids any activity that could be considered hazing.
- ❑ Approve publicity releases.
- ❑ Assist with plans for each public musicale, encouraging the highest musical standards and performance level.
- ❑ Assist the yearbook directory chairman in planning and editing the yearbook directory.
- ❑ Assist the fraternity education chairman.
- ❑ Work with the social chairman in planning social events and special courtesies.

## **MEETINGS**

The chairman of the advisory committee should schedule a time for committee members to meet with visiting province and national officers. One advisory committee member should attend each Formal Business Meeting. The presence of an advisor at informal meetings is desirable and would be appreciated. Business at an informal meeting is as important as business at a Formal Business Meeting (the only difference, in SAI vocabulary, between the two types of meetings is the use of ritual at the Formal Business Meeting).

The chapter should have its meeting at a reasonable time, a time when an advisor with a family and other responsibilities besides attending classes and practicing can attend (not 6:00 a.m. or 11:00 p.m.!).

**Note: Some campuses require an advisor to be present at all chapter meetings.**

The entire advisory committee should meet at least once a semester. The Province Officer will also be scheduled to meet with advisors during the annual Official Visit.

The advisory committee should meet with the chapter executive board bi-monthly beginning with the first month of the academic year. This is called a Joint Executive Board Meeting. The agenda should include the following topics:

- ❑ Chapter decisions and activities since the last meeting
- ❑ Future chapter plans
- ❑ Chapter problems
- ❑ Disciplinary cases
- ❑ Financial conditions
- ❑ Discussion of matters needing chapter vote
- ❑ Arrangements for meetings between individual officers and committee members
- ❑ Zero tolerance policy regarding hazing

Minutes of Joint Executive Board meetings should be kept in the chapter minutes. Recommendations adopted for presentation to the chapter should also be kept in the minutes.

## A FACULTY ADVISOR

Most institutions require that a student organization, such as a fraternity or sorority, have a faculty advisor. SAI requires that a faculty advisor be in place for **all** chapters, regardless of the institution's regulations. Some chapters, in order to meet this requirement, have a faculty member who serves "in name only." This person,

### REQUIREMENTS OF FINANCIAL, MEMBERSHIP, AND PROGRAM & SOCIAL ADVISOR:

- Any alumnae member of Sigma Alpha Iota who wishes to serve as an advisor to a chapter must not have been enrolled in that school for at least 4 years prior to serving. No current students (graduate or collegiate) can serve as advisors.
- All advisors must live no more than 50 miles from the campus location.
- Advisors must be listed in the Officer Portal under one of the three remaining advisory categories: Financial Advisor, Membership Advisor, or Program & Social Advisor.
- No more than two (2) of the three (3) advisor positions (financial, membership, and program & social advisor) may be filled by:
  - A single Alumnae or Patroness member (with or without training), or
  - Alumnae of the collegiate chapter being advised (initiated or affiliated with the chapter).
- Requests for exceptions to these requirements must be submitted in writing to the NVPCC who will respond in writing with approval or denial of the request.

SAI member or non-member, has agreed to have their name placed on the line labeled "Faculty Advisor" on any form that must be turned in to the Director of Student Affairs, or whomever. This type of advisor generally does little to help the chapter. In this case, it is prudent that a chapter has non-faculty advisors who really do help.

Conversely, other chapters have a functioning faculty advisor and three-member advisory committee. The faculty advisor may be one of the three members of the advisory committee, or the chapter may have a four-member committee. The faculty advisor should be included in all Joint Executive Board meetings and meetings with visiting province or national officers. The faculty advisor should be one of the advisors who participates in meetings. The faculty advisor may remain the same for several years, in consultation with the head of the music school.

### THE REAL WORLD SYSTEM

The scenario just described is what the fraternity considers the most satisfactory arrangement.

Many chapters are located where no significant clustering of alumnae members exists. Those chapters need to conduct a continuing search for new patronesses, non-student members, or Distinguished Members who can serve as advisors.

Sometimes a chapter is unable to find enough people to form a three-member committee. Or, the chapter might have a three-member committee but be unable to replace one committee member with a new person every year. The chapter must modify the system so it works.

## CAMPUS CONDITIONS THAT AFFECT IMPLEMENTATION OF THE SYSTEM

- ❑ **No Women** - Some chapters have men as faculty advisors. These men sometimes are initiated as Friends of the Arts or National Arts Associates.
- ❑ **No SAIs** - A few chapters have members of Mu Phi Epsilon, Delta Omicron, Phi Beta, or Phi Mu Alpha Sinfonia as advisors. In most cases they get along very well. The advisors are interested in working closely with a group of young women, regardless of the name attached to the group.
- ❑ **A Non-SAI Advisor** - Non-member advisors can do everything to help a chapter except attend functions where Ritual is to be presented. In most cases this is not a serious drawback. The advisor attends informal business meetings rather than Formal Business Meetings. Also the non-SAI advisor could enter a Formal Business Meeting after the Opening Ceremony is completed and leave before the Closing Ceremony begins.

At some point, this non-SAI advisor might be initiated as a non-student member, patroness, or Distinguished

Member (Friend of the Arts, National Arts Associate, Honorary Member), unless they are already a member of Mu Phi Epsilon, Delta Omicron, or Phi Beta.

- ❑ **I am the Only Advisor** - a single advisor gets to do it all. Maybe for a long, long time! This is a satisfactory arrangement for many chapters, but steps should be taken to form the three-person advisory committee. It is important to remember that one person cannot do and be everything, so the single advisor shall continue to search for another person to help.

No matter what system is in operation, the advisor does what is possible. The advisor keeps the chapter aware of their presence and support. The advisor encourages free, comfortable communication. The advisor attends meetings as often as possible, and is accessible in other ways and at other times when attending meetings is not possible.

---

## THE CHAPTER IGNORES THE ADVISORS

When having advisors is something new for a chapter, great care must be taken to establish a good working relationship. Both sides must know and understand their responsibilities toward the other, and act accordingly.

Changes in the chapter's attitude toward the advisors could indicate a problem. If a chapter becomes uncommunicative, either gradually or suddenly, the advisor must take the initiative to reestablish communication. Enlist the aid of the province officer and/or the department head if necessary.

Often when the chapter withdraws from the advisors, it is possible the chapter has a problem and is embarrassed. The chapter hopes the problem will go away, preferring no one will find out about the problem. This is especially true in cases of financial difficulty. This puts the advisor in an especially important but delicate role.

---

## THE RESPONSIBILITIES OF THE COLLEGIATE CHAPTER

As stated in the Manual for Members (2015 edition), the chapter:

- ❑ Makes itself representative of the standards and ideals of the fraternity.
- ❑ Is broadly national in feeling and thinking, and recognizes its significance to the total welfare of the fraternity.
- ❑ Develops responsibility and leadership in all members.
- ❑ Selects officers with careful attention to leadership, efficiency, proven responsibility and feeling for the fraternity.
- ❑ Respects National SAI Bylaws, the SAI Ritual, and other fraternity policies, including the policies of no alcohol at collegiate events and no hazing.
- ❑ Fosters loyalty and service to the school of which it is a part.
- ❑ Encourages scholastic achievement, actively participates in school endeavors, and advances desirable standards of social life.
- ❑ Fulfills the fraternity's triennial National Objectives. (Note: These are re-written and presented at each National Convention and should be reviewed when planning chapter activities each year)

## THE SHARED CAMPUS: OTHER MUSIC ORGANIZATIONS

A Shared Campus is a campus on which there is a chapter of Sigma Alpha Iota and one or more of the other music organizations. Some are music fraternities that admit men and women: Mu Phi Epsilon, Delta Omicron, and Phi Beta. With these fraternities, SAI shares the principle of exclusive membership. One may never be initiated into more than one of these fraternities. SAI does not share this principle with Tau Beta Sigma, Kappa Kappa Psi, or Phi Mu Alpha Sinfonia chapters. **Women may be members of both Sigma Alpha Iota and Kappa Kappa Psi/Tau Beta Sigma.**

Sigma Alpha Iota, Mu Phi Epsilon, Delta Omicron, Phi Beta, Phi Mu Alpha Sinfonia, Kappa Kappa Psi, and Tau Beta Sigma are members of the National Interfraternity Music Council (NIMC). At the national level these fraternities have agreed to promote good relations among the member fraternities. Sigma Alpha Iota, Mu Phi Epsilon, and Delta Omicron have established guidelines for colonizing on a campus where one of the member fraternities already exists. All member fraternities are pledged to work together to promote the best interests of music and music fraternities.

Each shared campus is encouraged to have an interfraternity music council made up of representatives of the different music fraternities. The purpose of this council is also to promote good relations among the member organizations. Establishing guidelines for fair and equitable membership recruitment is an important function of this council. In addition, the council members often work together on projects to contribute to the musical life of the campus. The bylaws for this interfraternity council should be based on the Model Bylaws provided by Sigma Alpha Iota, Mu Phi Epsilon, and Delta Omicron. These Model Bylaws are available from the SAI National President.

The shared campus presents special circumstances and special opportunities. In such a case, the contribution of the advisor(s) can be even more crucial and significant. The advisor may provide the sensitivity and delicacy necessary to save the chapter from the mistakes of an adversarial mindset.

## HAZING: A DANGEROUS SITUATION

In spite of the public outcry against hazing and the enactment of laws against hazing, hazing still occurs. It occurs in sports, in the military, in marching bands, and in some sororities/fraternities. Sigma Alpha Iota will not tolerate hazing.

Hazing has come to be generally described as any action or situation that recklessly or intentionally endangers mental or physical health, or any action taken or situation created which produces mental or physical discomfort, embarrassment, harassment, or ridicule. It also includes subtle forms of hazing, meant to make a prospective member feel “less than,” unworthy, or under pressure to please. This includes, but is not limited to, signatures, interviews, nicknames, “family” groupings, line numbers, late night meetings, scavenger hunts, restrictions on clothing or colors that can be worn, and other activities that have nothing to do with a music fraternity.

**Sigma Alpha Iota will not tolerate hazing.**

The fraternity’s policy on hazing, “Sigma Alpha Iota Statement on Hazing and Pre-Initiation Activities,” is found in Appendix A of this manual. Sigma Alpha Iota chapters must obey state, local, campus, and fraternity laws regarding hazing. Advisors must know what these laws are and be willing to intervene if they see behaviors, on the part of individual members or the chapter as a whole, which might be in violation of these laws. Any incidents or activities that constitute hazing must be reported to the NEB, the advisor, the province officer, and campus student affairs. If a chapter, member, or advisor, has any questions about an activity, they should check with the National Vice President, Collegiate Chapters.

Every collegiate chapter is required to have its campus policy on hazing in its own files and on file with the province officer, NVP-Collegiate Chapters, and National Headquarters. Each collegiate chapter member signs and agrees to the SAI Risk Management Policy online when they become a member, indicating that they have read and will abide by Sigma Alpha Iota’s policies regarding hazing and substance abuse. If members or MITs do not report a hazing incident, they may be disciplined by the Fraternity. (*See Appendix B*)

## COMMUNICATION WITH PROVINCE, REGIONAL, AND NATIONAL OFFICERS

Most information about collegiate chapters is learned from reports submitted by a collegiate chapter officer through the Officer Portal. SAI chapters do many wonderful things in the name of SAI, but if they are not reported, no recognition can be gained.

**A chapter will not be considered for a national award if all required reports have not been submitted.**

The advisor should confirm that chapter officers know how to access and submit all reporting forms from the Officer Portal. A collegiate chapter that has not submitted the required reports will not be allowed to have an MIT class the following semester.

### What Reports...When Are They Due?

Detailed information regarding reports for chapter officers is in Chapter 4, Duties of Collegiate Chapter Officers. **A calendar of reports is published annually on the Officer Portal, Document Library.** Below is a table of due dates of the most important reports, but always refer to the current year's calendar.

1. An Annual Report, prepared by the retiring president, covering the year's activities, describing how the chapter has met the National Objectives, and providing some vital statistics about the chapter. It is due on or before May 15. Submission of this report is important to the province officer in helping them decide which chapter receives the Province Collegiate Chapter Achievement Award, thus becoming a nominee for the Katherine Becker National Collegiate Chapter Achievement Award.
2. A report of the chapter's plans for the membership education period: teaching sessions, date of member-in-training musicale, date of examination, and other activities. The due date would be near the beginning of any membership education period. The advisor should examine all activities to make sure they cannot be construed as hazing.

## THE ADVISOR IS A VALUABLE VOLUNTEER

Most responsibilities that people accept in life are taken on without expectation of reward or recognition. In fact, people realize that the satisfaction felt from a job well done is its own reward. This is true in SAI.

The province officer, regional officer, and National Executive Board members will try to keep in communication with advisors, or the advisory committee chairman, by sending copies of their correspondence with the chapter. The faculty advisor will receive mailings from NH and other officers. The mailings are to be shared with all members of the committee. To help advisors realize the total picture of SAI, it is the desire of the fraternity to keep them knowledgeable about the goals of the fraternity and informed about pending changes.

The advisor(s) should contact the province officer, regional officer, or a national officer whenever it seems necessary. Email addresses are available in the Officer Portal and at the national website: [www.sai-national.org](http://www.sai-national.org)

The National Executive Board tries to keep well informed by reviewing each chapter twice a year. The board receives much information from the province officer and some directly from the chapter. The advisors are considered closest to the action. Advisors will always be a key source of information about the chapter.

Ups and downs will occur. The best advising in the world is not a guarantee of success. Maintaining an optimistic attitude, communicating clearly and honestly, and expecting the best from everyone is the key to effective advising.

**Sigma Alpha Iota appreciates the willingness  
of advisors to serve the chapter.  
THANK YOU!**

# Notes

## Communication — Sending the News SAI Chapter Procedures Manual

**C**ommunication is the essence of interaction between individuals and organizations. It is accomplished in many different ways: through the public print and electronic media, other organizations, the formal structure of the college or university, social networking, personal one-on-one activities, paid advertising, and performances or programs sponsored by the chapter.

Communication is both internal (within the fraternity) and external (beyond the fraternity).

When it comes to “getting out the news,” externally, many communication channels exist.

**Bulletin Boards** – Have a fraternity bulletin board that is kept neat and informative. It must be more than a hanging place for members to leave notes for each other. The bulletin board must catch the eyes of the other students. The board should have information others will want to read so they will consequently learn about the fraternity.

**Campus Newspaper** and/or **Community Newspaper** and **campus online** capabilities promote chapter musicales, activities and fundraisers. An active communication or information chairman is an asset to a chapter.

**Radio and Television** – Promote concerts and other events to which the public is invited. Many stations have special “arts calendar” programs that are broadcast periodically. The station will indicate the timing of when information should be sent to the station and the format in which it should be sent.

**Organizations and Agencies** – Contacts to offer the chapter’s availability to do musical programs as a form of service or entertainment.

**Social Networking** – Facebook, Twitter, and LinkedIn are examples of communication tools that are used by chapters and members.

---

### INTERNAL COMMUNICATION

“Internal communication” refers to the exchange of information between members of an organization. It includes written correspondence (including email), telephone conversations, publications (newsletters), or any other outlets of information (such as websites, which also happen to fall into the category of “external communication”).

Because of time and distance, it is necessary to improve communications between chapters, province, regional, and national officers. Only individual chapters and the National Executive Board (NEB) meet among themselves on a regular basis; while there may be province days or national conventions, these occur infrequently. Since much of our understanding arises from nonverbal communication, understanding and meaning can be misconstrued in written communications unless we are careful. We must standardize the way in which we communicate with each other so we lose as little understanding as possible.

Chapters should always copy their POs and advisors on correspondence. If a quick text or phone call is used, it should be followed up by a comprehensive email.

#### **Electronic, or Internet, Communications: Incorporating “Netiquette” into email**

Sending email is the quickest and most convenient communications tool we have at our disposal. However, the method has pitfalls. Being aware of these pitfalls is the first step in avoiding them.

**Pitfalls to email communication:**

- ❑ Spelling errors
- ❑ Replying too quickly (before you have thought through your answer)
- ❑ Lack of familiarity with email address of the sender(s)
- ❑ Vague subject
- ❑ Not directing or carbon copying (“cc”-ing) the email to the appropriate person
- ❑ Being vague in your reply

**What can I do to avoid these pitfalls?**

Become familiar with your email program. Email programs have features that allow you to easily overcome these pitfalls.

- ❑ A “spell check” feature will help you avoid spelling errors. However, be aware that spell check does not always take into account syntax. Be wary of inappropriate substitutions!
- ❑ Take your time when composing a reply. You may be able to save a draft of your reply and refine it before sending it.
- ❑ Follow the guidelines below. These have been developed to streamline and improve communication among members of Sigma Alpha Iota and to avoid the aforementioned pitfalls.

**Email Guidelines**

To whom should I send and/or carbon copy an email? The answer to this question depends upon the subject matter of the message. It is appropriate, and often necessary, to carbon copy others at the national level, depending upon to whom the email is directed. Emails should be carbon copied (cc:) so as to include those above you in the chain of responsibility.

For example:

- ❑ For emails from individuals or chapters to NEB, please cc—  
National President, National Headquarters (Executive Director), province officer, regional officer, and advisor(s)
- ❑ For emails from NEB, Regional Officers, or directors to NEB, ROs or directors, please cc— National President and National Headquarters (Executive Director)
- ❑ For emails from individuals or chapters to province officers or directors, please cc—  
appropriate National Vice President, Regional Officers, National President and National Headquarters (Executive Director)

Subject: Please give the chapter name and a *descriptive* subject. “Meeting” doesn’t give as much information as “Omega Omega, Feb. 5 formal meeting” does.

Please use the following heading in the body, or message section, of your email:

When sending to NEB and directors:	Name Title
When sending to POs or ROs:	Name Province/Regional Officer Name of Province/Region
When sending to Chapters:	Name (if known) and/or Title, if any Chapter, College/University or City/State (Alumnae Chapters) Name of Province

Proceed with typing your message.

Please sign your emails in such a way as to help the recipient know who you are and what your responsibility and or affiliation is:

From individuals or Chapters:      Name  
   Title, if any  
   Chapter, College/University or City/State  
   (Alumnae Chapters)  
   Name of Province

From NEB or Directors:              Name  
   Title

From Province or Regional Officers:      Name  
   Province/Regional Officer  
   Name of Province/Region

Please use the “reply” feature of your email, or cut and paste the original correspondence from earlier emails when replying to email inquiries. This keeps the context of the conversation at the fore. Remember that email addresses do not always reveal who the sender is, nor does the recipient always recall the original question posed solely from the answer given. It is not unusual for someone at the national level to receive dozens of emails daily, and a reply of “Great; let’s proceed with that!” is vague enough to cause confusion and/or misunderstanding.

Please note that these guidelines are now the fraternity standard; please adhere to them. Failure to do so may result in return of your inquiry for proper identification.

## **SOCIAL MEDIA**

Sigma Alpha Iota recognizes the vital importance of social media interaction for the exchange of ideas, making connections with other members and disseminating information. It is also committed to ensuring its members participate responsibly in online social media correctly. Therefore, the Fraternity has created Social Media Guidelines to advise its members how to participate in social media while maintaining Sigma Alpha Iota’s optimistic and positive purpose, mission statement, and vision. The current guidelines can be found in The Officer Portal, Document Library.

---

## **SENDING CHAPTER NEWS TO PROVINCE AND NATIONAL PUBLICATIONS**

Sigma Alpha Iota has publications to which chapters can send news. Taking advantage of this privilege is a way of sharing chapter news with other chapters and reading about their accomplishments. The responsibility for sending news to these publications belongs to the chapter editor or the public relations chairman.

Deadlines and contact information is posted on the SAI website.

## The Province Newsletter

The province officer should write a province newsletter at least twice a semester. This doesn't have to be formal, but should be informative, reminding chapters of deadlines. They want to have something in the newsletter about every chapter. They will welcome receiving anything about chapter life: activities and projects, performances, members-in-training or initiates, significant events at the school or in the community, service projects, news of the personal achievements of members.

The province officer will establish a deadline, which all chapter editors or public relations chairman have an obligation to meet.

Submissions for the newsletter can be sent to the province officer by either email attachment or "snail mail" depending on their preference. Hard copy should be typed, double-spaced, on 8½ x 11 paper, using only one side of the sheet.

The province newsletter is the responsibility of the whole province, although the province officer does the editing and publication. Most province newsletters are sent via email. However, for newsletters sent by mail, the province officer may ask each chapter to share in the cost of publishing and distributing the newsletter. Each chapter must respond in a timely way to the province officer's request for financial support of the province newsletter.

## **Tempo! - The National Newsletter**

Collegiate and alumnae chapters should send copies of their chapter newsletters and news to National Headquarters and the editors of CHAPTER COMMENT. Similarly, province officers should send copies of province newsletters to NH. Electronic files and photos are appropriate.

*Tempo!* is published by National Headquarters, and copies are distributed to collegiate chapters and members of the SAI Alumnae Association.

**Examples of newsworthy submissions** include news about music school plans, new music buildings, festivals, special workshops held on campus, and noteworthy personalities; Province Days, local music and service projects, successful fundraisers, initiations, and joint programs with other chapters.

**A chapter might also** include news about musically prominent alumnae, scholarship recipients, patroness news, participation of members in school or local productions, honors received by members, and the initiation or appearance of Distinguished Members.

The editor may edit all materials, decline to use any materials, hold materials for later publication, or decide to submit it to *PAN PIPES*.

Submitted materials are not returned.

## **PAN PIPES - The National Magazine**

*PAN PIPES* was first published in 1909. It is now published four times a year. A highly respected magazine, it is found in libraries around the country. The winter "Contemporary American Music Issue" gives the most comprehensive listing of the activities of living American composers: premieres, new publications, new recordings, and performances. Other issues include articles about national trends in music and reports on the projects of SAI Philanthropies, Inc. and Sigma Alpha Iota.

**Check the SAI website  
for current submission deadlines  
for *PAN PIPES* and *Tempo!***

Articles for possible inclusion may be submitted to the editor of *PAN PIPES*.

## **The SAI website, [www.sai-national.org](http://www.sai-national.org)**

The SAI website provides information about the organization and links to chapters, the SAI Composers Bureau, and related resources.

### **Format to be used for Submissions**

Copy for *Tempo!* Newsletter, *PAN PIPES*, or the SAI website may be sent through email or mail, to the appropriate editors. Always include the chapter name and the location of the chapter, institution, and/or city.

Use specific dates and please spell all names correctly. See [www.sai-national.org](http://www.sai-national.org) for submission deadlines and editor contact information.

If the news is about a performance/musical, attach programs and underscore the names of members on the program. If forwarding articles from media websites, please post the article's URL in your emails to publication editors.

Send photographs when possible. Photographs may be digital, in the form of a file sent via email or prints from negatives. Prints of digital photographs do not scan well for publication in a print magazine. Digital photos should be sent as digital files. Black-and-white and color photographs are usable. Evaluate the quality of photographs and send only good quality photographs. Before taking photos for submissions with a digital camera, select the highest megapixel/resolution setting on the camera.

Type the information for the photograph on a separate sheet and attach it to the photograph (do not use paper clips). Protect the photographs well with cardboard when mailing them. Identify every person in a photograph whenever possible.

Keep a copy of all materials sent.

## **EXTERNAL COMMUNICATION**

External communication is the kind of communication we use to transmit our message to non-SAIs. Through the use of various promotional techniques, chapter activities can be showcased in unique and exciting ways. Take advantage of the many opportunities to keep SAI in the public eye.

### **Using Broadcast Media**

Know the goal and what is to be accomplished in the way of radio and television promotion. Plan the program, making sure that the promotion schedule covers all phases of the project. Supply radio and television stations with the same fact sheets given to the newspapers.

Approach the program and news director with an idea, the fact sheet, and an explanation of the program. A well-planned, simply stated idea will be more likely to attract the interest of the news director than a flowery, elaborate expression. State the main emphasis of the project clearly. The director will evaluate the project and decide on the amount of time that will be given to the project.

When the project/event is completed, provide the media with final, complete details. Follow everything with a written "Thank you."

## Internet

The Internet offers many possibilities for presenting Sigma Alpha Iota to the outside world. Use the chapter website or Facebook page or Twitter account to provide information about activities and events. Links to and from other websites can lead Internet surfers to fraternity information. Keep in mind that chapter websites always represent SAI and must meet fraternity standards.

Internet communication demands clever, eye-catching pictures and graphics that attract attention but do not take a long time to download. The national fraternity website —[www.sai-national.org](http://www.sai-national.org) — has a section of guidelines and ideas for developing chapter websites and using websites to good advantage.

The Internet, specifically email and social media is a useful tool for disseminating chapter information to members.

## Other Media

Many forms of free media are available to provide information about SAI activities and values. Paid advertising should be regarded only as a last resort. Established media such as newspapers and broadcasting are an effective way to reach a large number of people, but chapters can often produce their own informational material and post it online using social networks.

### Posters and Fliers

Poster and fliers are excellent tools for chapter advertising. Both may be done electronically or printed in hard copy and distributed. The key to successful poster advertising is readability. It is easy to achieve campus- or community-wide coverage with posters. Examine other posters and determine what features of the posters are most eye-catching and attractive. Incorporate those ideas into an effective poster. National Headquarters has posters that may be used to announce local SAI events. Carefully select the best location for the poster and hang it at eye level. Be certain to follow campus and community rules for hanging posters.

Like posters, fliers must be eye-catching and distributed in high traffic areas. Fliers can be reproduced in many ways. In addition to the visual appeal of the poster, a headline is an attention-getter. Plain letters are easier to read than fancy script. Colored paper or colored ink adds interest to a flier. Be certain to follow campus and community rules for distribution of literature.

### Displays

For some projects, displays are an effective means of advertising. Some campus and community buildings (such as public libraries) reserve space in display cases for groups.

### Classroom and Chalkboard Announcements

Faculty members may be persuaded to make announcements during classes. Their support lends credibility to the project. Another possibility, or a method to be used along with the class announcement, is to section off a small corner of the chalkboard and write a short (15 word) note telling of the event.

### Direct Mail

Direct mail advertising can be especially effective for pre-selling a coming event or a project. Direct mail is most efficient when the project or service appeals to a small, select group.

# A Good Meeting, Chapter Minutes, and Bylaws

SAI Chapter Procedures Manual

## “The meeting will please come to order.”

**T**hose words signify the beginning of what can be a productive session where much is accomplished. Conversely, those words can also begin what could be a long discussion with little progress made.

### FIVE BASIC PRINCIPLES OF PARLIAMENTARY PROCEDURE

1. Only one subject may claim the attention of the assembly at a given time.
2. Each proposition presented for consideration is entitled to full and free debate according to adopted rules. (Keep in mind that some motions are not debatable.)
3. All members in good standing have the right to attend meetings, make and debate motions, and vote.
4. The will of the majority must be carried out, and the rights of the minority must be preserved.
5. The personality and desires of each member should be merged into the larger unit of the organization.

Successful meetings are contingent on various factors. The most critical elements include the president's ability to organize the elements of the meeting into a logical sequence and successfully execute the process. In addition, the president should understand parliamentary procedure, and participating members should understand the process and their respective roles in a business meeting.

The most current edition of *Robert's Rules of Order, Newly Revised* is followed at all Sigma Alpha Iota meetings. The sergeant-at-arms, who is the parliamentarian for the chapter, should have a copy with them at all meetings. It is not necessary for anyone to know all the rules in the book, but knowledge of the basic rules and a willingness to apply them will result in a more productive meeting.

Using parliamentary procedure will ensure that decisions made at meetings will reflect the true wishes of the members because democratic principles have been followed. Members will feel that the time spent in the meeting was worthwhile, and subsequently, they will want to come to meetings.

## POINTERS FOR THE PRESIDENT

Have a copy of the National Bylaws, the chapter bylaws/LCPM, and the *Chapter Procedures Manual* at each meeting.

Call the meeting to order on time. Thank all members for their presence and express appreciation for their punctuality.

Ascertain the **quorum**. The chapter bylaws provide that a certain number of members be present in order to conduct business. That number is called the quorum. Nothing that happens in a meeting without a quorum is legal or binding on the chapter.

Use general consent to informally dispose of routine matters such as adopting a motion without a vote or without a motion having been made. Say, “If there is no objection (pause to give time for an objection); and then indicate what will be done. For example:

- “If there are no corrections, the Minutes are adopted as read.”
- “If there are no further nominations, the Chair declares nominations closed.”
- “Is there further discussion? (Pause) If not, the question is on the motion to...”
- “Is there any further business? If not, the meeting will be adjourned (pause); the meeting is adjourned.”

It is not necessary to adopt or approve the treasurer's report. However, if the chapter has its books audited, the Audit Committee report must be adopted. (*See Chapter 8, The Chapter Treasurer.*)

Because chapter meetings are small assemblies, the Chair (the presiding officer) may allow informal consultation on a subject to help a member frame a good motion. This informality does not extend to changes in rules of debate.

## THE MOTION PROCESS

1. All business must be put in the form of a motion and seconded before it can be discussed and voted upon. Any member may initiate discussion on business by saying "I move that..." Using motion cards is helpful. This aids the member in carefully wording the motion, the president in handling the motion, and the secretary in recording the motion. An example of a motion card is shown below:

SAI MOTION CARD	
I move that _____	
_____	
_____	
_____	Signature

2. The person seconding the motion does not have to wait to be acknowledged by the Chair to say, "I second the motion." When there is no second to a motion, ask, "Is there a second to the motion?" If none is offered say, "There being no second, the motion is not before the chapter." Do not say that the motion dies for lack of a second, or that the motion is lost; it has not been voted on, so it cannot be lost.
3. Before discussion may begin, the Chair must state the motion. Discussion may take place on the motion at this point.
4. Frequently tell members what action or business is before them. For example, "The motion is made and seconded to...; Are you ready for the question (or 'Is there any discussion?')?"
5. If, during the course of the debate, members desire to amend the motion, or table the motion, debate and voting on the new, most recently stated motion takes precedence over debate on the original motion. This precedence is in effect until the most recently stated motion passes or fails.
6. If much discussion takes place, repeat the wording of the motion. If another motion of higher rank is made and seconded, such as an amendment, state the amendment and inform members "The pending question is on the amendment to..."

### Subsidiary or Secondary Motions Some subsidiary or secondary motions are:

*to lay the motion on the table*  
*to amend*  
*to refer the motion to a committee*  
*to postpone definitely or to a certain time*  
*to limit or extend limits of debate*  
*to move the previous question*  
*to postpone indefinitely*

All the above motions require a second. To "lay on the table," "move the previous question," and "postpone indefinitely" may not be amended. To "limit debate" and "move the previous question" require a 2/3 vote.

## Handling Debates

Keep debate limited to the pending question; if an amendment is under debate and the member strays from the amendment to the main motion, interrupt (with a smile) and say, “Debate is now limited to the amendment. You may debate the main motion when it is pending.”

In selecting members from the floor to debate:

- ❑ The motion maker is entitled to speak first if they wish.
- ❑ Recognize a member who has not spoken in preference to one who has.
- ❑ Recognize opposing views alternately as much as possible.
- ❑ Recognize the first person that addresses the Chair when the floor is available (which might not be the first person who addresses the floor as some people “jump the gun”).

The president must never take part in debate, or show a viewpoint by facial expression, unless debating a question is so important to the president that the vice president is called upon to preside until the motion is disposed of, and the president can then act in the role of member for that period. If this is done, the president must explain to members what is happening and why the vice president is being asked to complete action on the motion.

Take the vote by stating, “Those in favor say ‘Aye’ (pause); those opposed say ‘No’ (pause)” for a voice vote. When a 2/3 or 3/4 vote is required, state, “Those in the affirmative, please raise your hand (pause and count); those in the negative raise your hand (pause and count).” If a rising vote is preferred, say, “Will those in the affirmative rise (pause and count); be seated; those in the negative rise (pause and count); be seated.”

Always take the negative vote even if it sounds or looks like a unanimous vote in the affirmative. The exception to this is for a courtesy resolution, which expresses appreciation to a member, officer, or committee for something done or for some other courtesy when a “thank you” is appropriate.

### TERMS USED IN PARLIAMENTARY PROCEDURE

**Ex-Officio** – by virtue of office, as “The president is ex-officio member of that committee.”

**Orders of the Day** – the regular order of business, as fixed by the rules, filled out by inserting in the proper places the committees reporting, the unfinished business, postponed business, and any special orders for that day.

**Pro Tem** – for the time being, as “Secretary pro tem” (acting in the place of the secretary who is absent).

**Quorum** – the number of voting members, as stated in the bylaws, who must be present in order that business can be legally transacted.

**The Chair** – the presiding officer, usually the president.

**The House** – the organization or club.

**The Question** – the business before the house.

**The Standing Committee** – a committee provided for in the bylaws, usually appointed by the year. Special committees are created for a specific task by the chapter and cease to exist when the task is completed or by their final report.

**“Putting the question”  
Means  
“Taking a vote”**

## THE RULE OF EIGHT

These eight steps are necessary to introduce business and put a motion correctly through the floor:

Member:	<ol style="list-style-type: none"> <li>1. Rise, address the chair – “Madam President”.</li> <li>2. Await recognition – (The Chair nods to or calls the member by name).</li> <li>3. Present the motion – “I move that ....” or “I move to...”</li> </ol>
2nd Member	<ol style="list-style-type: none"> <li>4. Second the motion by either saying “Second” or “I second the motion”.</li> </ol>
Chair	<ol style="list-style-type: none"> <li>5. Chair states the motion - “It is moved and seconded that ...” or “It is moved and seconded to ...”</li> <li>6. Chair calls for debate (if motion is debatable.) “Are you ready for the question?” (This means are there amendments, questions, discussion, or are you ready to vote.)</li> <li>7. Chair takes the vote – <ol style="list-style-type: none"> <li>a. For majority – “Those in favor, say ‘aye’”; “Those opposed, say ‘no’”.</li> <li>b. For 2/3 – “Those in favor of the motion will rise and remain standing until counted...be seated.” “Those opposed will rise and remain standing until counted...be seated.”</li> </ol> </li> <li>8. Chair announces the results – <ol style="list-style-type: none"> <li>a. For Majority – “The ayes have it, the motion is adopted and we will...” Or, “The noes have it, the motion is lost and we will not...”</li> <li>b. For 2/3 – “There are ___ votes in the affirmative and ___ votes in the negative. There being two-thirds in favor, the affirmative has it, the motion is adopted and we will...” Or, “There are ___ votes in the affirmative and ___ votes in the negative. There being less than two-thirds in the affirmative, the motion is lost and we will not...”</li> </ol> </li> </ol>

## PARLIAMENTARY QUESTIONS AND ANSWERS FROM *PAN PIPES* COLUMNS

The following questions and answers have appeared in *PAN PIPES* articles on parliamentary procedure, as written by the fraternity parliamentarian.

### Why Use Parliamentary Procedure

Q. Isn't using parliamentary law stuffy and confusing?

A. *In order to assure that decisions made at meetings reflect the true wishes of members, democratic principles need to be followed. All parliamentary law is based on principles that protect the rights of the majority, the minority, individual members, absentees, and all of these together.*

### Quorum

Q. What is a quorum?

A. *A quorum is that number of members who must be present at a meeting in order to transact business. Check chapter bylaws. If they do not prescribe the number, it is a simple majority (50% plus 1) of the total membership who are in good standing. Nothing that happens in a meeting without a quorum is legal or binding on the chapter.*

### The Gavel

Q. Can you have a meeting without a gavel? I hope so, because we do not even own one.

A. *A gavel is a symbol, and is used frequently to call a meeting to order, a member to order, or adjourn a meeting. The same result is easily accomplished by rapping a pencil on the table or a glass on the table...it is not a requirement by any means.*

### Majority Vote

Q. We had ten members present at a recent meeting. On a motion requiring a majority, four votes were in favor, three votes opposed and three members did not vote. Did the motion receive a majority vote?

A. *Yes, majority means more than half the votes cast. In the example, there were seven votes cast, and the four voted in favor were a majority. The three members who chose not to exercise their right to vote indicated by their abstention that they were willing to accept the result of the vote. One exception to this answer exists. If chapter rules state that a motion requires "a majority of those present," the majority would become six - more than half of the ten members present. Generally, a majority is more than half of the votes cast by members present and voting.*

### Verifying A Vote, Voice Vote Vs. Raising Hands

Q. On a voice vote, the president announced the vote carried. From the back of the room where I sat, it sounded more like the vote lost. I did not want to argue with the president. What could I have done to satisfy myself about whether the vote really did carry?

A. *It is neither rude nor argumentative when there is any doubt about the results of a vote to call out "Division," or "I call for a division" without obtaining the floor. It is the right of a single member to require that a vote be retaken when the result of the vote is questionable. The president would then immediately take a vote by asking members to rise. If the president is in doubt they may, on their own, take a recount. This process is called a Division of the Assembly and is used expressly to assure the result of close votes.*

### Voice Vote Vs. Raising Hands

Q. I attended a parliamentary law workshop. We practiced making motions and presiding. All our votes were voice votes. At my chapter meetings, it is our custom to vote by raising hands. Is this proper?

A. *Yes, in small assemblies either voting method is acceptable. If the chapter president is announcing the votes, they should announce, "The ayes have it," or "the noes have it," when announcing the result of a voice vote. They should announce, "The affirmative has it," or "The negative has it," for a vote taken by a show of hands.*

### **When the President Votes**

Q. Does the president ever vote?

A. *The president votes along with other members when the vote is by ballot. In all other cases, the president may vote when that vote would make a difference in the result of the vote. For example, a tie vote fails. The president could vote in the affirmative and the vote would then carry. If a vote carries by one vote, the president could vote in the negative creating a tie and the vote would fail.*

### **Ask All Questions Through the Chair**

Q. How can I get information I need from the treasurer before I vote on an issue?

A. *Address ALL remarks through the chair. Ask for clarification or information by stating, "I rise to a point of information." The Chair responds by recognizing the appropriate officer, chairman, or member to speak to the request.*

### **Make the Motion First**

Q. Can I discuss my ideas with a few members sitting near me before I make a motion? I always like to see if others think it is a good idea.

A. *...the side conversation is distracting other members, and both the person considering the motion and those with whom they are conferring are missing the pending business. Business comes to the floor by motion of a member. The motion cannot be debated until it has been moved, seconded, and stated by the Chair. At that time, the maker of the motion has first right of debate if they wish. This is the proper time to explain why the motion was made.*

### **Voting Against a Motion**

Q. Can I speak against a motion I make, or vote against it?

A. A person may NOT speak against their own motion; they may, of course, vote against it.

### **Rules of Debate**

Q. How long may I talk to a motion?

A. *1. Unless the chapter's parliamentary special rules of order prescribe otherwise, members may speak TWICE to a debatable question. After the second speech, the member may not speak again without permission of the assembly. The Chair might say, "If there is no objection, the member will be allowed to speak a third time in debate." (Any objection demands a formal vote on granting permission and requires 2/3 vote to carry.) This courteous handling of the enthusiastic member helps them plan their debate for future motions.*  
*2. Members who have not spoken in debate are given preference for the floor over members wishing to debate again.*

### **Managing Time During Debate**

Q. How can we assure that one or two people don't talk a motion to death?

A. It is a good idea for the chapter's parliamentary rules of order to include a limitation to the length of time a member may debate...for instance, "No member may debate more than twice NOR LONGER THAN TWO MINUTES PER SPEECH on debatable questions." Without such a rule, members may speak ten minutes!

### **Stop Debate to Vote Immediately**

Q. What can we do to assure that a motion doesn't use the whole meeting time?

A. *1. BEFORE (much/any) debate, move "to limit debate on the pending question to \_\_\_\_\_ minutes." (Requires a second, 2/3 vote, is not debatable, may be amended.)*

*2. When it is desired to stop debate immediately, move "the previous question." (Requires a second, 2/3 vote, is not debatable; its adoption stops debate and amendments, and the vote is taken on the pending question.)*

## PREPARE AN AGENDA

**A sample agenda is shown on page 17-8.**

An agenda prepared in advance by the president, in coordination with other officers and committee chairmen, is essential to a smooth-running, productive meeting. Posting the agenda for members to see ahead of the meeting time is an advantage. Better yet, providing the members with a personal copy of the agenda is of greater benefit.

In regard to the Agenda:

- ❑ Use general consent to approve minutes.
- ❑ State each item of business as it comes up. “The next business in order is reports of officers: the Chair recognizes the secretary.” “The next business in order is new business. Is there any new business?”
- ❑ Do not ask for unfinished business; the president should know what the unfinished business is and announce it. Ask for “New Business.”

## Minutes

Minutes are the record of everything that happens in a meeting. Accuracy is important. When minutes are read, it is customary for the Chair to ask for corrections. Usually corrections are made immediately and minutes are accepted as corrected. However, it is never too late to correct minutes.

**An example of minutes is shown on page 17-9.**

Minutes should contain the results of all voting. When a vote is by ballot, record the number of votes. When a count is ordered, record the counted vote. When amending bylaws, record the vote unless it is unanimous or nearly so.

Writing a motion on a card is helpful, because motions should be stated accurately in the minutes. An amended main motion may be entered in the adopted form without giving the original form and amendments. The minutes could be written “After amendment the motion was adopted as follows:...” The secretary may edit minutes to make them concise by eliminating unnecessary information. References to what is said in debate, remarks by a guest speaker, and color schemes and menus at programs may be omitted. While a summary of a chapter meeting may be emailed to members, official minutes need to be in written form and treated as official fraternity business.

The phrase “Respectfully Submitted” is unnecessary. The secretary should sign their name and, below their signature, print or type their name. After approval the president should countersign the minutes.

### MEETING SUCCESS AT A GLANCE:

1. Use an agenda (created by the president, approved by the officers).
2. Follow Robert’s Rules of Order, Newly Revised (Sergeant-at-Arms should have a copy for reference at the meeting).
3. Use motion cards.
4. Establish and maintain discussion time limits.
5. Keep good minutes – count vote results for minutes.

## Distributing Chapter Minutes Electronically/Other SAI Business

Chapter secretaries may send the chapter Minutes out electronically via email or a secure listserv. No SAI Ritual or instructions should be in the Minutes. The Minutes should be in a pdf format so they cannot be altered. NO chapter business or official communications should be posted on Facebook or any public social networking site. Discussions about Fraternity business are only appropriate in groups on a secure listserv managed by the chapter.

## BYLAWS

One of the obligations of all collegiate/alumnae chapters is “To make its own bylaws in accordance with the National Articles of Association and Bylaws.”

### General Instructions

Chapters are bound by all regulations of, and write their own bylaws in compliance with, the National Articles of Association and Bylaws and the *Chapter Procedures Manual*. **The collegiate/alumnae bylaws templates are to be used by all chapters for their bylaws.**

Bylaws contain all the rules for the chapter that are of enough importance that they should not be changed without due consideration by all chapter members. Notice of a proposed change must be made at one chapter meeting and the vote delayed until the following meeting. This safeguards changes being made to meet special circumstances. Bylaws should state the method for amending the bylaws.

### Amendments and Revisions

See the Sigma Alpha Iota Calendar for annual bylaw review procedures. Additionally, bylaws may be amended or revised as follows:

- ❑ The chapter shall compare the current bylaws with the bylaws template.
- ❑ Proposed amendments should be presented in writing at the regular meeting preceding voting.
- ❑ At the next regular chapter meeting, the members vote on proposed amendments. Upon the required affirmative vote, these amendments should be entered upon the copy of the chapter bylaws that are attached to the Chapter Bylaws report and submitted through the Officer Portal.

To revise chapter bylaws, the chapter may consult with the Chapter Bylaws Director.

A current copy of the chapter bylaws should be in the president’s notebook and in the secretary’s notebook, and a copy should be given to each new initiate. Updated bylaws shall be made available to all chapter members.

### Form for Chapter Bylaws

It is not necessary to repeat the regulations from the National Articles of Association and Bylaws or from the *Chapter Procedures Manual*. If, however, some of these seem necessary to understand the additional chapter regulations, they should be referred to in the chapter bylaws. When such references are made, be certain the bylaws reflect each change in the National Articles of Association and Bylaws.

**Chapter bylaws template:  
See Officer Portal for bylaws  
template for collegiate or  
alumnae chapter bylaws.**

Collegiate chapters on campuses with a local interfraternity music council should follow the bylaws of that organization.

Sample chapter bylaws (collegiate and alumnae chapters) may be found on the Officer Portal, Document Library.

## LOCAL CHAPTER PROCEDURES MANUAL (LCPM)

Local chapter policies, practices, procedures, requirements, events, etc., are placed in a document separate from the chapter bylaws called a LCPM. Like chapter bylaws, this document is approved by the chapter and reviewed annually. It is submitted with the chapter bylaws report each fall and reviewed by an NEB appointed committee.

# Badges and Insignia

SAI Chapter Procedures Manual

## INTRODUCTION

**S**igma Alpha Iota members are recognized by the wearing of official badges. Through the years customs have grown that direct the manner in which badges are worn.

The member-in-training pin, regulation badge, or patroness badge is placed on the left side, over the heart. It is always attached to dresses or blouses, never on suit jackets or coats, unless the jacket will not be removed. The regulation badge should never be turned into a charm.

- ❑ Recognition insignia may be worn on a suit lapel or coat collar or lapel as a sign of fraternity membership when the badge cannot be seen.
- ❑ A guard may be attached to the badge with a short chain and pinned below and to one side of the badge.
- ❑ If the badge of another fraternity is also worn, it may be chained to the Sigma Alpha Iota badge or be kept separate, but it should not be worn above it. (The two may be worn at the same level beside each other.)

**The Sigma Alpha Iota Regulation Badge, Sigma Alpha Iota Coat of Arms, and the Letters ΣΑΙ are copyrighted.**

**Chartered chapters in good standing may use them on their publications, advertising, local recognition items, and other fraternity-related items, such as shirts, mugs, caps, etc.**

## RETURN OF SAI BADGES AND INSIGNIA

Each initiated member of the Fraternity has the privilege of wearing the appropriate badge or insignia as long as that person is a member. If they are expelled by the NEB, the badge is to be returned to National Headquarters. When the badge of a deceased member is returned to National Headquarters, it is placed in the Memorial Collection and held in trust for a descendant. No badges should be passed down to other chapter members. (p. 8-8)

The badge disposition form, available in the OP Document Library or by contacting National Headquarters, can be filled out and put with your legal papers (will, etc) so that your family will know what to do with your badge.

**Badges of deceased members are to be returned  
to the National Headquarters for placement in the Memorial Collection.  
SAI Ritual books should also be returned.**

## SAI BADGES AND INSIGNIA THAT ARE POSTED ON EBAY AND OTHER AUCTION SITES

It is Fraternity policy that SAI members should NOT bid on SAI badges that show up on Ebay or other auction sites. Members end up bidding against each other and driving the price up. SAI jewelry pieces do show up from time to time in resale situations, including pawn shops and garage sales; we do not control this. NEVER try to tell a seller that they “ought” to turn it over to SAI, or that they are “bad” for selling it. Remember that you are making a lasting impression in the name of SAI. What we DO control is our own regard for our badge and what it stands for.

### Sigma Alpha Iota Risk Management Services

**All members and MITs (members-in-training) must read this notice, signifying under standing of and compliance with Sigma Alpha Iota's risk management policies and protocols for disciplinary actions (see appendix B of the Chapter Procedures Manual).**

**HAZING** - Hazing is defined as "any action or situation that recklessly or intentionally endangers mental or physical health or any action taken or situation created which produces mental or physical discomfort, embarrassment, harassment or ridicule." Such activities and situations include road trips, scavenger hunts, sleep-overs, required wearing of apparel which is conspicuous and not normally in good taste, engaging in public stunts, late work sessions which interfere with scholastic activities, and many other inappropriate activities.

*Sigma Alpha Iota, with all members of the Professional Fraternity Association, condemns the hazing of anyone including members and prospective initiates. We condemn the practice of using line names, line numbers, families, family trees, and like practices by Greek Organizations.*

**Sigma Alpha Iota recognizes and affirms that the pre- initiation period is a time for education for the candidate, and a time for the promotion of professionalism, ethics, and dignity through exposure to the privileges and responsibilities of member ship as exhibited by our college and alumnae chapters. By reading this agreement, each member or MIT will abide by and honor the policies of Sigma Alpha Iota.**

**ALCOHOL AND SUBSTANCE ABUSE** - Sigma Alpha Iota believes that all members deserve the inherent privilege to develop their full potential through quality fraternity association. Therefore, the National Executive Board has adopted the following substance abuse guidelines for chapters: \*All collegiate chapter functions shall be free of alcohol and of all controlled substances. \*All chapters, members, and guests must abide by federal, state, local, and college- university laws.

**BULLYING AND CYBER-BULLYING** - Sigma Alpha Iota will not tolerate unsisterly conduct. It is the responsibility of each member, MIT, and chapter to uphold professional standards. Social media should never be used to conduct Fraternity business or to speak derogatorily about another member.

*It has always been expected that SAIs will conduct themselves in an ethical manner, behave with dignity in all situations, exemplify the ideals of SAI, and remember that they are representing Sigma Alpha Iota at all times.*

**As a member or MIT of Sigma Alpha Iota, you agree to abide by the policies of the Fraternity as stated in those documents, as stated above, and in the Fraternity national bylaws. If found responsible for violating these policies, you understand disciplinary action will be taken by the NEB in accordance with Article XVI of the SAI National Bylaws.**

## Joint Statement of Respect Between Music Organizations

### Joint Statement

...by the national leaders of Phi Mu Alpha Sinfonia, Sigma Alpha Iota, Kappa Kappa Psi and Tau Beta Sigma, four musical fraternal organizations:

We firmly believe that there are equally important roles for Phi Mu Alpha Sinfonia, Sigma Alpha Iota, Kappa Kappa Psi and Tau Beta Sigma to fulfill on any campus where our chapters mutually exist, now or in the future. Each organization possesses a distinct mission and, as a result, fulfills a unique and vital role in the musical environment of a college campus. It is not acceptable for any of our organizations' members, chapters, or local leaders to take actions that would inhibit the creation or success of any of these organizations at any campus. We believe it is important that the members of our organizations recognize and respect each group's purpose, rich history, and valued place in the framework of colleges and universities throughout the country. Furthermore, we expect our members to demonstrate their respect for each other through genuine friendships and honest cooperation to further the advancement of music and the success of our respective goals.

Joint membership in more than one of our organizations is permissible, subject to only two simple requirements: 1) the single-gender membership of Phi Mu Alpha Sinfonia and Sigma Alpha Iota, and 2) the prohibition of joint, Active membership in both Kappa Kappa Psi and Tau Beta Sigma. A member of Phi Mu Alpha Sinfonia or Sigma Alpha Iota can hold simultaneous membership in Kappa Kappa Psi or Tau Beta Sigma, subject to their own interests and the eligibility requirements of the other organizations. The same holds true for a member of Kappa Kappa Psi or Tau Beta Sigma with regard to membership in Phi Mu Alpha Sinfonia or Sigma Alpha Iota.

The national leaders of Phi Mu Alpha Sinfonia, Sigma Alpha Iota, Kappa Kappa Psi and Tau Beta Sigma expect that all members will work to maintain a consistently positive inter-fraternal spirit. We encourage all of our members to honor this commitment as each of our organizations seeks to provide an excellent fraternal experience.

## Sigma Alpha Iota Policy on Big Brothers/Sweethearts/“Mr. SAI Pageants”/Related Events

Sigma Alpha Iota recognizes the maintenance of a friendly working relationship between members of other organizations at the same level for the purposes of promoting and accomplishing similar goals and objectives in music.

However, for several reasons, the existence/establishment of Big Brothers/Sweethearts is not permitted:

- ❑ The functioning of a Sigma Alpha Iota chapter and big brothers/sweethearts as a common unit at social and other events could jeopardize the fraternity's single-sex membership, as suggested by the U. S. Supreme Court ruling in a case involving the Jaycees.
- ❑ The existence of the above extends the already broad range of chapter and national liability.
- ❑ Because of such relationships, sisters sometimes share secrets with nonmembers, either knowingly or unknowingly.

In addition, this policy has been expanded to now include activities and fundraisers focused around awarding/crowning a “Mr. SAI”. Sigma Alpha Iota acknowledges that our chapters receive support from their male peers and as such desire to bestow upon them a token of their appreciation. However, this concept is very similar to what is described above for Big Brothers/Sweethearts and brings with it the same issues and concerns. Our

# Appendix A

chapters are encouraged to find more appropriate ways to acknowledge these individuals that does not involve the use of the fraternity's name or insignia.

Based, in part, on the reasons given above, the National Executive Board voted to establish the following policy concerning big brothers/sweethearts and "Mr. SAI pageants".

**Sigma Alpha Iota does not recognize the legitimacy of a big brother or a sweetheart associated with its chapters. Additionally, the fraternity prohibits chapters from hosting events, such as Mr. SAI pageants and the like, where the fraternity's name, insignia and/or a chapter's Greek name for such individuals/activities are used. Furthermore, the national fraternity disclaims any and all responsibility in these matters.**

## Guidance on non-SAI members wearing official fraternity insignia

In most instances, non-SAI members are not allowed to wear SAI letters. Exceptions to this policy would be for an event with parents on campus, and the Fraternity might approve a shirt design that said, "Proud father of an SAI." Do remember to submit designs to National Headquarters for approval. (*See page A-7 for more information regarding officially registered trademarks.*)

## Guidelines for Approval of 2nd Term Collegiate Chapter Presidents

When a collegiate chapter has nominated, or would like to nominate, their current President for a 2nd term, the chapter must contact its Province and Regional Officers **prior to elections** for approval. At that time, the chapter should provide a detailed explanation of the reasons for this request.

The RO, in consultation with the NVPCC should consider the following:

- 1) Is there another chapter member who is qualified and willing to serve as President?
- 2) Has the current President been fulfilling their duties? (completing reports, running meetings, communicating with advisors and the PO, etc.)
- 3) Are there extenuating or special circumstances surrounding this request?
- 4) Have the chapter advisors been informed of this and what is their opinion?

After careful consideration, the RO will inform the chapter of the decision to allow or disallow the 2nd term. If the 2nd term is allowed, the Fraternity may request that specific criteria be followed during the term of office — forms of communication, timely reports, meetings with advisors, etc. — to ensure a successful year.

It is encouraged to have chapters share leadership roles among the sisterhood, for the health of the chapter and experience of the members. There are times within a chapter when this is more difficult, and the above process enables all parties to be informed and supportive of each other.

---

## Guidelines for Approval of 2nd Term Collegiate Chapter Treasurers

When a collegiate chapter would like to nominate their current Treasurer for a 2nd term, the chapter must contact its Province and Regional Officers **prior to elections** for approval. At that time, the chapter should provide a detailed explanation of the reasons for this request.

The RO and PO will consult with the NVP Finance who will consider the following (included, but not limited to):

- 1) Has the current treasurer fulfilled their duties (completing reports by the deadline, timely payments to NH, review of chapter debt owed to NH, and other financial aspects of the chapter)
- 2) Have the chapter advisors been informed of this and what is their opinion?
- 3) Is there another chapter member who is qualified and willing to serve as Treasurer?

# Appendix A

After careful consideration, the RO will inform the chapter of the decision to allow or disallow the 2nd term. If the 2nd term is allowed, the Fraternity may request that specific criteria be followed during the term of office — forms of communication, timely reports, meetings with advisors, etc.—to ensure a successful year.

## Serving as Advisor to One's Initiating Chapter

Recent graduates of a collegiate chapter may not serve as an advisor to their own initiating chapter for four years.

## SOCIAL MEDIA GUIDELINES

Sigma Alpha Iota recognizes the vital importance of chapters to use social media for the exchange of ideas, making connections with other members, and disseminating information. Therefore, the Fraternity created these Social Media Guidelines to advise its chapters how to participate responsibly on social media while maintaining Sigma Alpha Iota's optimistic and positive purpose, mission statement, and vision.

### For Reference

- ❑ Any chapters found to be violating these Social Media Guidelines will be asked to delete their accounts and be disciplined according to Fraternity policy and procedures.
- ❑ The current version of this policy is in the Officer Portal's Document Library under the "Policies and Procedures" tab.
- ❑ Social media often leads to a lack of privacy, and accounts can be hacked at any time.
- ❑ Do not identify members or "tag" them in posts unless given permission to do so.

Ensure that your content:

- ❑ is accurate;
- ❑ does not have inappropriate language, audio, video, or images;
- ❑ does not include fraternity business or ritual ceremonies;
- ❑ does not violate university or fraternity policies; and
- ❑ is respectful to members.

### Using Fraternity Graphics

Approved graphics are available on the SAI website at [www.sai-national.org](http://www.sai-national.org) under the "Resources" tab, then "Idea File," then "SAI Graphics." Any other graphics that bear Sigma Alpha Iota's name, insignia, badge, and acronyms are copyrighted and cannot be used without permission. To obtain permission, fill out the Merchandise and Artwork Approval Form on the SAI website under the "Chapters" tab. Follow the instructions to submit your artwork.

### Creating Chapter Social Media Accounts

Currently, the Fraternity has approved Facebook, Twitter, Instagram, Snapchat, TikTok, and YouTube for use by Sigma Alpha Iota Chapters, Provinces, and Regions.

Each chapter can only create and maintain one account, page, or group on each of the approved social media platforms.

Members-in-training classes cannot create their own accounts. They should be given access to share content on their chapter's social media platforms.

Alumnae of collegiate chapters may not create a social media account (e.g. "Sigma Alpha Iota - Omega Omega alumni of Anytown University"). If you have one of these accounts, you must rename it with a title that does not include the chapter name or any form of the name Sigma Alpha Iota.

# Appendix A

Chapters cannot share a social media platform with chapter alumnae, another chapter, or campus organization.

Each year, chapters must document in the first meeting minutes who administers the accounts, as well as the login usernames and passwords, so this information can be accessed if the need arises or if a new administrator is named.

When an administrator leaves office or the chapter, a new administrator must be granted privileges and the former administrator removed. Chapters should also change usernames and passwords when a new administrator is named.

If your chapter has questions when creating an account, contact the National Vice President, Fraternity Development at [nvp.development@sai-national.org](mailto:nvp.development@sai-national.org) to discuss guidelines specific to the social media platforms you are considering.

## Account Guidelines

- ❑ Depending on the platform and space allowed, the approved title for account names is Sigma Alpha Iota - Your Chapter Name, or SAI - Chapter Name
- ❑ The profile's bio must state: This is the official page of the <<chapter name>> Chapter of Sigma Alpha Iota.
- ❑ Accounts must be "open," which means anyone can see what is posted. Secret, private, closed, or unauthorized groups are not allowed.
- ❑ Any content, comments, photos, presentations, podcasts, and other audio or video media not adhering to these Social Media Guidelines must be removed.
- ❑ Social media administrators should utilize provided admin tools for each account to maintain control over who can post and comment. Access these on social media support centers.
- ❑ For Facebook Groups: Put in place participant approvals, including participation questions, to vet both members and visitors before they can post or comment.
- ❑ Regularly monitor posts and comments. You can block any inappropriate users.
- ❑ Chapter accounts should follow the official Fraternity accounts so that those accounts can reciprocate.
- ❑ Use hashtags when appropriate and relevant to your content. Examples include: #1903, #SAI, #loveandroses, #FoundersDay, #OmegaAPD.
- ❑ Nicknames, slang names or otherwise inappropriate terms or references should not be used.

## Can I Post This?

Chapters may create and post events, updates, and communications that promote their chapter and Sigma Alpha Iota positively, as well as to foster informative and constructive relationships with members, potential members, and the greater community.

- ❑ Use Facebook event pages for Sigma Alpha Iota-sponsored events.
- ❑ Social media announcements can be used for last-minute communications. For example, if a meeting or event has changed or is canceled, chapters can post, "The meeting/event scheduled for tonight was canceled/moved to a different day. Check your email/text/messaging app for further information from the chapter."
- ❑ Online fundraising campaigns can be posted and must adhere to the "Online Fundraising Guidelines" in the Officer Portal's Document Library.
- ❑ Ask your Province Officer to provide "fresh eyes" to your content prior to posting.

## What Can't I Post?

- ❑ Meeting agendas or minutes
- ❑ Anything related to fraternity business or ritual ceremonies
- ❑ Officer Portal documents

## Appendix A

- ❑ Advertisements or announcements about individual social events, for example, personal parties/gatherings, off-campus events, or personal/business promotions
- ❑ Crowdfunding appeals
- ❑ Inappropriate, disrespectful, or negative comments and photos

### Cyber Bullying and Addressing Inappropriate Content

Per the Fraternity's Risk Management Agreement, each member should uphold professional standards when using social media. It should never be used to speak derogatorily about another member. Violations of this policy will result in appropriate disciplinary actions as outlined in Appendix B of the Chapter Procedures Manual.

The NEB does not monitor chapter accounts for Social Media Policy violations. However, questionable content brought to the NEB's attention will be investigated, and disciplinary action will be pursued where appropriate.

The NEB also does not investigate individual member accounts. Neither chapters, members, nor fraternity officers are expected to interfere in an individual member's posts. However, any content of concern should be documented with a screenshot and brought to the Province Officer's attention.

Please direct any social media inquiries to the NVP Fraternity Development at [nvp.development@sai-national.org](mailto:nvp.development@sai-national.org).

### POLICY ON HOUSING

Sigma Alpha Iota International Music Fraternity (“Fraternity”) has determined as a matter of policy that its chapter members will not live in Fraternity owned, sponsored or affiliated housing. The Fraternity does not maintain insurance coverage for “chapter housing”. While the Fraternity does not inject itself into the living arrangements of its members, the Fraternity does not permit its name or letters to be posted or otherwise visible on any living facility in a way that may imply Fraternity approved housing.

The Fraternity does not permit chapters to own real estate or chapter houses.

As conditions allow, collegiate SAI members may have the opportunity to live together in on-campus or off-campus housing. In these instances, it must be understood by all chapter members that such housing is not an official Sigma Alpha Iota house and should not be referred to as such.

For on-campus housing, all school guidelines must be followed. SAI policies and guidelines must be adhered to for any official SAI events held in any on-campus or off-campus housing.

## SIGMA ALPHA IOTA OFFICIAL MERCHANDISE POLICY

Sigma Alpha Iota has a long history and our name, letters, our badge, and crest carry a great sense of pride for those who wear them. The Greek letters ΣAI and SAI, Sigma Alpha Iota name, the crest, and the badge are officially registered trademarks, and may not be used except with the express permission of SAI. Chapters in good standing may utilize SAI trademarks on standard publications such as concert programs, yearbook directories, recruitment posters, and chapter websites. **Always refer to the current policy in the OP Document Library.**

- ❑ **Creating your own merchandise:** Many chapters will create their own apparel or items to sell to their members. Any uses for apparel and general SAI merchandise require permission from SAI National Headquarters. Your chapter must submit the Merchandise and Artwork Approval Form to request approval to use the registered trademarks before ordering or selling any items.
- ❑ **Selling items:** SAI chapters may sell general SAI merchandise (non-chapter or non-province specific) only within the local SAI chapter, at the chapter's specific Province Day Phlea-Phlam, and at SAI National Convention Phlea-Phlam. Sales at the chapter's specific Province Day Phlea-Phlam and SAI National Convention Phlea-Phlam are to be on-site sales only (no orders taken before or after events). Chapters may not act as vendors nor engage in retail or online sales of SAI merchandise for fundraisers, charity, or otherwise.
- ❑ **Other:**
  - Only officially sanctioned SAI events may use the registered trademark names, and all other uses are expressly forbidden.
  - It is Fraternity policy that any vendor who is invited to Fraternity events must be officially licensed by AFFINITY CONSULTANTS. Contact National Headquarters for further information.
  - When creating the artwork, and prior to submission, the chapter should check that any graphics, wording, fonts, artwork, etc., do not contain copyrighted materials belonging to other companies or brands.
- ❑ **Trademark, Merchandise and Artwork Approval Form:** Chapters must submit this form before they can use any Sigma Alpha Iota registered trademark names, the crest, and/or the badge on apparel or general SAI merchandise (non-chapter or non-province specific). The link for this form can be found on the SAI website, Chapters, and in the Officer Portal Document Library. Submit this completed form, along with samples of the proposed design, to National Headquarters at least four weeks prior to the date you plan to order the proposed item(s). Items submitted for approval will be assessed for both design accuracy as well as their consistency with the ideals of the Fraternity. National Headquarters will respond to your request by e-mail. Do not contract for, or purchase, the proposed item(s) until you have been given written approval to do so.

A list of licensed vendors is located on the SAI website: [www.sai-national.org](http://www.sai-national.org), under the "Chapters" and "Trademark, Merchandise, and Artwork Approval" tabs.

## FREQUENTLY-ASKED QUESTIONS

**Why do we need approval for merchandise and artwork?** The Greek letters ΣAI and SAI, Sigma Alpha Iota name, the crest, and the badge are officially registered trademarks, and therefore, chapters and individuals may not use them without the express permission of SAI. Chapters getting design approval, in general, are creating clothing to be sold to and worn by their own members.

**Can our chapter sell general SAI merchandise?** Yes, to chapter members as part of a group order. If a chapter is planning to sell merchandise outside of the chapter—even to alumnae—the merchandise design/artwork must be chapter-specific and tied to an event, such as Province Day, chapter anniversary, or National Convention. Sigma Alpha Iota has its own boutique company (The Whistle Shop/Coastal Greek) which we partner with to create SAI designs that are not specific to a chapter.

# Appendix A

**Why can't chapters sell general merchandise outside of the chapter?** When chapters sell to the general public, they are acting as a commercial retailer, and that carries certain liabilities, as well as legal and tax implications.

**Would sponsor logos be allowed on SAI merchandise?** You would need to submit a list of possible sponsors with the approval form for the National Executive Board to consider; a written response will come from the NEB.

**Can a fraternity member create SAI merchandise as part of their own business?** If an individual decided to run, for example, an Etsy online store and wanted to sell SAI-specific products, they could apply and pay for the license to do that with our licensing company, and then they would be a retailer. More information on that can be obtained by calling National Headquarters.

## POLICY CONCERNING THE USE OF “DATE AUCTIONS” AS COLLEGIATE CHAPTER FUNDRAISERS

Due to concerns for the safety of the participants and to be sensitive to the historic implications of this activity, Sigma Alpha Iota no longer allows the use of date auctions as a collegiate chapter fundraiser. As an alternative, chapters may hold events where a task, not member, is sold to the highest bidder. For example, having the chapter clean a person's room or wash a person's car. The distinction is that these must be tasks completed by at least a part of the chapter and should not be something conducted by an individual chapter member.

## NEW CHAPTER EXTENSION PROCESS

All inquiries regarding establishment of new interest groups for possible collegiate or alumnae chapters must be managed through the office of the National Vice President, Extension. For information and contact numbers, visit the SAI website at [www.sai-national.org](http://www.sai-national.org).

# Protocols for Disciplinary Action

SAI Chapter Procedures Manual

The Sigma Alpha Iota Committee on Standards has created a document to guide chapters and individuals through the process of an investigation of alleged hazing or alcohol and drug abuse violations or bullying. This process may be revised from time to time. If there are questions, a province, regional or national officer will be happy to offer clarification.

## PROTOCOLS FOR INVESTIGATING A REPORTED HAZING ISSUE

### Sigma Alpha Iota Position Statement On Hazing

Sigma Alpha Iota (SAI) is devoted to music, sisterhood, and harmony and believes that all collegiate (members-in-training, actives, and non-students), alumnae, patroness, and Distinguished Members, hereinafter referred to as “members”, deserve the inherent privilege to develop their full potential through quality fraternity association.

Sigma Alpha Iota International Music Fraternity is a member of the Professional Fraternity Association and of the National Interfraternity Music Council (NIMC), made up of Sigma Alpha Iota, Mu Phi Epsilon, Delta Omicron, Kappa Kappa Psi, Phi Beta, and Tau Beta Sigma.

All of these fraternal organizations condemn hazing on the grounds that true fraternalism is nurtured in an atmosphere of social and moral responsibility, respect for duly constituted authority, and loyalty to the principles of higher education and that constructive pre-initiation activities must be educational whereby a candidate for membership does not surrender any legal, moral, emotional, or social right while being instructed to participate in a fraternity’s policies.

Sigma Alpha Iota stands in solidarity with the anti-hazing policies of these affiliates and maintains a policy of Zero Tolerance for hazing activities, in any form and under any circumstances, perpetuated by or targeting, any Sigma Alpha Iota member or prospective member.

The National Executive Board (NEB) will rigorously investigate allegations of hazing and take action against chapters and/or individuals found guilty of instigating, perpetuating, contributing to or taking part in hazing activities. Failure to report acts of hazing PERPETUATES hazing.

Furthermore, Fraternity programs of all chapters and at all levels must adhere to the policies of a Chapter’s school and to the relevant National, State, and local laws and regulations.

All chapters and individuals must conduct Fraternity Education and Fraternity Activities in a manner which will uphold the dignity of our Fraternity and of all our members and prospective members in order to ensure programs that will result in materially better members, better public relations on campus and in the community, and increased prestige to the Fraternity.

### Why A Policy Of Zero Tolerance On Hazing Is Necessary

Engaging in practices considered hazing does not bring us closer together as sisters. Instead it drives us apart and creates strife within our organization. Furthermore, hazing can involve seemingly harmless activities, but such activities often set the stage for more risky and potentially dangerous behaviors. Hazing can be harmful on a number of levels and is often related to the following detrimental outcomes:

- ❑ Physical harm and death
- ❑ Emotional harm
- ❑ Student attrition
- ❑ Breeding of mistrust among group members
- ❑ Cultivation of a school/campus culture of abuse
- ❑ Bad press for individuals, organization and school/campus or community
- ❑ Lawsuits and liability

## Appendix B

The risk level of hazing can quickly escalate and take participants by surprise. Numerous accounts of hazing practices have documented the problems of hazing (including death, physical injuries, emotional harm, and attrition) among collegiate students.

“Hazing is an extraordinary activity that, when it occurs often enough, becomes perversely ordinary as those who engage in it grow desensitized to its inhumanity.” - Hank Newer, “Wrongs of Passage”

### Definition of hazing

“Hazing” refers to any activity (whether in public or in private) required of someone in order to gain admission to a group (or to maintain full status in a group) that humbles, humiliates, degrades or risks emotional and/or physical harm, regardless of the person’s willingness to participate. Hazing can be noncriminal, but it is nearly always against the rules of an institution, team, or Greek group. It can be criminal, which means that a state statute has been violated. Hazing is an act of power and control over others. It is victimization. Hazing is pre-meditated and not accidental.

### Consent Is Not A Defense To Hazing!

Sigma Alpha Iota, with all members of the Professional Fraternity Association, condemns the hazing of any of its members or prospective members. The National Executive Board reminds all members that hazing activities, occurring as the result of any action of the Fraternity’s chapters, or of its individual members, are considered immature, juvenile, and unacceptable practices which have no place in Sigma Alpha Iota.

Examples of hazing as defined by Sigma Alpha Iota shall include, but are not limited to, the following specific activities:

- ❑ Verbal or physical harassment in individual or in group situations.
- ❑ Interrogation under stress or unusual circumstances, commonly referred to as “line-ups”, etc.
- ❑ Forced calisthenics or other unusual exercises.
- ❑ Forced consumption of alcohol, drugs, or any other type of food or beverage.
- ❑ Prolonged deprivation of sleep and/or food.
- ❑ Forcing members to wear attire which is inappropriate or to conduct themselves in a degrading or otherwise humiliating manner. This includes making/carrying fraternity paddles.
- ❑ Activities which require members to violate the law or the code of conduct of the host institution.
- ❑ Transportation of members under unusual circumstances, or abandonment of members in unknown areas.
- ❑ Placing members in dangerous situations, including exposing them to the outdoor elements or depriving members of any of their senses. (e.g., blindfolding)
- ❑ Striking members in any manner.
- ❑ Forced memorization or gathering of extraneous material. (e.g., “family trees” and “sign-in books”) This includes, but is not limited to, gathering signatures, “line” names/numbers, unauthorized hand signs, etc.
- ❑ Activities which require personal servitude.
- ❑ Activities which place members under emotional or psychological duress through misleading statements, such as the practice of leading one or more of the members-in-training to believe they have failed to meet the necessary requirements for membership.
- ❑ Assigning names to member-in-training (MIT) classes or requiring MITs to wear clothing blatantly different than the other members.
- ❑ Any activities of a sexual nature.
- ❑ Scavenger Hunts.
- ❑ Bonfires.

**This is in no way meant to be an all-inclusive list.**

**IF YOU SUSPECT IT'S HAZING,  
IT PROBABLY IS!**

## COLLEGIATE PRE-INITIATION AND TRAINING ACTIVITIES

### Goal of the Pre-Initiation Period

Sigma Alpha Iota recognizes and affirms that the pre-initiation period is a time for education for the candidate, and a time for the promotion of professionalism, ethics and dignity through exposure to the privileges and responsibilities of membership as exhibited by our collegiate and alumnae chapters.

The pre-initiation period is a time for growth and guidance in music, harmony, and sisterhood. This should be an enjoyable, rewarding and empowering experience in a hazing-free environment, while also respecting the religious beliefs, ethnicity, race, social/economic background, sexual orientation, and gender identity of all individuals.

Hazing is not necessary for someone to prove their worth. Once an invitation to membership is extended by the chapter, that person is believed to be “true and worthy” of being called a sister. True bonds of sisterhood must be nurtured in an atmosphere of social and moral responsibility.

### Acceptable Training Activities

All activities for the members-in-training should be fun while helping to further the SAI National Objectives. Suggested joint activities with active members include, but are not limited to:

- ❑ Having a study session to learn about SAI
- ❑ Enjoying a shared meal
- ❑ Attending a recital or performance
- ❑ Learning and making music from the SAI Songbook
- ❑ Having a games party
- ❑ Exploring the SAI webpage
- ❑ Browsing chapter scrapbooks
- ❑ Viewing a download from the SAI Multimedia Director
- ❑ Working on a departmental/chapter service project
- ❑ Attending a campus event
- ❑ Making a scrapbook to incorporate your SAI/school memories
- ❑ Practicing music together
- ❑ Visiting the SAI faculty, patronesses, and advisors
- ❑ Having a movie night
- ❑ Doing a joint fundraiser
- ❑ Having a crafts event

### Hazing Awareness Education

Hazing awareness education is an integral part of the pre-initiation training period, and the Members-in-Training have a responsibility to familiarize themselves with SAI policies and the Fraternity National Bylaws. Every collegiate chapter is also required to have its campus policy and state policy on hazing in its own files and on file with the PO, RO, NVPCC, and NH. All SAI sisters are required to comply with the aforementioned, as acknowledged by their signature on the SAI Risk Management Form.

If a chapter or a member has any questions about an activity, they should check with the Province Officer immediately. If members or MITs do not report a hazing incident, they may be disciplined by the Fraternity.

---

## NON-COMPLIANCE

### Fraternity Liability

Sigma Alpha Iota International Music Fraternity does not condone hazing and has issued this statement to protect the rights of prospective and current members. Any hazing violations should be reported to the Chapter Advisor, the Province Officer, the Regional Officer, the National Vice President, Collegiate Chapters or any other National Executive Board member.

Chapters that are accused of violations of this policy will be subject to the Fraternity’s Protocol for Hazing Allegations.

## Appendix B

Individuals who are accused of violations of this policy, as well as any member who consents to be hazed, may be subject to discipline under the provisions of this policy. Fraternity members who are found in violation of this policy may be suspended or even expelled.

### **State Criminal Liability**

All states effectively ban hazing. Specific hazing statutes are on the books of many states. Typically, state statutes prohibit any willful action which recklessly or intentionally endangers the mental or physical health of an individual. Many statutes define specific acts which are prohibited. The statutes generally provide for a fine with possible imprisonment.

### **Civil Liability**

Although a particular state may not have a specific anti-hazing statute, the actions that constitute hazing can be prosecuted under other criminal statutes, generally under assault or reckless endangerment provisions.

### **Prevention: Awareness and Reporting**

The most effective way to educate about hazing is to begin by drawing attention to hazing and helping others interpret hazing as a problem.

Campus and school officials, student leaders, and your chapter can do this by:

- ❑ publicizing hazing policies;
- ❑ providing information to students' parents, staff, faculty, and community members about how to identify hazing and where to report it;
- ❑ providing intervention and assurances of support for those who do report being hazed;
- ❑ establishing consequences for those who participate in hazing;
- ❑ developing incentives for the implementation of hazing awareness education.

### **Who May Report an Allegation of Hazing?**

Any concerned person may initiate complaints about alleged violations of this code.

### **Protocol for Hazing Allegations**

Such complaints should be brought to the attention of an appropriate campus or Fraternity official (*See below*) who shall provide for confidential representations regarding such violations.

As soon as practicable, and by the most immediate means possible, any person who has knowledge of a hazing incident that has taken place or one that is planned shall notify at least one of the following individuals:

- ❑ the Faculty Advisor of the chapter in question,
- ❑ the Province Officer of the province where the activity occurred or is planned,
- ❑ the Regional Officer of the region where the activity occurred or is planned,
- ❑ the appropriate NVP or any other member of the National Executive Board.

The advisor, Province Officer, Regional Officer, or the appropriate NVP who receives a complaint of hazing activity shall contact the National President.

The National President also shall notify the members of the National Executive Board (NEB) of the activation of the Protocol.

NOTE: In extreme cases, when allegations of violence or criminal activity during a hazing incident have been made, Sigma Alpha Iota will support and cooperate with local and state authorities in any legal action.

## **INVESTIGATION: PROTOCOL FOR CONDUCTING AN INVESTIGATION**

### **Preliminary Investigation: Responsibility, Purpose and Action**

The National President or their representative contacts a school official, the regional officer, the province officer, chapter advisor, and the chapter president to make all parties aware of concern.

- ❑ No individual may investigate any chapter in which they are or ever was an active member.

## Appendix B

- ❑ The preliminary investigation may take place through telephone interviews or other long distance communication.
- ❑ The purpose of the preliminary investigation is to determine if there is probable cause to continue the investigation.

### Investigation:

1. Initial Discipline: Chapter privileges will be suspended pending further investigation:
  - ❑ Based on the findings and recommendation of the person(s) who conducted the preliminary investigation, the chapter in question may be placed on probation or suspension in accordance with the National Bylaws.
  - ❑ Initial discipline shall be imposed where the findings of the preliminary investigation suggest that the hazing allegations have a reasonable likelihood of being truthful.
2. Official notice is sent to music department, chapter, advisor, Province Officer, Regional Officer, and NEB.
3. The NOC will receive a packet of information about the chapter from NH prior to the investigation.
4. Designated NOC member will interview persons involved in alleged hazing incidents.
  - ❑ This may include on-site visitations
  - ❑ This may include interviewing advisors, department chair, student activities personnel, and campus judicial review board, if applicable.
5. Chapter's MIT training program will be reviewed.
6. Chapter will be required to review the Hazing Policies of its school, local government, state, and of SAI. Members will sign the SAI Risk Management Form.

### Reporting

The designated investigator must prepare a written report of findings, including a recommendation as to appropriate disciplinary action, and must submit their report to the National President within ten (10) days of the date the NEB initially was notified of the allegations (when possible). If the designated investigator requires additional time to conduct the preliminary investigation and/or prepare their report, they may seek an extension of time from the NP. Extensions shall be granted freely for good cause shown.

### Findings:

1. If a chapter, and/or individual member is determined to be in compliance with fraternity policies and expectations, all privileges to the chapter and its members will be immediately reinstated, and complaints against the chapter will be filed as "without substantiation" for permanent record at NH.
2. If a chapter and/or individual member is found guilty of hazing activities, then consequences of non-compliance are enforced. Sanctions (actions that must be taken to correct the situation) may be issued.
3. Accusing parties will be notified of such findings and advised to direct further queries to the appropriate NVP.

### CONSEQUENCES OF A CONFIRMED HAZING INCIDENT:

#### By a chapter:

- ❑ The chapter will pay costs associated with the hazing investigation which have been incurred by the fraternity.
- ❑ The chapter president will make a formal apology, in writing, to all parties involved/hazed, with copies of apology sent to department head, NH, NP, COS, NVPCC or NVPAC, PO, RO, and chapter advisor.
- ❑ The VPM shall prepare and present to the chapter, advisor, and PO, a new outline of the chapter's plans for MIT training.
- ❑ No new MITs may be pledged for up to one fraternity year.
- ❑ Based on the severity of the hazing incident, the chapter may be closed and its charter removed.
- ❑ Under the supervision of appropriate NOC person, the chapter will undergo and demonstrate understanding of the fraternity hazing policy.
- ❑ An appropriate NOC person may pay unexpected visits to the chapter for up to two years, to

## Appendix B

determine that all hazing activities have ceased.

- ❑ The chapter will comply with any other sanctions as determined by the NEB.
- ❑ The NEB will support any further disciplinary action as mandated by the school, and will cooperate with any local investigation. Should victims press charges against individual members, the NEB will acknowledge their right to pursue such action. The NEB and Sigma Alpha Iota will not take any responsibility for the actions of individuals whose actions are not in compliance with school, fraternity, and state hazing policies and laws.
- ❑ A chapter RETAINS the right to appeal.

By an individual:

- ❑ The individual will pay costs associated with the hazing investigation which have been incurred by the fraternity.
- ❑ The individual will make a formal apology, in writing, to all parties involved/hazed, with copies of apology sent to department head, NH, NP, NVPCC or NVPAC, PO, RO, and chapter advisor.
- ❑ The individual (if a chapter officer) will be removed from office immediately.
- ❑ The individual may not serve as an officer for five (5) years.
- ❑ The individual will comply with any other sanctions as determined by the NEB.
- ❑ The NEB will support any further disciplinary action as mandated by the school, and will cooperate with any local investigation. Should victims press charges against individual members, the NEB will acknowledge their right to pursue such action. The NEB and Sigma Alpha Iota will not take any responsibility for the actions of individuals whose actions are not in compliance with school, fraternity, and state hazing policies and laws.
- ❑ Based on the severity of the hazing incident(s), the NEB may:
  - a. remove membership privileges of chapter member while still enrolled in school,
  - b. expel the member from Sigma Alpha Iota.
- ❑ An individual RETAINS the right to appeal.

### Re-Instatement Of Privileges

Of a Chapter:

If a chapter is determined to be in compliance with fraternity policies/expectations, as well as all pertinent hazing laws (school, state, and local) then:

- ❑ All privileges will be immediately reinstated.
- ❑ Complaints against the chapter will be filed as “without substantiation” for the permanent record at NH.
- ❑ Notification will be sent to all appropriate persons by the National President, outlining any sanctions that could be required of the chapter.
- ❑ Parties who accused the chapter of inappropriate behavior will be notified of such findings and asked to direct any further queries to the National Vice President, Collegiate Chapters or the National Vice President, Alumnae Chapters, as appropriate.

If a chapter was determined to be non-compliant and has fulfilled all required sanctions within the specified period of time, then:

- ❑ All privileges will be immediately reinstated.
- ❑ Notification will be sent to all appropriate persons by the National President.

Of an Individual:

If an individual is determined to be in compliance with fraternity policies/expectations, as well as all pertinent hazing laws (school, state and local), then:

### PROTOCOLS FOR NON-COMPLIANCE RELATING TO ALCOHOL AND SUBSTANCE ABUSE

Excerpt from RISK MANAGEMENT COMPLIANCE FORM:

*THIS FORM MUST BE RETURNED TO NATIONAL HEADQUARTERS AT THE BEGINNING OF EACH SCHOOL YEAR, AND FOR EACH NEW MIT CLASS.*

*All members and members-in-training (MITs) MUST READ THIS FORM and sign below, signifying UNDERSTANDING OF and COMPLIANCE WITH Sigma Alpha Iota's risk management policies and protocols for disciplinary actions.*

*Sigma Alpha Iota recognizes and affirms that the pre-initiation period is a time for education for the candidate, and a time for the promotion of professionalism, ethics, and dignity through exposure to the privileges and responsibilities of membership as exhibited by our college and alumnae chapters. By signing this agreement, we will abide by and honor the policies of Sigma Alpha Iota.*

*Further, Sigma Alpha Iota believes that all members deserve the inherent privilege to develop their full potential through quality fraternity association. Therefore, the National Executive Board has adopted the following substance abuse guidelines for chapters:*

- ❑ *All collegiate chapter functions shall be free of alcohol and of all controlled substances.*
- ❑ *All chapters, members, and guests must abide by federal, state, local, and college-university laws.*

*It has always been expected that SAIs will conduct themselves in an ethical manner, behave with dignity in all situations, exemplify the ideals of SAI and remember that they are representing Sigma Alpha Iota at all times.*

*I, as an individual and a member of \_\_\_\_\_ chapter have read Sigma Alpha Iota's Risk Management policies and the protocols for disciplinary action. I agree to abide by the policies and expectations of the Fraternity as stated in those documents, as stated above, and in the Fraternity national bylaws. If found responsible for violating these policies, I understand disciplinary action will be taken by the NEB in accordance with Article XVI of the SAI National Bylaws.*

#### Definition Of Non-Compliance

A member or MIT who arrives to a fraternity event:

#### Procedure For Dealing With A Non-Compliant Member

A designated chapter officer (or other responsible chapter member):

- ❑ shall refuse admission of non-compliant member to the event;

## Appendix B

(Adopted August 2010)

### MYTHS VS. FACTS: SAI AND ALCOHOL

Our SAI Risk Management policies have the following statement:

*Further, Sigma Alpha Iota believes that all members deserve the inherent privilege to develop their full potential through quality fraternity association. Therefore, the National Executive Board has adopted the following substance abuse guidelines for chapters:*

- ❑ *All collegiate chapter functions shall be free of alcohol and of all controlled substances.*
- ❑ *All chapters, members, and guests must abide by federal, state, local, and college-university laws.*

*It has always been expected that SAIs will conduct themselves in an ethical manner, behave with dignity in all situations, exemplify the ideals of SAI and remember that they are representing Sigma Alpha Iota at all times.*

The above policy pertains to all members of Sigma Alpha Iota.

There are a number of incorrect assumptions or false “rules” made by chapters about the legal consumption of alcohol by SAI members.

# Appendix B

## Myth #1

*SAI members may not drink in fraternity letters or badges, must cover their letters or badges, or must turn their letter shirts inside out when out socially.*

### Facts:

- ❑ Collegiate SAI members may not drink at any official SAI events, regardless of what they are wearing.
- ❑ If an SAI member of legal drinking age is out socially and happens to be wearing SAI letters or the SAI badge, they are not required to change or cover their shirt. It should be understood, however, that someone wearing SAI insignia is perceived as representing the organization and any negative behavior exhibited could be detrimental to the local chapter's reputation.
- ❑ Alumnae chapters may have functions with alcohol present, if no collegiate members are in attendance.

## Myth #2

*SAI members may not drink at all.*

### Facts:

- ❑ SAI members of legal drinking age may consume alcohol, as long as all governing laws are adhered to.
- ❑ Collegiate SAI members may not drink at any official SAI events, regardless of age.

## Myth #3

*Collegiate SAI chapters may participate in an event with another organization where alcohol will be present, as long as all SAI members do not participate in drinking.*

### Facts:

- ❑ As per our policy, "all collegiate chapter functions shall be free of alcohol and of all controlled substances." A collegiate SAI chapter may not be involved in any event where alcohol will be present. Example: NOT ALLOWED - A joint banquet with Phi Mu Alpha and SAI, where the Phi Mu Alpha chapter is having alcohol.

### Using Officer Portal (OP)

Once you are logged in, there are several links along the top as well as a menu bar with icons on the left hand side.

- ❑ Change Office Role – If you hold more than one office, you can change between them. Each option is not available to every officer, so make sure you are logged in appropriately. (If not, this link is not visible to you.)
- ❑ I Need Help – Opens an email to National Headquarters at [nh@sai-national.org](mailto:nh@sai-national.org)
- ❑ Logout – Logs you out of Officer Portal. Please log out at the completion of each session.

### Calendar

The calendar contains due dates for forms as well as dates for chapter events.

- ❑ Public calendar entries may be viewed by **all officers** but entries may also be created to be viewed only by **entry creator** if the “allow others to view” box is not checked.

Click Add an Entry to My Calendar in the upper right-hand corner of the calendar.

- ❑ Select the type of entry (Province Day, Spring Break, etc).
- ❑ Enter the date that the event begins.
- ❑ Select whether or not you want it to be public by clicking (or not clicking) the box to “Allow Others to View”? (Click the box to clear the checkmark, which makes it a private entry.)
- ❑ Enter the description of the event as it will appear on the calendar. Click Save. The status of the event (pending, etc) will be displayed as well.

Note the icon for forms with due dates:

A red X indicates that the form has not yet been completed by the submitting officer.

A yellow/orange triangle indicates that the form is partially complete OR pending an approval (PO, RO, NH, etc.) and is not yet available. (See the details in the popup information bar when you hover.)

The Acrobat symbol, followed by a linked form, indicates that the form has been submitted, and made it through the approval process, if there is one. The form can be opened, and the LAST page will be the submission details and any comments.

## Appendix D

### Forms (Various Officers)

Click on the —Forms icon on the left-hand side of the page.

For each office, there will be different forms listed here.

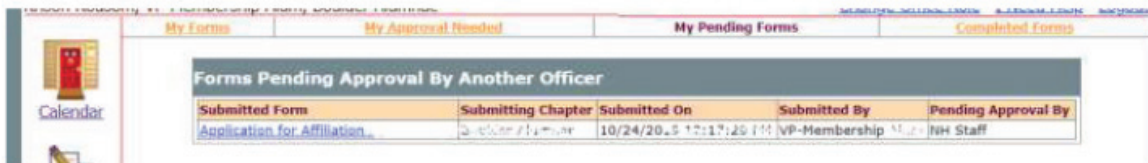

For example:

- ❑ a collegiate President can select — School Information Form
- ❑ a collegiate VPM can select — SAI Approval for Pledging of Non-Student Member
- ❑ an alumnae VPM can select — Application for Affiliation
- ❑ a Treasurer can select — Treasurer Annual Report

Fill in the proper information and submit it.

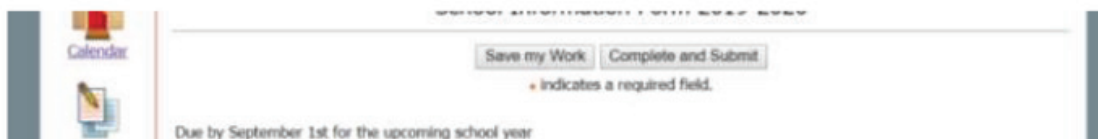

### My Pending Forms / Completed Forms

If you have filled out a form which must receive approval, the completed pdf file will be available to be saved/printed after the final approval has been given (some forms require more than 1 level of approval). If you have submitted a form which requires approval processing, the form will likely show in the My Pending Forms tab with the level currently pending approval.

Submitted Form	Submitting Chapter	Submitted On	Submitted By	Pending Approval By

\* indicates a required field.

Due by September 1st for the upcoming school year

### Members

This area contains the current undergraduate and graduate student members from a particular collegiate chapter. MITs will also appear in this list for your convenience; if they appear as MITs post-initiation, the VPM may still need to complete the Report of Initiation. MITs who have withdrawn from the process must be reported by the Treasurer as soon as their status changes. (Withdrawn MITs may be added back to the next Report of Pledging, if returning, per current fraternity policy.)

#### The Treasurer's View:

**Membership Changes**

VPM and PO Note: To access actions available for an MIT class (resend exam link, enable or grade exams, view the Report of Pledging, create or view the Approval for Initiation), please click the select button to the right of the current MIT class.

Click on the **Membership Type** header to sort the members into groups (Undergraduate/Member-In-Training). If new MITs are not showing up in the list yet, it may mean that the Report of Pledging has not yet been submitted by the VPM. (This action should be completed *immediately* following the Pledging Ceremony.)

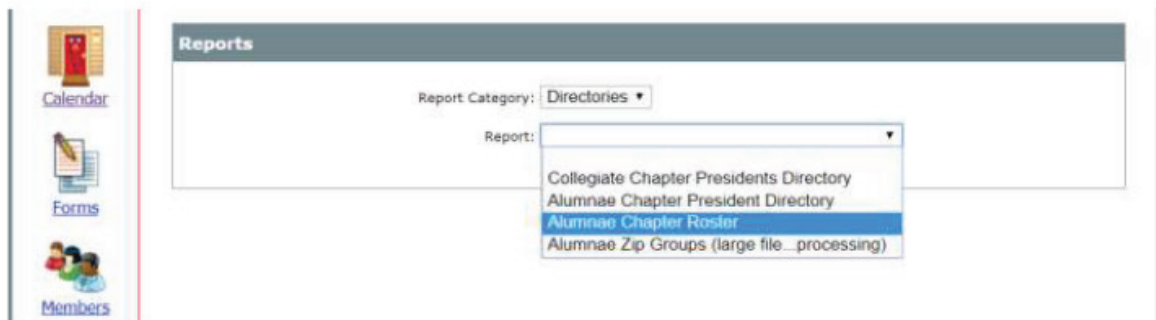

Members who have been reported (by the treasurer) as graduated will disappear from the chapter list immediately; please be sure to make all phone/email/address updates prior to submitting this type of class! Current officers cannot be reported as graduated.

**Collegiate Presidents** and **Treasurers** have access to update member information using the SELECT function near the member's name, and should keep the information accurate with the PERMANENT HOME ADDRESS, phone and email for each member listed.

## Appendix D

**\*\*Alumnae Chapters - members who are active affiliates can be found in the Reports section by selecting Directories in the Report Category dropdown and then selecting the Alumnae Chapter Roster in the Report dropdown. Scroll to the right on that report to see more information including initiation date and last Alumnae Association payment (required annually unless Exempt status has been requested).**

### Report Members-In-Training (Collegiate VP-Membership)

VPMs enter basic information about MITs. Please advise your MITs to carefully verify and correct their personal information by clicking the link that is emailed to them. The address listed should be their PERMANENT home address, not a school address. The email address you enter during this step is critical.

**NOTE: During the self-validation process the MIT will be asked to select their initiation badge type, and will be responsible for remitting the appropriate payment to the chapter treasurer for their selection.**

Click on the Members icon on the left-hand side of the screen.

Click on Report New MITs under Membership Changes headline.

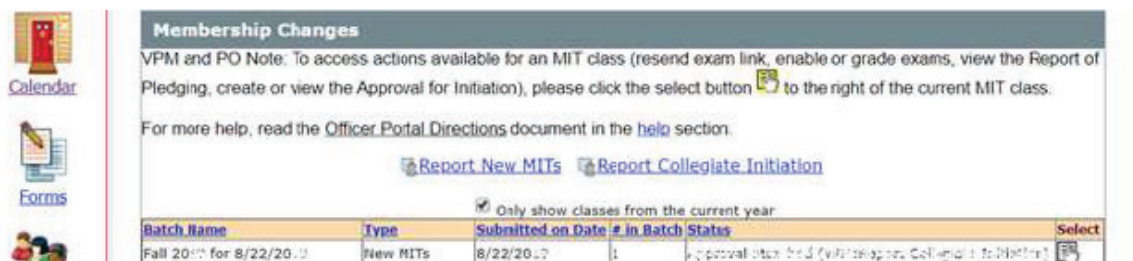

Click the link to Enter a new MIT.

(Previously withdrawn MITs may appear on this page; please select [Include in report](#) if an MIT is re-pledging this semester; do not enter a new record for the MIT .)

Input basic information about the new member: name, permanent home address, phone number, email address, and verify they meet the required GPA. To add another MIT to this class, click on the button “Enter a New MIT”. If you need to edit the MIT information you have entered, use the ‘select’ button on the record of the MIT.

When all of the MITs have been entered, click — Submit this list of ## MITs.

Enter the date of the pledging ceremony (do not attempt to complete this process prior to the ceremony), and the expected initiation date, for this class and submit the Report of Pledging. Open the New MITs class to gain access to the Report of Pledging to print or save. You will *receive an email* that the Report of Pledging has been submitted.

VPM and PO Note: To access actions available for an MIT class (resend exam link, enable or grade exams, view the Report of Pledging, create or view the Approval for Initiation), please click the select button  to the right of the current MIT class.

### Member-In-Training Self-Validation

**\*\*In order for an MIT class to proceed to the National Exam and receive Approval for Initiation, every MIT must self-validate and agree to the SAI Risk Management Compliance Form\*\***

Every MIT will receive an email from Ruth Sieber Johnson, Executive Director. It will contain a link to *verify and correct* their personal membership information. When the MIT clicks on this link in the email, it will take them to a webpage that explains how to proceed.

#### Directions for the MIT:

Click the link in the Welcome to Sigma Alpha Iota email you received.

Click the —Next button at the bottom after you have read through everything.

*Carefully* enter and confirm your personal information, including your permanent home address. Fields with a red arrow next to them are required before continuing.

Click the — Next button at the bottom when you have completed the required information and **badge selection**. (\*\*Remit appropriate initiation fee payment to the chapter treasurer based on your badge selection. ***This selection cannot be modified later;*** proceed with care.)

The next page is the SAI Risk Management Compliance Form.

Read through the agreement. When you have finished, sign the form electronically by first entering your initials where asked, then click the checkbox to confirm that you agree to abide by the SAI Risk Management Compliance Form.

Click —Next when you have agreed.

You may now leave this webpage and await further instruction from the VPM regarding MIT training and the scheduled date for the Membership Exam.

**Save the email** you received; it contains the link which will take you to your exam once it has been enabled by the VPM.

## Appendix D

### Reporting a Withdrawn MIT (Collegiate Treasurer)

If any of your MITs choose, at any time prior to initiation, not to become an SAI and to withdraw from the process, immediately

- Notify your Advisor and Province Officer
- Complete a “Membership Change Class” for the MIT(s) so that the national records can be updated. NH will remove the MIT from the chapter member list and make any necessary adjustments to the chapter statement.

### Membership Examination (Collegiate VP-Membership)

Once the Report of Pledging is completed, National Headquarters will **verify that the chapter has met the requirements for eligibility**, process the MIT class, and send a Manual for Members and SAI Songbook for each MIT to the chapter to be distributed immediately. MIT fees have been billed and are due; please include the chapter statement with the chapter check or money order, or the treasurer may submit payment via the OP.

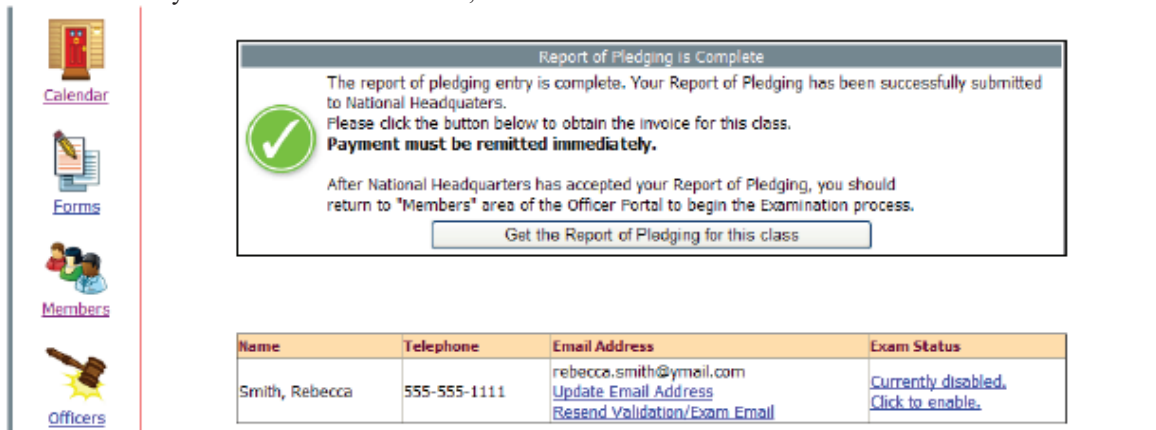

When the Report of Pledging **has been accepted**, the training completed, and the class is ready to take the exam:

- VPM will be able to log in to the OP
- Go to the Members section
- Select the button to the right of the current MIT class  in the Membership Changes section (Fall 2019, for example).

Batch Name	Type	Submitted on Date	# in Batch	Status	Select
Fall 2019 for 11/15/2020	New MITs	12/4/2019	3	MIT class received and acknowledged by NH.	

- Then you will see the MITs listed, similar to this:

**Report of Pledging is Complete**

The report of pledging entry is complete. Your Report of Pledging has been successfully submitted to National Headquarters. Please click the button below to obtain the invoice for this class.  
**Payment must be remitted immediately.**

After National Headquarters has accepted your Report of Pledging, you should return to "Members" area of the Officer Portal to begin the Examination process.

## Appendix D

Only select “Enable Exam” next to each MIT who is with you, has paid their initiation fees in full, and is prepared to take the exam.

**Do NOT enable the exam until the MIT is present and you are prepared to proctor the exam; this action will create an invoice!!**

When every exam for this session is enabled, LOG OUT.

Please DO NOT “REFRESH” THE PAGE.

- ❑ Each MIT must have completed self-validation before the exam can be enabled
- ❑ If an MIT needs to receive the email again, or the MIT email address needs to be changed, please follow the directions above to access those links.

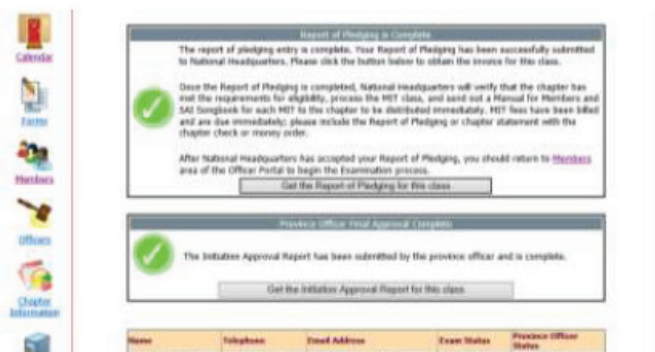

If you see “Report of Pledging pending receipt by NH” you must ***wait until NH has approved and processed the MIT class you have entered.*** *The report of pledging will not be processed, nor MIT supplies shipped, until the chapter has met the eligibility standards by completing all required reports / payments on previous balances.*

Once the exams are enabled, each MIT will use the email they received with their self-validation link to log in and take the National Exam. Periodically, during the exam a message will appear asking if the MIT is still working — they must click this message to confirm that they are still active in the session. At the end of the exam, they must confirm that their exam is complete and those are the answers they wish to submit.

**NOTE: Please do not enable the exam until each MIT is available to take the exam, and DO NOT click the disable exam link unless there has been an urgent issue requiring the MIT to leave prior to taking the exam.**

As the exams are submitted, the Province Officer will have access to grade them. Please communicate with your PO to be certain that they are aware that the exams are available. If there are exams to be retaken, communicate with your PO regarding the material that needs to be studied prior to the retake(s); you will be able to re-enable the exam using the same process as before. The MIT will only need to retake the portions which were not previously marked correct. If the exam has been passed, it will show in the exam status section next to each MIT.

Once all of the exams have been passed, your PO will complete the Approval for Initiation, and access to it will appear below the Report of Pledging.

## Appendix D

When you “Get the Initiation Approval Report for this class”, if your chapter’s date of initiation **does not match** what appears on this form, **contact NH immediately** so that the shipping method required for your initiation materials can be accurately judged.

The Expected Initiation date cannot be modified ANYWHERE within the Officer Portal; the chapter must call or email NH to notify that a modification is needed.

**Any Approval and Fees received 5 business days or less from the reported initiation date will trigger a RUSH shipment and associated charges.**

## Appendix D

### Reporting Initiation (Collegiate VP-Membership)

Once the exams have been passed, your Province Officer has submitted the approval, and the initiation fees have been received at NH, initiation materials will be shipped to the chapter and initiation may be held.

**NOTE: Do NOT initiate any member with someone else's badge.**

**After initiation, remember to log in to the Officer Portal to Report Collegiate Initiation.**

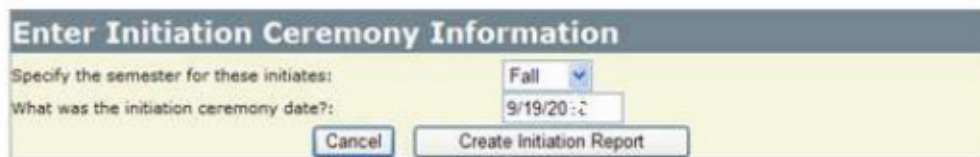

Click on the —Members  icon on the left-hand side of the screen, and then click Report Collegiate Initiation at the top of the Membership Changes section.

The screenshot shows the 'Membership Changes' section of the Officer Portal. On the left is a sidebar with icons for 'Calendar' and 'Forms'. The main area has a header 'Membership Changes' and two links: 'Report New MITs' and 'Report Collegiate Initiation'. A red arrow points to the 'Report Collegiate Initiation' link. Below the links is a checkbox labeled 'Only show classes from the current year' which is checked. A table follows with columns: Batch Name, Type, Submitted on Date, # in Batch, Status, and Select. The table contains two rows: 'Roster Change for 8/25/20...' with Type 'Report Members Graduated' and Status 'Approved Change Class'; and 'Fall 201... for 9/11/' with Type 'New MITs' and Status 'Approval attached (VPM:Report Collegiate Initiation)'. Each row has a 'Select' button with a dropdown arrow.

Batch Name	Type	Submitted on Date	# in Batch	Status	Select
Roster Change for 8/25/20...	Report Members Graduated	8/25/20...	1	Approved Change Class	Select
Fall 201... for 9/11/	New MITs	9/11/20...	1	Approval attached (VPM:Report Collegiate Initiation)	Select

Select either Fall or Spring in reference to the MIT class being reported, and enter the date of initiation. On the next screen confirm the names of each of the MITs who were present and initiated and complete the initiation report.

The screenshot shows the 'Enter Initiation Ceremony Information' form. It has two input fields: 'Specify the semester for these initiates:' with a dropdown menu set to 'Fall', and 'What was the initiation ceremony date?:' with a text box containing '9/19/20...'. At the bottom are two buttons: 'Cancel' and 'Create Initiation Report'.

You will see a screen that says that the report of initiation is complete. No further action is required.

**\*NOTE: This is not an automated process, and will not be reflected immediately. This report must be processed by the NH staff.**

Certificates and Membership cards will be ordered after the Report of Collegiate Initiation is completed, using the names confirmed by each MIT during self-validation and the date reported by the VPM. These materials will be mailed to the chapter address to be distributed by the chapter.

### Reporting Membership Changes (Collegiate Treasurer)

Click on the Members icon on the left-hand side of the screen.

*Make any necessary demographic updates by selecting the member record prior to submitting your report.*

**Every type of membership change is to have its own change class.**

\*Members who appear on the Officers List cannot be removed until they have been taken out of office.

(Treasurer: Graduated Members [\[applies to every situation to remove a collegiate member from the active roster\]](#), Undergrad to Active Graduate Student, and Withdrawn MITs) .

**\*NOTE: This may not be an automated process, and all aspects may not be reflected immediately. This report must be processed by the NH staff.**

Click — Report a Membership Change

Select from the drop-down menu the type of change that you are going to make.

Click — Create this Group

Select the individuals in this change group from the eligible chapter membership listed.

Click — Selection Complete. Next>>

The membership change class has now been submitted to National Headquarters for approval.

Create as many change classes as necessary (there is no need to create a separate class for each member with the same change type).

## Appendix D

### Officers

This displays the current officers, or open positions (which will say **Officer Needed**), for a collegiate or alumnae chapter.

Chapter officers may be updated by the President or Recording Secretary:

Click on the Edit icon next to a name to change or remove a person from that particular office.

Chapter Officers					
Office Title	Member Name	Telephone	Email Address	Select	Edit
President	Person, Test	123-456-7890	nh@sai-national.org		
President	Officer Needed				

There will be 3 actions to choose from, if the position is currently filled:

- ☐ Replace officer with a new officer.
  - Enter the beginning date for the incoming officer.
  - Select a person from the roster list.
- ☐ Remove a person from office, but not assign a new officer yet.
- ☐ Cancel activity. Do not make any changes.

**Do not complete these changes until the officer has completed their annual reports/responsibilities!** Changes made are effective immediately.

If you click on the Select icon next to a name in the Officers section, you will be able to view/edit all of that officer's contact information. It is only possible to edit the email address and phone number of chapter Officers if you are the President or Recording Secretary.

Every officer has the ability to view the contact information for each officer. If you see information that is not correct, please notify the chapter President or email National Headquarters so that it can be updated.

### Chapter Orders (Treasurer)

The chapter treasurer has a new option in the officer portal. A limited list of chapter supplies can now be ordered via this link, and paid for using a check or credit/debit card. Some of the items available are invitations, MIT pins, brochures, and graduation supplies (cords and stoles), as well as the Prospective Patroness Packet.

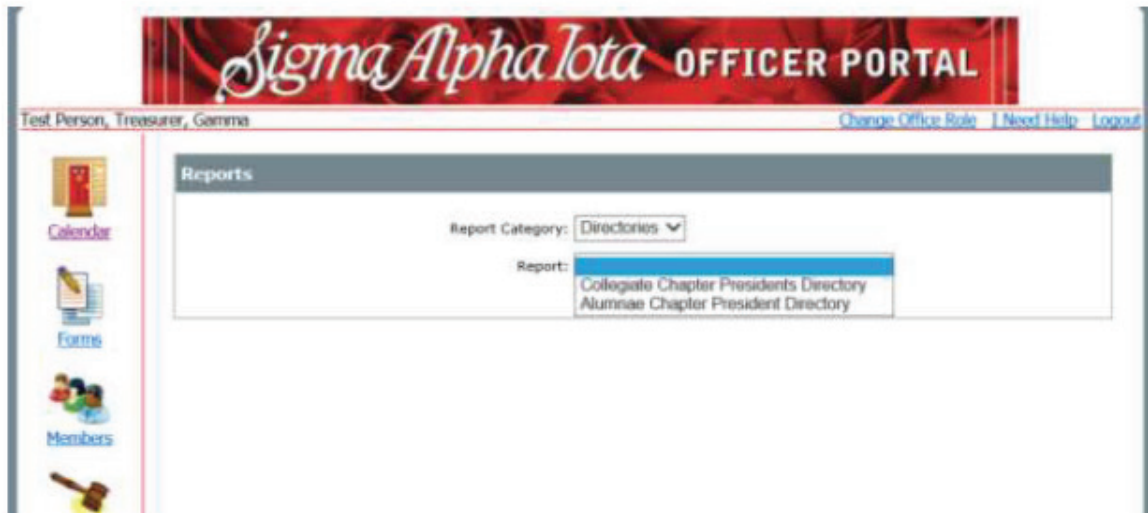

Please utilize this great new function whenever possible.

## Appendix D

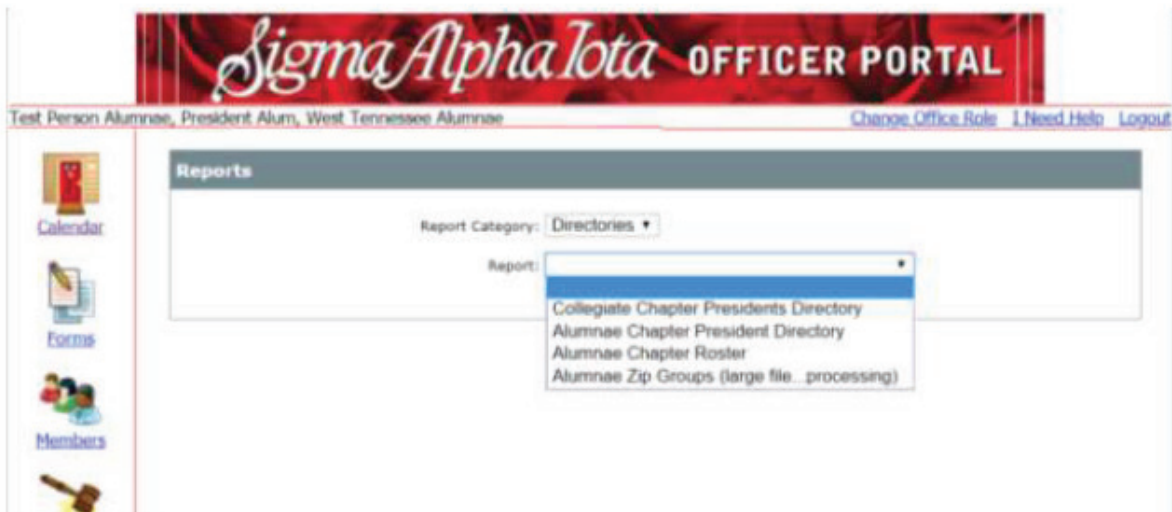

### Reports

Click on the Reports Icon to be presented with options for Report Category, and then you may select from the available reports.

Currently you may find options there for the directory of the Collegiate Chapter Presidents (with the chapter address) and the Alumnae Chapter Presidents (with the address of the chapter president).

An Alumnae Chapter Roster of your active members (including the last payment date, required annually unless Exempt status has been requested), is available to you in this section, if you are an officer of an alumnae chapter.

# Appendix D

## Chapter Information

The Chapter Information dashboard is basically a snapshot of your chapter. Its main purpose is to give officers synopsis of the general information on the chapter, including the chapter tax ID number as well as a link to the chapter website. A link on the address of the chapter will take you directly to a map of where the chapter is located.

The chapter dashboard is also the place where every officer can get a current Chapter Statement at any time. (Award invoices will show AFTER the requested presentation date.) Please check this Statement frequently for your current chapter balance. *The treasurer will also find a payment link here; we accept electronic checks via the OP!*

## Document Library

The document library is a repository for all Sigma Alpha Iota manuals, forms, form examples and other documents. Because the number of documents is so large, only those that pertain to a specific office may be viewable by that officer.

To search the list, Expand All and use your browser search function (usually accessible by keyboard shortcut Ctrl + F if using a PC or Cmd + F on a Mac).
